Hansel and Gretel

Hansel And Gretel Anthony Browne

Andrew Lambirth

Hansel And Gretel Anthony Browne:

Hansel and Gretel Jacob Grimm, Wilhelm Grimm, 1988 A poor woodcutter's two children lost in the woods come upon a gingerbread house inhabited by a wicked witch With illustrations showing characters with modern dress and possessions

Hansel Y Gretel Wilhelm Grimm, Jacob Ludwig Carl Grimm, 2004-04-27 Anthony Browne recrea Hansel y Gretel en un ambiente contemporáneo Una sorprendente versión que apela a las fantasías y los sentimientos de manera inusitada Los niños pasarán horas persiguiendo detalles Su simbolismo mengua la división entre niños y adultos y propicia un diálogo entre ellos así como entre lo tradicional y lo contemporáneo un excelente título Para dar impulso a la colección y comunicar su propuesta

How Picturebooks Work Maria Nikolajeva, Carole Scott, 2013-02-01 How Picturebooks Work is an innovative and engaging look at the interplay between text and image in picturebooks The authors explore picturebooks as a specific medium or genre in literature and culture one that prepares children for other media of communication and they argue that picturebooks may be the most influential media of all in the socialization and representation of children Spanning an international range of children's books this book examines such favorites as Curious George and Frog and Toad Are Friends along with the works of authors and illustrators including Maurice Sendak and Tove Jansson among others With 116 illustrations How Picturebooks Work offers the student of children's literature a new methodology new theories and a new set of critical tools for examining the picturebook form *Teaching Through Texts* Holly Anderson, Morag Styles, 2002-02-07 Drawing on many popular and literary texts the contributors to this book write with enthusiasm about opportunities for creative teaching and learning and provide many examples of good practice both inside and outside the Literacy Hour

Recommended Books in Spanish for Children and Young Adults Isabel Schon, 2008-12-23 Following the same format as the highly praised 2000 2004 edition Recommended Books in Spanish for Children and Young Adults 2004 2008 is an outstanding reference tool that includes annotated entries for more than 1 200 books in Spanish published between 2004 and 2008 in the U S Spain Mexico Venezuela and Argentina Each entry includes an extensive critical annotation title in Spanish as well as English tentative grade level and approximate price The books have been selected because of their quality of art and writing presentation of material and appeal to the intended audience and support the informational educational recreational and personal needs of Spanish speakers from preschool through the twelfth grade Whether used for the development and support of an existing library collection or for the creation of a new library serving Spanish speaking young readers the books in this volume are of value to Spanish speaking children and young adults or those who wish to learn Spanish This volume is arranged in four sections Reference Nonfiction Philosophy Psychology Religion Social Science Folklore Language Science Technology Health and Medicine The Arts Recreation and Sports Literature Poetry Geography History and Biography Publishers Series and Fiction Easy Books General Fiction and Graphic Novels This volume also includes an appendix of merchants who sell books in Spanish as well as author title and subject indexes *Teaching About*

Language in the Primary Years Rebecca Bunting, 2013-12-16 First Published in 2001 This book is for teachers and student teachers who are interested in language in children's understanding of language and in the teacher's role in developing children's knowledge about language It suggests activities for the primary classroom which help children to look at language at how it is used and how it works It contextualises the approaches underpinning these activities so that their intentions and purposes are made clear

At Home In The Language Of The Soul Josephine Evetts-Secker, 2021-03-31 Language has a primary importance in Jungian psychology and its practice C G Jung saw every act of speech as a psychic event Even the worker words in language like prepositions or conjunctions carry particular archetypal energies working dynamically and daimonically in the conduct of transformational narrative and realizing both personal and collective purposes This book aims to deepen our consciousness of psyche's speech as it occurs in our professional discourses in the psychoanalytic encounter in dreams fairy tales myths and poetry Vividly exploring the grammar of psyche we are urged to constantly kindle and rekindle our engagement with language

Books in the Life of a Child Maurice Saxby, 1997-10-15 Books in the Life of a Child explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home the school and in the community The book has been written as a resource for all adults especially teachers student teachers librarians and parents and those who care about the value of literature for children It is a comprehensive and critical guide with chapters on the history of children's literature and an analysis of its many forms and genres from poetry fairytale myth legend and fantasy through realistic and historical fiction to humour pulp fiction and information books

Promoting Reading for Pleasure in the Primary School Michael Lockwood, 2008-06-24 Winner of the UKLA Author Award 2009 Lockwood has written a useful supportive book which will help teachers and librarians He describes the background and summarises the research and then proposes thoroughly practical programmes Carousel Michael Lockwood has produced an excellent practical overview and analysis of what works in the primary school to promote reading for pleasure Lockwood's work is grounded and valuable to those who need it most teachers in the classroom working hard to engender a love of reading English Drama Media This book is first class It puts the matter very clearly and succinctly and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra but the very heart and essence of what reading is about It also gives readers plenty of ideas for carrying the principle into the classroom and for justifying it This is an excellent piece of work which I hope will find a place on every staffroom bookshelf Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment the book presents specific activities which teachers can use to develop their own

whole school and classroom practice enabling them to put the fun back into reading Each chapter features case study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies book clubs library loyalty cards school book evenings and quizzes There is also an extensive annotated list of print and internet based resources Topics covered include Becoming a reading for pleasure school Promoting a love of reading in the early years Developing reading enjoyment in the later primary years Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading It will be particularly relevant for primary teachers teaching assistants trainee teachers advisers and consultants as well as teacher educators and researchers Folktales and Fairy Tales Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage this one of a kind reference is ideal for students scholars and others who need reliable up to date information on folk and fairy tales past and present Folktales and fairy tales have long played an important role in cultures around the world They pass customs and lore from generation to generation provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television film manga photography and computer games This second expanded edition of an award winning reference will help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource *Creativity and Learning in Secondary English* Andrew McCallum, 2012 This book borrows from a range of theories about creativity and about learning while remaining largely practical in focus It contains numerous examples for teachers of how to apply ideas about creativity in the classroom In doing so it attempts to maintain the subject's core identity while also keeping abreast of contemporary social pedagogical and technological developments The result is a refreshing challenge to some of the more mundane approaches to English teaching on offer in an age focussed excessively on standardisation and teaching to tests

Critical and Creative Perspectives on Fairy Tales Vanessa Joosen, 2011 An intertextual approach to fairy tale criticism and fairy tale retellings Marcia K Lieberman's Some day my prince will come Bruno Bettelheim's The uses of enchantment Sandra M Gilbert and Susan Gubar's The madwoman in the attic **Why Fairy Tales Stick** Jack Zipes, 2013-09-13 In his latest book fairy tales expert Jack Zipes explores the question of why some fairy tales work and others don't why the fairy tale

is uniquely capable of getting under the skin of culture and staying there Why in other words fairy tales stick Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre Why Fairy Tales Stick contains two chapters on the history and theory of the genre followed by case studies of famous tales including Cinderella Snow White and Bluebeard followed by a summary chapter on the problematic nature of traditional storytelling in the twenty first century *Grimm Legacies* Jack Zipes,2014-11-23 In *Grimm Legacies* esteemed literary scholar Jack Zipes explores the legacy of the Brothers Grimm in Europe and North America from the nineteenth century to the present Zipes reveals how the Grimms came to play a pivotal and unusual role in the evolution of Western folklore and in the history of the most significant cultural genre in the world the fairy tale Folklorists Jacob and Wilhelm Grimm sought to discover and preserve a rich abundance of stories emanating from an oral tradition and encouraged friends colleagues and strangers to gather and share these tales As a result hundreds of thousands of wonderful folk and fairy tales poured into books throughout Europe and have kept coming Zipes looks at the transformation of the Grimms tales into children s literature the Americanization of the tales the Grimm aspects of contemporary tales and the tales utopian impulses He shows that the Grimms were not the first scholars to turn their attention to folk tales but were vital in expanding readership and setting the high standards for folk tale collecting that continue through the current era Zipes concludes with a look at contemporary adaptations of the tales and raises questions about authenticity target audience and consumerism With erudition and verve *Grimm Legacies* examines the lasting universal influence of two brothers and their collected tales on today s storytelling world **Challenging and Controversial Picturebooks** Janet Evans,2015-06-05 It is often assumed that picturebooks are for very young readers because of their emphasis on the illustrations and their scarcity of text however there are increasing numbers of picturebooks where the age of the implied reader is questionable These are picturebooks whose controversial subject matter and unconventional often unsettling style of illustration challenge the reader pushing them to question and probe deeper to understand what the book is about In addition to the book challenging the reader the reader often challenges the book in an attempt to understand what is being said These increasingly popular picturebooks work on many different levels they are truly polysemic and worthy of in depth analysis They push the reader to ask questions and in many instances are intrinsically philosophical often dealing with fundamental life issues *Challenging and Controversial Picturebooks* examines these unconventional non conformist picturebooks considering what they are their audience and their purpose It also considers Children s and adults thoughts on these kinds of picturebooks How challenging and unsettling wordless picturebooks can play with the mind and promote philosophical thought What creates non conformity and strangeness is it the illustrations and their style the subject matter or a combination of both Why certain countries create promote and accept these picturebooks more than others Why certain picturebooks are censored and what factors are in play

when these decisions are made The role of publishers in translating and publishing these picturebooks Children s creative and critical responses to strange unsettling and often disturbing visual texts This inspiring and thought provoking volume explores the work of a number of highly respected international picturebook experts and includes an exclusive interview with the legendary Klaus Flugge Managing Director of Andersen Press one of the few remaining independent children s book publishers in England It is an indispensable reference for all interested in or working with picturebooks including researchers students in higher and teacher education English advisors inspectors literacy consultants and classroom teachers

The Power of the Page Pat Pinsent,2013-10-31 First Published in 1994 This series of books is aimed primarily at student and practising teachers It covers key issues in current educational debate relating to age phases school management the curriculum and teaching methods Each volume examines the topic critically bringing out the practical implications for teachers and school organisation The texts which are discussed in Part One of the present book The Picture and the Story are ones which can be enjoyed many times by child and adult because they have a wealth of different meanings reinforcing and cutting across each other

The Family in English Children's Literature Ann Alston,2008-06-03 From the trials of families experiencing divorce as in Anne Fine s Madame Doubtfire to the childcare problems highlighted in Jacqueline Wilson s Tracy Beaker it might seem that the traditional family and the ideals that accompany it have long vanished However in The Family in English Children s Literature Ann Alston argues that this is far from the case She suggests that despite the tales of family woe portrayed in children s literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children s literature Using 1818 as a starting point Alston investigates families in children s literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston s study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children s literature The Family in English Children s Literature sheds light on who maintains control who behaves and how significant children s literature is in shaping our ideas about what makes a family good

Reading Contemporary Picturebooks David Lewis,2012-11-12 Reading Contemporary Picturebooks takes a look at one of the most vibrant branches of children s literature the modern picturebook This exciting new book takes a sample of contemporary picturebooks and closely examines the features that make them distinctive and then suggests a way of characterising the interanimation of words and pictures that is the essence of the form The reasons for the picturebook s vitality and flexibility are also explored and the close bond between the picturebook and its readers is analyzed Advances in our understanding of how visual images are organized are examined and the book concludes with an attempt to redescribe the picturebook in such a way that pictures readers and text may be drawn together Picturing Text will be of interest to students teachers and researchers interested in reading children s literature and media studies

Folk and Fairy Tales - Fourth Edition Martin Hallett,Barbara Karasek,2008-10-28 This anthology of folk and fairy tales brings together 52 stories

from a range of historical and geographic traditions Sections group tales together by theme or juxtapose variations of individual tales inviting comparison and analysis across cultures and genres An accessible section of critical selections provides a foundation for readers to analyze debate and interpret the tales for themselves An expanded introduction by the editors looks at the history of folk and fairy tales and distinguishes between the genres while revised introductions to individual sections provide more detailed history of particular tellers and tales paying increased attention to the background and cultural origin of each tale A selection of illustrations from editions of classic tales from the 19th to the 21st centuries is also included This new edition includes a larger selection of critical articles more modern and cross cultural variations on classic tales and an expanded discussion of illustrations [Planning Creative Literacy Lessons](#) Andrew Lambirth, 2013-05-13

This book builds on the guidance given by the Primary Strategy for Literacy By filling in the gaps that the planning documentation leaves the book provides teachers with the structures and ideas to plan creatively and effectively for their children whilst following and enhancing the recommendations of the strategy It includes clear and practical ways to plan units of work that embrace reading writing speaking and listening in exciting and active ways examples of effective practice using children s work that highlight the effects of creative planning suggestions for texts and resources that can be included in half termly and termly planning Written by a team of leading educationalists and teacher educators in the primary literacy field this edited collection is a must have for primary teachers wishing to inject creativity into the planning of their literacy lessons
