**Identities in Action** Philip S. Brenner, Jan E. Stets, Richard T. Serpe, 2021-07-21 This volume presents recent developments in identity theory and research Identities are the basic building blocks of society and hold a central place in every social science discipline Identity theory provides a systematic conceptualization of identities and their relationship to behavior The research in this volume demonstrates the usefulness of this theory for understanding identities in action in a variety of areas and settings The volume is organized into three general areas ethnicity and race family religion and work and networks homophily and the physical environment This comprehensive and authoritative volume is of interest to a wide readership in the social and behavioral sciences including students and researchers of sociology social psychology psychology and other social science disciplines

**Identity and Symbolic Interaction** Richard T. Serpe, Robin Stryker, Brian Powell, 2020-04-22 This book examines identity theory's centrality within social psychology and its foundations within structural symbolic interaction highlighting its links not only to other prominent sociological subfields but also to other theoretical perspectives within and beyond sociology The book provides a synthetic overview outlining the intellectual lineage of identity theory within structural symbolic interactionism and how the Indiana School of identity theory and research associated especially with Sheldon Stryker relates to other symbolic interactionist traditions within sociology It also analyses the latest developments in response to the push to integrate identity theory which initially focused on role identities with the study of personal group and social identities

Further it discusses the relationship between identity theory and affect control theory providing a sense of the many substantive topics within sociology beyond social psychology for which the study of identity has important sometimes underappreciated implications The book concludes with a chapter summarizing the interrelated lessons learned while also reflecting on remaining key questions and challenges for the future development of identity theory

Cultural Constructions of Identity Luis Urrieta, George W. Noblit, 2018 Cultural Constructions of Identity initiates the effort to allow for qualitative and ethnographic studies to speak to identity theory collectively Further while the studies synthesized in this book look at various intersections of race and ethnicity with respect to gender age class and sexuality Urrieta and Noblit implore readers to consider what these studies reveal about identity and identification theory itself

Identity Around the World Seth J. Schwartz, 2012-12-12 Examine the structure and context of identity development in a number of different countries Belgium the Netherlands Germany Sweden Italy China and Japan While some identity development proceeds in much the same way across national contexts this issue suggests that there are important nuances in the ways in which identity unfolds in each country Macrocultural forces such as permissiveness in Sweden collective guilt in Germany and filial piety in China direct the identity development process in important ways Expectations regarding obligations and ties to family also direct the identity development process differently in many of the countries included in this volume such as extended co residence with parents in Italy lifelong obligations to follow parents wishes in China and democratic independence in Sweden The various countries are compared and contrasted against the United States where much of the early identity research was conducted The volume also reviews specific identity challenges facing immigrant and ethnic minority individuals in countries that receive large numbers of immigrants Germany Sweden Belgium the Netherlands and Italy and suggests many future directions for identity research in various parts of the world This is the 138th volume in this series Its mission is to provide scientific and scholarly presentations on cutting edge issues and concepts in child and adolescent development Each volume focuses on a specific new direction or research topic and is edited by experts on that topic

**Identity Interconnections** Aerial A. Ashlee, Lisa Delacruz Combs, 2023-07-03 Co published with This book advocates an approach the authors call Identity Interconnections as a way of moving considerations of identity differences and commonalities from theory to socially just action in student affairs practice Through pursuing complex commonalities expansive enough to hold both similarities and differences student affairs educators can ethically consider identity interconnections in such a way that does not diminish difference but instead recognizes points of difference as opportunities for social justice action By pursuing radical interconnectivity student affairs educators can advance an interdependent understanding of inherited systems of power recognizing the ways in which all systems and thus all oppression and all liberation are interconnected This interconnected insight can enable student affairs educators to extend beyond binary and oppositional thinking and in turn give rise to the formation of new coalitions Finally by listening with raw openness allowing

themselves and encouraging their students to be changed by others experiences student affairs educators can facilitate identity development and social justice action as interrelated endeavors The editors have heard comments like This is all great in theory but how can student affairs practitioners actually apply this This book answers that question by providing a theoretical framework and multiple practical examples for employing identity interconnections as expansive approaches to identity development and social justice action in student affairs
