Women in Middle Eastern History Nikki R. Keddie, Beth Baron, 2008-10-01 This history of Middle Eastern women is the first to survey gender relations in the Middle East from the earliest Islamic period to the present Outstanding scholars analyze a rich array of sources ranging from histories biographical dictionaries law books prescriptive treatises and archival records to the Traditions hadith of the Prophet and imaginative works like the Thousand and One Nights to modern writings by Middle Eastern women and by Western writers They show that gender boundaries in the Middle East have been neither fixed nor immutable changes in family patterns religious rituals socio economic necessity myth and ideology and not least women s attitudes have expanded or circumscribed women s roles and behavior through the ages

Dhow Cultures of the Indian Ocean Abdul Sheriff, 2024-05-30 The wooden dhow with its characteristic lateen sail is an appropriate icon for the early trading world of the Indian Ocean It was based on free trade unhindered by monopolies or superpower domination and pre dated globalisation by thousands of years It carried a motley crew of sailors traders and passengers and many commodities but the dhow was not merely an inanimate transporter of goods and people but an animated means of social interaction The dhow was at the mercy of the seasonal monsoons but mercifully this very fact multiplied opportunities for social interaction between the sailors and traders with their hosts around the rim of the Indian Ocean giving birth to cosmopolitan populations and cultures The dhow was thus a vehicle for a genuine dialog between civilisations The global world of the Indian Ocean had matured by the fifteenth century Islam was the most widespread religion along its rim but it had spread not by the sword but through peaceful commerce The heroes of this world were not the continental empires but a string of small port city states from Kilwa in East Africa to Melaka in Malaysia Nor was their influence confined to the littoral but penetrated deep into continental hinterlands economically socially and culturally Into this world two major incursions occurred from opposite directions the Chinese expeditions in the early fifteenth century and the Portuguese at the end of it The contrast could not have been more stark between the Indian Ocean tradition of free trade that the Chinese espoused despite their enormous strength and the Vasco da Gama epoch of armed mercantilism that ultimately led to colonial domination This sweeping and vividly written popular history of the dhow cultures contains dozens of color illustrations and many maps and is set to become the benchmark history of the early Indian Ocean

response of the early Christian community to the challenges of ancient Jewish and Hellenic mysticism focusing on the central idea of union with God in Christ Far from finding this to be a leftover from the early Church he discovers that this theme remained crucial into the Reformation particularly in the writing and work of eighteenth century figures John and Charles Wesley Join Friedman as he explores resources for discipleship and community building that will be relevant to both scholars and practitioners alike and will be effective for witness within modern contexts of Islamic mysticism worldwide

Forbidding Wrong in Islam Michael Cook,2003-06-16 Michael Cook's magisterial study in Islamic ethics *Commanding Right and Forbidding Wrong in Islamic Thought* was published to much acclaim in 2001 It was described by one reviewer as a masterpiece In that book the author reflected on the Islamic injunction incumbent on every Muslim to forbid wrongdoing The present book is a short accessible survey of the same material Using anecdotes and stories from Islamic sources to illustrate the argument Cook unravels the complexities of the subject Moving backwards and forwards through time he demonstrates how the past informs the present By the end the reader will be familiar with a colourful array of characters from Islamic history ranging from the celebrated thinker Ghazzali to the caliph Harun al Rashid to the Ayatollah Khomeini The book educates and entertains at its heart however is an important message about the Islamic tradition its values and the relevance of those values today *The Hajj* Eric Tagliacozzo,Shawkat M. widening gap between specialists within the religious tourism management and education sectors **The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition** Aun Hasan Ali, 2023-06-15 Against the background of long standing narratives in which Twelver Shi'ism is viewed as fundamentally authoritarian The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition builds upon recent scholarship in the fields of Religious Studies Anthropology and History to argue that Twelver Shi'ism is better understood as a discursive tradition At a conceptual level this solves the basic problem of how to integrate the extraordinary diversity of Twelver Shi'ism across time and space into a single historical category without engaging in a normative assessment of its underlying essence Furthermore in light of this conception of tradition the School of Hillah stands out as a seminal period in the archive of Twelver Shi'ism though it has seldom been recognized as such in European language scholarship Insofar as it gave birth to a conversation that would prove capable of encompassing the dynamism of Twelver Shi'ism the School of Hillah should be considered the formative period of Twelver Shi'i tradition Moreover when the tradition is conceptualized in this manner it is a bulwark against the very authoritarianism by which Twelver Shi'ism has been characterized for so long **ISLAM THE ABSOLUTE TRUTH** Jameel Kermalli, 2008 This book is a scientific work relating to the Concept of Energy in The Universe its Intelligence and how Islamic beliefs and practices accord totally with known scientific and modern discoveries Mass Religious Ritual and Intergroup Tolerance Mikhail A. Alexseev, Sufian N. Zhemukhov, 2017-07-14 Under what conditions does in group pride facilitate out group tolerance What are the causal linkages between intergroup tolerance and socialization in religious rituals This book examines how Muslims from Russia's North Caucasus returned from the Hajj pilgrimage to Mecca both more devout as Muslims and more tolerant of out groups Drawing on prominent theories of identity and social capital the authors resolve seeming contradictions between the two literatures by showing the effects of religious rituals that highlight within group diversity at the same time that they affirm the group's common identity This theory is then applied to explain why social integration of Muslim immigrants has been more successful in the USA than in Europe and how the largest Hispanic association in the US defied the clash of civilizations theory by promoting immigrants integration into America's social mainstream The book offers insights into Islam's role in society and politics and the interrelationships between religious faith immigration and ethnic identity and tolerance that will be relevant to both scholars and practitioners *Dirāsāt Kānū*, 1978 *Tafsir Ishraq Al-Ma'an* SYED IQBAL ZAHEER, 2008-06-03 About The Book With the revival of interest in Islam in our times the Qur'an is also being read increasingly especially by the intellectuals Muslims and non Muslims alike However and although its message and central theme have been stated in unambiguous terms its translation fails to impart the same meaning with the same effect Additionally the Qur'an deals with every subject of human concern and gives guidelines for application to life and society This increases its scope widely and requires on the part of the reader's knowledge of various disciplines for proper appreciation of its message It is specially important to know how the Qur'an was understood by those who received it first

Prophet Muhammad SAW on whom be Allah s peace and his immediate followers Second in order of interest and importance would be to know how the scholars of Islam have understood it in every age *Commanding Right and Forbidding Wrong in Islamic Thought* Michael Cook,2001-01-25 What kind of duty do we have to try to stop other people doing wrong The question is intelligible in just about any culture but few of them seek to answer it in a rigourous fashion The most striking exception is found in the Islamic tradition where commanding right and forbidding wrong is a central moral tenet already mentioned in the Koran As an historian of Islam whose research has ranged widely over space and time Michael Cook is well placed to interpret this complex subject His book represents the first sustained attempt to map the history of Islamic reflection on this obligation It covers the origins of Muslim thinking about forbidding wrong the relevant doctrinal developments over the centuries and its significance in Sunni and Shi ite thought today In this way the book contributes to the understanding of Islamic thought its relevance to contemporary Islamic politics and ideology and raises fundamental questions for the comparative study of ethics **Food and Foodways of Medieval Cairenes** Paulina Lewicka,2011-08-25 This monograph is a pioneering study and reconstruction of the food cultures and menu of medieval Cairenes and their daily practices customs and habits in relation to food and eating through the analysis of a large corpus of historical texts in Arabic Paulina B Lewicka explains what why and how the inhabitants of medieval Cairo ate and how food shaped their everyday lives against the background of several relevant social political and economic factors and circumstances
