Create a time line showing events that heightened tensions between the North and the South.

DIFFERENCES BETWEEN NORTH AND SOUTH; SLAVERY IN THE TERRITORIES (Pages 156–158)

How was a temporary slavery compromise reached?

The North and the South had developed into very separate regions. The plantation economy in the South depended on slavery. Northern industry did not need slavery and opposition to slavery grew in the region.

In 1849, California asked to enter the Union as a free state. Southerners were angry because much of California was south of the Missouri Compromise line. Southerners thought that any move to ban

slavery was an attack on their way of life. They threatened **secession**, the decision by a state to leave the Union.

Henry Clay presented the Compromise of 1850. To please the North, it said that California would be admitted as a free state. For the South, it included the Fugitive Slave Act. This law required Northerners to return fugitive, or escaped, slaves to their masters. The Compromise called for **popular sovereignty** in New Mexico and Utah territories.

Congress turned down the Compromise. But Senator Stephen Douglas took up the leadership and managed to get the Compromise passed.
