Handwriting Analysis An Adventure In Self Discovery Third Edition:

Handwriting Analysis: An Adventure in Self-Discovery Peter Dennis, 2016-11-08 Have you ever thought about how helpful it would be if you could get an accurate profile of someone's personality? How many ways could you use this information? This book leads you through not only how Handwriting Analysis, known as Graphology, can get you such a profile, but it shows you how Graphology can be applied in many different circumstances. For example, Graphology can help with personnel selection or picking a mate. Some of the author's clients have used Graphology to check loan applicants, apartment renters, children with learning disabilities, negotiations, and the list goes on anything relating to personality, others, and perhaps best of all, your own personality. *Handwriting Analysis: An Adventure in Self-discovery* is in its 3rd edition and to produce the 2nd and 3rd editions, chapters have been added about Relationships and Compatibility, Emotional Intelligence, Kids, Teachers, and Parents, and a final chapter has been added to show how one's Handwriting can reveal over 60 different signs of potential danger and dishonesty. As well, this book features illustrations and worksheets that easily lead the reader to produce a comprehensive profile of anyone's personality. This book has sold over 13,000 copies. It is a twice-over Canadian best seller and it has been used in classrooms at the college level. It is also an excellent reference for the experienced Graphologist. **BULLYING** David J. DeWitt, CGA, 2017-01-26 David DeWitt has done it once more. In his latest book *Bullying: Applying Handwriting Analysis to Detect Potential Signs and Effects*, David DeWitt puts forth a timely hypothesis that carries great import for contemporary American society. As a certified Graphoanalyst, David DeWitt has spent a lifetime studying the link between human behavior and handwriting. This field of endeavor is referred to as Graphology and is a science unto itself. I have personally witnessed this man as he applied his extensive knowledge to analyzing the handwriting of interested volunteers, and the results of his findings were incredibly accurate. The individuals involved were to a person amazed by the insights that he garnered based upon their handwriting samples. Above all, David DeWitt is a humanist of the highest caliber, and his altruism has inspired him to deploy his unique skill set for the betterment of mankind. On October 7, 2003, young Ryan Halligan's life ended as a result of recurrent bullying by his peers. John Halligan, Ryan's father, has since made it his mission to speak out publicly against bullying and to alert people to its many and varied warning signs. Having met Mr. Halligan personally, David DeWitt was touched by Ryan's tragedy and was compelled to marshal his graphoanalytic talents in the war against bullying. In his newest work *Bullying: Applying Handwriting Analysis to Detect Potential Signs and Effects*, David DeWitt methodically exposes the reader to the links between handwriting and possible aggressive and dishonest behavior. This book is not just for parents; we are all involved in the battle against bullying. I endorse David DeWitt in his literary efforts and highly recommend this book to you. Simply stated, this is a must-read. Hypnosis, Channeling and Raising Consciousness Peter Dennis, 2019-04-15 Peter Dennis is a hypnotist and has done many past life regressions with his clients A few years ago some of Peter's clients while visiting past lives started reporting lives on other planets This prompted Peter to pursue this further and in so doing a number of clients began to channel After five women began Channeling Peter wrote this book detailing some of the concerns inhibitions and fears that these women dealt with as they pursued this adventure After discovering that hypnosis could be a very effective route to Channeling Peter's hypnosis practice is now mainly focused on helping people to become Channelers Peter is not a Channeler but is referred to as a Channeling Facilitator as he helps people to make a Channeling connection strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter's website at peterhdennis.com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it's about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his/her its own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don't have to fully understand how something works to benefit from using it and Channeling is much the same We don't have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author's hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace
