Haitian Revolutionary Studies Blacks In The Diaspora:

Haitian Revolutionary Studies David Patrick Geggus, 2002-08-12 The Haitian Revolution of 1789-1803 transformed the Caribbean's wealthiest colony into the first independent state in Latin America encompassed the largest slave uprising in the Americas and inflicted a humiliating defeat on three colonial powers. In *Haitian Revolutionary Studies* David Patrick Geggus sheds new light on this tremendous upheaval by marshaling an unprecedented range of evidence drawn from archival research in six countries. Geggus's fine-grained essays explore central issues and little-studied aspects of the conflict including new historiography and sources: the origins of the black rebellion and relations between slaves and free people of color. The contributions of vodou and marronage to the slave uprising, Toussaint Louverture and the abolition question, the policies of the major powers toward the revolution and its interaction with the early French Revolution are also addressed. Questions about ethnicity, identity, and historical knowledge inform this essential study of a complex revolution. *Haitian*

A History of Architecture and Urbanism in the Americas Clare Cardinal-Pett, 2015-11-19 A History of Architecture and Urbanism in the Americas is the first comprehensive survey to narrate the urbanization of the Western Hemisphere from the Arctic Circle to Antarctica, making it a vital resource to help you understand the built environment in this part of the world. The book combines the latest scholarship about the indigenous past with an environmental history approach covering issues of climate, geology, and biology so that you'll see the relationship between urban and rural in a new, more inclusive way. Author Clare Cardinal-Pett tells the story chronologically from the earliest known human migrations into the Americas to the 1930s to reveal information and insights that weave across time and place so that you can develop a complex and nuanced understanding of human-made landscape forms, patterns of urbanization, and associated building typologies. Each chapter addresses developments throughout the hemisphere and includes information from various disciplines, original artwork, and historical photographs of everyday life, which along with numerous maps, diagrams, and

Toussaint Louverture leader of the only successful slave revolt in world history Toussaint Louverture's life was one of hardship triumph and contradiction Born into bondage in Saint Domingue present day Haiti the richest colony in the Western Hemisphere he witnessed first hand the torture of the enslaved population Yet he managed to secure his freedom and establish himself as a small scale planter He even purchased slaves of his own In Toussaint Louverture Philippe Girard reveals the dramatic story of how Louverture transformed himself from lowly freedman to revolutionary hero In 1791 the unassuming Louverture masterminded the only successful slave revolt in history By 1801 he was general and governor of Saint Domingue and an international statesman who forged treaties with Britain France Spain and the United States empires that feared the effect his example would have on their slave regimes Louverture's ascendancy was short lived however In 1802 he was exiled to France dying soon after as one of the most famous men in the world variously feared and celebrated as the Black Napoleon As Girard shows in life Louverture was not an idealist but an ambitious pragmatist He strove not only for abolition and independence but to build Saint Domingue's economic might and elevate his own social standing He helped free Saint Domingue's slaves yet immediately restricted their rights in the interests of protecting the island's sugar production He ward off French invasions but embraced the cultural model of the French gentility In death Louverture quickly passed into legend his memory inspiring abolitionist black nationalist and anti colonialist movements well into the 20th century Deeply researched and bracingly original Toussaint Louverture is the definitive biography of one of the most influential people of his era or any other

The Memoir of Toussaint Louverture Philippe R. Girard, 2014-01-31 Here is an annotated scholarly multilingual edition of the only lengthy text personally written by Haitian revolutionary Toussaint Louverture the memoirs he wrote shortly before his death in the French prison of Fort de Joux The translation is based on an original copy in Louverture's hand never before published Historian Philippe Girard begins with an introductory essay that retraces Louverture's career as a slave rebel and governor Girard provides a detailed narrative of the last year of Louverture's life and analyzes the significance of the memoirs and letters from a historical and linguistic perspective The book includes a full transcript in the original French of Louverture's handwritten memoirs The English translation appears side by side with the original The memoirs contain idiosyncrasies and stylistic variations of interest to linguists Scholarly interest in the Haitian Revolution and the life of Toussaint Louverture has increased over the past decade Louverture is arguably the most notable man of African descent in history and the Haitian Revolution was the most radical of the three great revolutions of its time Haiti's proud revolutionary past and its more recent upheavals indicate that interest in Haiti's history goes far beyond academia many regard Louverture as a personal hero Despite this interest there is a lack of accessible primary sources on Toussaint Louverture An edited translation of Louverture's memoirs makes his writings accessible to a larger public Louverture's memoirs provide a vivid alternative perspective to anonymous plantation records quantitative analyses of slave trading ventures or slave narratives mediated by white authors Louverture kept a stoic facade and rarely expressed his

innermost thoughts and fears in writing but his memoirs are unusually emotional Louverture questioned whether he was targeted due to the color of his skin bringing racism an issue that Louverture rarely addressed head on with his white interlocutors to the fore *The World of the Haitian Revolution* David Patrick Geggus, Norman Fiering, 2009-01-21 These essays deepen our understanding of Haiti during the period from 1791 to 1815 They consider the colony's history and material culture as well as it free people of colour and the events leading up to the revolution and its violent unfolding **A Turbulent Time** David Barry Gaspar, David Patrick Geggus, 1997 To help understand the cultural history and implicitly the context of current events of the former European colonial Caribbean nations such as Cuba and Haiti nee the French colony of Saint Domingue and that of the Plantation America Caribbean oriented states of Louisiana and Florida Gaspar Duke U Geggus U of Florida and six other contributors analyze the institution of slavery in this tropical zone and its late 18th early 19th century vanquishing Indigenous military and legislative self liberation and striving toward racial equality fomented by the liberating attitudes of the French Revolution in turn further impacted regional integration Annotation copyrighted by Book News Inc Portland OR **The Oxford Handbook of Latin American History** Jose C.
