Identity Discourses and Canadian Foreign Policy in the War on Terror Taylor Robertson McDonald,2023-03-17
This book examines how popular narratives of Canadian identity became implicated in Canada s foreign policy in the Global War on Terror McDonald argues that Canada s decisions to join the 2001 Afghanistan War yet abstain from the 2003 Iraq War became politically possible because parliamentarians linked these policies to similar narratives of an enduring Canadian identity even while re imagining their meanings These decisions are explored through politicians mobilization of three discourses Canada as America s neighbour Canada as protector of foreign civilians and Canada as a champion of multilateralism This book challenges conceptions of national identity as entirely stable or fluid and contests predominant arguments that downplay the role of identity discourses in Canadian foreign policy The relevance of these narratives is assessed by exploring the rhetoric of Canadian foreign policy in light of contemporary international challenges including the Donald Trump presidency the COVID 19 pandemic and Russia s War on Ukraine **Parliamentary Debates** New Zealand. Parliament,1900 *Parliamentary Debates* New Zealand. Parliament. House of Representatives,1877 **Parliamentary Debates (Hansard).** Australia. Parliament. House of Representatives,2002 *Parliamentary Debates* New Zealand. Parliament,1930 **Rights and Parliamentary Systems in Canada and Beyond** Emmett Macfarlane,2025-08-26 Rights and Parliamentary Systems in Canada and Beyond brings together political scientists and legal scholars to explore rights and their limitations along with the governmental and legislative processes affecting them within Canada s parliamentary system It also examines how these elements shape broader institutional relationships under the Canadian Charter of Rights and Freedoms and in comparative perspective This interdisciplinary volume offers valuable in depth analyses of timely issues cases and controversies involving rights and institutional dynamics The book employs an array of methods including legal analysis qualitative case studies content analysis legal theory research interviews and policy analysis With a forward looking perspective Rights and Parliamentary Systems in Canada and Beyond investigates how rights based processes influence

specific policies and offers new insights into the framing of rights including administrative law and Aboriginal treaty rights during the COVID 19 pandemic It also explores how aspects of parliamentary democracy affect governments legislators and the public The book ultimately reveals how the institutional relationships at stake operate to protect or fail to protect rights in relation to government policy objectives **Chamber's Journal of Popular Literature, Science and Arts** ,1896

The Synchronization of National Policies Pertti Alasuutari,2015-09-25 The Synchronization of National Policies shows how it is possible that there is remarkable uniformity in the policies that the nation states adopt although there is no world government Mainstream research attributes such global governance to the influence of leading countries to functional requirements created by capitalism and technological development or to international organizations This book argues that to understand how national policies are synchronized we need to realize that the global population forms a single global tribe of moderns divided into some 200 clans called nations While previous research on the world culture of moderns has focused on the diffusion of ideas this book concentrates on the active role of local actors who introduce global models and domesticate them to nation states In national policymaking actors justify new policies by international comparisons by the successes and failures of models adopted in other countries and by building and appealing to the authority of international organizations Consequently national policies are synchronized with each other Yet because of the way such domestication of global trends takes place citizens retain and reproduce the understanding that they follow a sovereign national trajectory This book will be of interest to students and scholars of sociology world culture theory globalization international relations and political science **Parliamentary Debates. House of Representatives** New Zealand. Parliament,1972 Parliamentary Debates, Senate, Weekly Hansard Australia. Parliament. Senate,1982
