**Race and Retail** Mia Bay, Ann Fabian, 2015-08-04 Race has long shaped shopping experiences for many Americans Retail exchanges and establishments have made headlines as flashpoints for conflict not only between blacks and whites but also between whites Mexicans Asian Americans and a wide variety of other ethnic groups who have at times found themselves unwelcome at white owned businesses Race and Retail documents the extent to which retail establishments both past and present have often catered to specific ethnic and racial groups Using an interdisciplinary approach the original essays collected here explore selling and buying practices of nonwhite populations around the world and the barriers that shape these habits such as racial discrimination food deserts and gentrification The contributors highlight more contemporary issues by raising questions about how race informs business owners ideas about consumer demand resulting in substandard quality and higher prices for minorities than in predominantly white neighborhoods In a wide ranging exploration of the subject they also address revitalization and gentrification in South Korean and Latino neighborhoods in California Arab and Turkish coffeehouses and hookah lounges in South Paterson New Jersey and tourist capoeira consumption in Brazil Race and Retail illuminates the complex play of forces at work in racialized retail markets and the everyday impact of those forces on minority consumers The essays demonstrate how past practice remains in force in subtle and not so subtle ways

[An Army Afire](#) Beth Bailey, 2023-03-15 By the late 1960s what had been widely heralded as the best qualified best trained army in US history was descending into crisis as the Vietnam War raged without end Morale was tanking AWOL rates were rising And in August 1968 a group of Black soldiers seized control of the infamous Long Binh Jail burned buildings and beat a white inmate to death with a shovel The days of same mud same blood were over and a new generation of Black GIs had decisively rejected the slights and institutional racism their forefathers had endured As Black and white soldiers fought in barracks and bars with violence spilling into surrounding towns within the US and in West Germany Vietnam South Korea and Japan army leaders grew convinced that the growing racial crisis undermined the army s ability to defend the nation Acclaimed military historian Beth Bailey shows how the US Army tried to solve that racial crisis in army terms the problem of race Army leaders were surprisingly creative in confronting demands for racial justice even willing to challenge fundamental army principles of discipline order hierarchy and authority Bailey traces a frustrating yet fascinating story as a massive conservative institution came to terms with demands for change
