Haiti's New Dictatorship The Coup The Earthquake And The UN Occupation:

Haiti's New Dictatorship Justin Podur, 2012 From coups to earthquakes this is a history of a country denied its own freedom

Haiti's New Dictatorship Justin Podur, 2012-10-05 In 1804 Haiti became the world's first independent black Republic following a slave revolution 200 years later ravaged by colonialism and violence it was placed under UN military occupation Haiti's New Dictatorship charts the country's recent history from the 2004 coup against President Aristide to the devastating 2010 earthquake revealing a shocking story of abuse and indifference by international forces Justin Podur unmasks the grim reality of a supposedly benign international occupation arguing that the denial of sovereignty is the fundamental cause of Haiti's problems

Disasters in World History Benjamin Reilly, 2024-08-27 Disasters in World History surveys the development of disaster studies as a discipline as well as presenting historical case studies and theories used by historians to understand disasters Disasters here defined as the complex interaction between natural hazards and specific human vulnerabilities have frequently left a mark on human history Cataclysms have toppled dynasties fueled massacres and shaped the culture of societies frequently affected by natural hazards This volume fosters understanding of such events by considering both social science theory and the natural science concepts relevant to disaster studies In addition the text makes heavy use of an emerging psychological theory relevant to disaster studies the behavioral immune system which helps to explain why xenophobic behavior and even violence often erupt in the aftermath of disasters Chapters consider specific examples of disasters earthquakes tsunamis volcanic eruptions climate change including modern anthropogenic climate change or global warming and tropical cyclones This book is an accessible resource ideal for undergraduates and instructors in world history environmental history and disaster studies courses

Global Capitalism and the Crisis of Humanity William I. Robinson, 2014-07-28 This book discusses the nature of the new global capitalism the rise of a globalized production and financial system a transnational capitalist class and a transnational state and warns of the rise of a global police state to contain the explosive contradictions of a global capitalist system that is crisis ridden and out of control

Good Intentions Maximilian Forte, 2014-08 How do good intentions pave the road for empire Whether it is iatrogenic violence voluntourism the misappropriation of gay rights or NGOs serving as the Trojan Horses of US dominance and neoliberal social reengineering contributors to this volume expose and analyze the many ways in which the new imperialism involves partitioning the world into tutors and wards saviours and victims Underlying the seduction of imperial elite lore are established modes of socialization and enculturation ranging from the elaborate and persistent demonization of chief opponents of US empire to the lionization of military actors commonly rendered as heroes Also scrutinized in this volume are the domestic social and political costs reaching as far as the displacement of urban populations to make way for the expansion of the informatic industries of empire paving the way for the unprecedented dominance of corporations in our daily lives

The Cost of Globalization Julian E. Kunnie, 2015-04-23 The issues arising from rapid global integration have generally been treated in isolation by most academic works This volume examines the many pitfalls of globalization from the

perspective of impoverished and indigenous peoples including the widening wealth gap the struggle for restoration of dispossessed lands and cultural rights global warming and ecological annihilation and the experiences of women in underdeveloped regions The United States growing prison industrial complex is discussed The author concludes with a call for reassessing current ways of living and proposes recreating cultures of conservation and sustainable economies

Greg Beckett,2020-11-10 This is not just another book about crisis in Haiti This book is about what it feels like to live and die with a crisis that never seems to end It is about the experience of living amid the ruins of ecological devastation economic collapse political upheaval violence and humanitarian disaster It is about how catastrophic events and political and economic forces shape the most intimate aspects of everyday life In this gripping account anthropologist Greg Beckett offers a stunning ethnographic portrait of ordinary people struggling to survive in Port au Prince in the twenty first century Drawing on over a decade of research *There Is No More Haiti* builds on stories of death and rebirth to powerfully reframe the narrative of a country in crisis It is essential reading for anyone interested in Haiti today *The Betrayal* Dr. Jacques-Raphaël

Georges,2016-06-30 There is a thought that has been attributed to the Haitian Molière or Alcibiade All countries are developing while Haiti is enveloping When one reads the following 1903 letter written by the nationalist physician Dr Rosalvo Bobo it could be easy to swear it was just written a minute ago It is hard to believe since its independence was officially declared on January 1 1804 that not much has changed in Haiti Indeed not much has changed The following letter is a vibrant testimony to our societal stagnation and to our national degradation both of which are symptomatic of the sum of our individual failures as citizens Nations do not fail Their citizens fail them Personal successes are irrelevant to concerned citizens Haiti has sadly become a country without elites Most alas have become pitiful racketeers *In Statu Nascendi* Piotr

Miami Tatiana D. McInnis,2022-12-13 How portrayals of anti Blackness in literature and film challenge myths about South

Florida history and culture In this book Tatiana McInnis examines literary and cultural representations of Miami alongside the city's material realities to challenge the image of South Florida as a diverse cosmopolitan paradise McInnis discusses how this favorable melting pot narrative depends on the obfuscation of racialized violence against people of African descent Analyzing novels short stories and memoirs by Edwidge Danticat M J Fievre Carlos Moore Carlos Eire Patricia Stephens Due and Tananarive Due as well as films such as Dawg Fight and Moonlight McInnis demonstrates how these creations push back against erasure by representing the experiences of Black Americans and immigrants from Caribbean nations McInnis considers portrayals of state sanctioned oppression residential segregation violent detention of emigres and increasing wealth gaps and concludes that celebrations of Miami's diversity disguise the pervasive adaptive nature of white supremacy and anti Blackness To Tell a Black Story of Miami offers a model of how to use literature as a primary archive in urban studies It draws attention to the similarities and divergences between Miami's Black diasporic communities a historically underrepresented demographic in popular and scholarly awareness of the city Increasing understanding of Miami's political social and economic inequities this book brings greater nuance to traditional narratives of exceptionalism in cities and regions Publication of this work made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

Joining Empire Jerome Klassen, 2014-01-01 A fresh assessment of the neoliberal political economy behind Canadian foreign policy from Afghanistan to Haiti Joining Empire establishes Jerome Klassen as one of the most astute analysts of contemporary Canadian foreign policy and its relationship to US global power Using empirical data on production trade investment profits and foreign ownership in Canada as well as a new analysis of the overlap among the boards of directors of the top 250 firms in Canada and the top 500 firms worldwide Klassen argues that it is the increasing integration of Canadian businesses into the global economy that drives Canada's new increasingly aggressive foreign policy Using government documents think tank studies media reports and interviews with business leaders from across Canada Klassen outlines recent systematic changes in Canadian diplomatic and military policy and connects them with the rise of a new transnational capitalist class Joining Empire is sure to become a classic of Canadian political economy

Global Citizenship Education Eva Aboagye, S. Nombuso Dlamini, 2021-03-01 The idea of citizenship and conceptions of what it means to be a good citizen have evolved over time On the one hand good citizenship entails the ability to live with others in diverse societies and to promote a common set of values of acceptance human rights and democracy On the other hand in order to compete in the global economy nations require a more innovative autonomous and reflective workforce meaning good citizens are also those who successfully participate in the economic development of themselves and their country These

competing conceptions of good citizenship can result in people's participation in activities such as profit driven labor exploitation that contradict human rights and democratic tenants. Thus global citizenship education is fundamental to teaching learning and redressing sociopolitical economic and environmental exploitation around the world. Detailing the historical development of this field of study to achieve recognition, *Global Citizenship Education: Challenges and Successes* provides a critical discourse on global citizenship education. GCE Authors in this collection discuss the underpinnings of global citizenship education via contemporary theories and methodologies as well as specific case studies that illustrate the application of GCE initiatives. Editors Eva Aboagye and S Nombuso Dlamini aim to motivate learners and educators in post secondary institutions not only to understand the issues of social and economic inequality and political and civil unrest facing us but also to take action that will lead to equitable change in both local and global spaces.

Police Abuse in Contemporary Democracies Michelle D. Bonner,Guillermina Seri,Mary Rose Kubal,Michael Kempa,2018-03-28 This volume offers a much needed analysis of police abuse and its implications for our understanding of democracy. Sometimes referred to as police violence or police repression, police abuse occurs in all democracies. It is not an exception or a stage of democratization. It is this volume argues a structural and conceptual dimension of extant democracies. The book draws our attention to how including the study of policing into our analyses strengthens our understanding of democracy including the persistence of hybrid democracy and the decline of democracy. To this end the book examines three key dimensions of democracy: citizenship, accountability and socioeconomic inequality. Drawing from political theory, comparative politics and political economy, the book explores cases from France, the US, India, Argentina, Chile, South Africa, Brazil and Canada and reveals how integrating police abuse can contribute to a more robust study of democracy and government in general.

Canada In The World Tyler A. Shipley,2020-07-25T00:00:00Z An accessible and empirically rich introduction to Canada's engagements in the world since confederation, this book charts a unique path by locating Canada's colonial foundations at the heart of the analysis. *Canada in the World* begins by arguing that the colonial relations with Indigenous peoples represent the first example of foreign policy and demonstrates how these relations became a foundational and existential element of the new state. Colonialism, the project to establish settler capitalism in North America and the ideological assumption that Europeans were more advanced and thus deserved to conquer the Indigenous people, says Shipley, lives at the very heart of Canada. Through a close examination of Canadian foreign policy from crushing an Indigenous rebellion in El Salvador, peacekeeping missions in the Congo and Somalia and Cold War interventions in Vietnam and Indonesia to Canadian participation in the War on Terror, *Canada in the World* finds that this colonial heart has dictated Canada's actions in the world since the beginning. Highlighting the continuities across more than 150 years of history, Shipley demonstrates that Canadian policy and behaviour in the world is deep rooted and argues that changing this requires rethinking the fundamental nature of Canada itself.

Security Aid Jeffrey Monaghan,2017-05-08 Canada is actively involved through various agencies in the domestic

affairs of countries in the Global South Over time these practices rationalized as a form of humanitarian assistance have become increasingly focused on enhancing regimes of surveillance policing prisons border control and security governance Drawing on an array of previously classified materials and interviews with security experts Security Aid presents a critical analysis of the securitization of humanitarian aid Jeffrey Monaghan demonstrates that while Canadian humanitarian assistance may be framed around altruistic ideals these ideals are subordinate to two overlapping objectives the advancement of Canada s strategic interests and the development of security states in the underdeveloped world Through case studies of the major aid programs in Haiti Libya and Southeast Asia Security Aid provides a comprehensive analysis and reinterpretation of Canada s foreign policy agenda and its role in global affairs **Mediocracy** Alain Deneault, 2018-05-15

There was no Reichstag fire No storming of the Bastille No mutiny on the Aurora Instead the mediocre have seized power without firing a single shot They rose to power on the tide of an economy where workers produce assembly line meals without knowing how to cook at home give customers instructions over the phone that they themselves don t understand or sell books and newspapers that they never read Canadian intellectual juggernaut Alain Deneault has taken on all kinds of evildoers mining companies tax dodgers and corporate criminals Now he takes on the most menacing threat of all the mediocre
