Handbook Of Dutch Church History

LL Leslie

Handbook Of Dutch Church History:

Handbook of Dutch Church History Herman J. Selderhuis, 2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration Theses texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments *A Manual of the Reformed Protestant Dutch Church in North America (1859)* Edward Tanjore Corwin, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **Synopsis Purioris Theologiae / Synopsis of a Purer Theology** Harm Goris, Riemer Faber, Andreas Beck, William den Boer, 2020-07-20 This bilingual edition of the Synopsis Purioris Theologiae 1625 provides English readers access to an influential textbook of Reformed Orthodoxy Composed by four professors at the University of Leiden Johannes Polyander Andreas Rivetus Antonius Walaeus and Anthonius Thysius it offers a presentation of Reformed theology as it was conceived in the first decades of the seventeenth century From a decidedly Reformed perspective the Christian doctrine is defined in contrast with alternative or diverging views such as those of Roman Catholics Arminians and Socinians The Synopsis responds to challenges coming from the immediate theological social and philosophical contexts The disputations in this the third volume cover such topics as the sacraments church discipline the role of civil authorities and eschatology This volume also presents a thorough historical and theological introduction to the whole of the Synopsis Orthodox yet Modern Cory C. Brock, 2020-07-22 Herman Bavinck showed that orthodox theology continues to speak authoritatively today Since the English translation from Dutch of Herman Bavinck s magisterial 4 volume Reformed Dogmatics there has been a blossoming interest in Bavinck s theology Readers have been drawn to Bavinck for his faithfulness to the Reformed tradition while also engaging the questions of 19th century Europe Far

from simply revisiting the older dogmatic systems Bavinck faithfully engages modern trends like historical criticism the epistemological problems raised by Kant the rationalism of the philosophes and the radical changes ushered in through the French and European revolutions The question then is was Bavinck orthodox modern or both In Orthodox yet Modern Cory C Brock argues that Bavinck acts as a bridge between orthodox and modern views insofar as he subsumes the philosophical theological questions and concepts of theological modernity under the conditions of his orthodox confessional tradition By exploring the relation between Bavinck and Schleiermacher Orthodox yet Modern presents Herman Bavinck as a theologian eager to engage the contemporary world rooted in the catholic and Reformed tradition absorbing the best of modernity while rejecting its excesses Bavinck represents a theologian who is at once orthodox yet modern A Concise History of the Netherlands James C. Kennedy, 2017-07-13 This book offers a comprehensive yet compact history of this surprisingly little known but fascinating country from pre history to the present **Theology and History in the Methodology of Herman Bavinck**

Cameron Clausing, 2023-09-08 In the nineteenth century history was becoming a science while at the same time theology was vying for a place among the sciences and in the university In the midst of these developments theologians were grappling with how theology and history could relate This book examines one such important Dutch theologian Herman Bavinck and explores the intersection between theology and history in his methodology by considering Bavinck's intellectual and historical context and then seeing how that context influenced his understanding of revelation confession and Christian consciousness **History and Characteristics of the Reformed Protestant Dutch Church** David D. Demarest, 1856

The Oxford Handbook of Reformed Theology Michael Allen, Scott R. Swain, 2020-10-30 The Oxford Handbook of Reformed Theology looks back to past resources that have informed Reformed theology and surveys present conversations among those engaged in Reformed theology today First the volume offers accounts of the major historical contexts of reformed theology the various relationships ancient and modern which it maintains and from which it derives Recent research has shown the intricate ties between the patristic and medieval heritage of the church and the work of the reformed movement in the sixteenth century The past century has also witnessed an explosion of reformed theology outside the Western world prompting a need for attention not only to these global voices but also to the unique and contingent history of reformed theology in the West hence reflecting on its relationship to intellectual developments like scholastic method or the critical approaches of modern biblical studies Second the volume assesses some of the classic representative texts of the reformed tradition observing also their reception history The reformed movement is not dominated by a single figure but it does contain a host of paradigmatic texts that demonstrate the range and vitality of reformed thought on politics piety biblical commentary dogmatic reflection and social engagement Third the volume turns to key doctrines and topics that continue to receive attention by reformed theologians today Contributors who are themselves making cutting edge contributions to constructive theology today reflect on the state of the question and offer their own proposals regarding a host of doctrinal

topics and themes The Oxford Handbook of the Latin Bible H. A. G. Houghton, 2023 The Oxford Handbook of the Latin Bible contains thirty one chapters covering the history of the Latin Bible from its earliest translations the Vetus Latina the revisions leading to the Vulgate the achievements and innovations of the Carolingian period and Middle Ages the development of modern scholarship and the twentieth century innovation of the Nova Vulgata It includes discussions of key figures and interpreters the most important manuscripts and the significance of the Latin Bible in multiple fields *A Free Church in a Free State* Surya Harefa, 2023-06-30 How does Christ call his people to engage the societies cultures and politics of the nations they call home From prioritizing patriotism over faith to withdrawing from the public sphere entirely the struggle to navigate the intersection of an earthly and heavenly kingdom remains an ongoing challenge for Christians around the world Bridging cultures and time periods Dr Surya Harefa brings Abraham s Kuyper s ecclesiology to bear on questions of Japanese Christian engagement within the political sphere Harefa offers a contextually robust exploration of evangelical Japanese approaches to ecclesiology and political involvement Taking care to place Kuyper s conception of the church within Kuyper s own political and historical context careful lines of application are drawn between Kuyper s theological perspectives and the need for an active Japanese church engaged in all spheres of life This book is an excellent resource for those seeking to equip Christians to engage politically as followers of Christ for the good of the church and their nations It also provides an example of the rich and powerful insight offered by exploring Western and non Western theologies within their diverse contexts and in conversation with each other **Synopsis Purioris Theologiae / Synopsis of a Purer Theology** Henk van den Belt, Riemer Faber, Andreas Beck, William den Boer, 2016-12-08 This bilingual edition of the Synopsis Purioris Theologiae 1625 provides English readers access to an influential textbook of Reformed Orthodoxy Composed by four professors at the University of Leiden Johannes Polyander Andreas Rivetus Antonius Walaeus and Anthonius Thysius it offers a presentation of Reformed theology as it was conceived in the first decades of the seventeenth century From a decidedly Reformed perspective the Christian doctrine is defined in contrast with alternative or diverging views such as those of Roman Catholics Arminians and Socinians The Synopsis responds to challenges coming from the immediate theological social and philosophical contexts The disputations of this second volume cover topics such as Predestination Christology Faith and Repentance Justification and Sanctification and Ecclesiology **The Oxford Handbook of Calvin and Calvinism** Bruce Gordon, Carl R. Trueman, 2021 John Calvin was a leader of the European Reformation of the sixteenth century and the influence of his thought remains crucial in our world This collection explores the origins of Calvin s thought and the theological historical and cultural circumstances in which they have evolved from Geneva to our times T&T Clark Handbook of Edward Schillebeeckx Stephan van Erp, Daniel Minch, 2019-09-05 Written by leading experts on both the thought of Edward Schillebeeckx and modern theology this handbook offers the first comprehensive study of the historical philosophical political and theological aspects of Schillebeeckx s work As one of the most influential Catholic theologians of

the twentieth century he played a key role in the preparations for the theological revolution of the Second Vatican Council and the debates of the post conciliar era His engagement with critical theory hermeneutics and biblical scholarship culminated in his groundbreaking Christological trilogy which marked Schillebeeckx as one of the most significant and innovative thinkers of his time By building an overview of recent research into Schillebeeckx s writing the contributors shed new light on his influence and ongoing relevance in contemporary theology Beginning with the roots of Schillebeeckx s views on metaphysics spirituality and faith the essays then move to his work during and after the Second Vatican Council and then to his engagement with new directions in philosophy and his renewal of classical topics such as creation theological and soteriological anthropology and eschatology Culminating with an analysis of theology and culture this handbook thoroughly explores the implications of Schillebeeckx s theology for a contemporary readership

Literature of Theology John Fletcher Hurst,1896 **The American Church History Series: History of the Disciples of Christ, by B.B. Tyler. History of the Society of Friends, by A.C. Thomas and R.H. Thomas. History of the Church of the United Brethren in Christ, by D. Berger. History of the Evangelical Association, by S.P. Spreng. A bibliography of American church history, 1820-1893, compiled by S.M. Jackson** Philip Schaff, Henry Codman Potter, Samuel Macauley Jackson, 1894

The Battle for the Sabbath in the Dutch Reformation Kyle J. Dieleman, 2019-01-21 Kyle J Dieleman focuses on the doctrinal and practical importance of Sunday observance in the early modern Reformed communities in the Low Countries My project investigates the theological import of the Sabbath and its practical applications The first step is to focus on how Dutch Reformed theologians conceived of the Sabbath The theology of the Sabbath I argue moves over time from an emphasis on spiritual rest to participating in the ministries of the church to a strict rest from all work and recreation The next step is to explore congregants actual Sunday practices By attending to church governance records at the national regional and local levels the importance of proper Sabbath observance quickly becomes clear The provincial synod records classes records and consistory records indicate that church authorities were adamant that church members faithfully attend sermon and catechism services refrain from sinful practices and abstain from recreational activities Equally as telling as the observance demanded of church members is how church authorities responded The church records portray these authorities as fretting over the disordered and unregulated nature of improper Sabbath observance Having established the importance of the Sabbath in Dutch Reformed theology and lived piety I argue the emphasis on Sunday observance is best understood as resulting from two main factors First the emphasis on proper Sunday observance is a result of the Reformed church authorities attempting to maintain the pious reputation of the Reformed faith and establish the identity of the Reformed Church amid multiple other confessional identities Second proper observance of the Sabbath was important because it ensured order within the church and society more broadly
