Essays on Music Theodor Adorno, Richard Leppert, 2002-08-08 A book of landmark importance It is unprecedented in its design a brilliantly selected group of essays on music coupled with lucid deeply incisive and in every way masterly analysis of Adorno's thinking about music No one who studies Adorno and

music will be able to dispense with it and if they can afford only one book on Adorno and music this will be the one. For in miniature it contains everything one needs: a collection of exceptionally important writings on all the principal aspects of music and musical life with which Adorno dealt; totally reliable scholarship and powerfully illuminating commentary that will help readers at all levels read and re-read the essays in question. Rose Rosengard Subotnik, author of *Deconstructive Variations: Music and Reason in Western Society*, an invaluable contribution to Adorno scholarship with well-chosen essays on composers' works, the culture industry, popular music, kitsch, and technology. Leppert's introduction and commentaries are consistently useful; his attention to secondary literature remarkable; his interpretation responsible. The new translations by Susan Gillespie and others are outstanding not only for their care and readability but also for their sensitivity to Adorno's forms and styles. Lydia Goehr, author of *The Quest for Voice: Music, Politics, and the Limits of Philosophy*, with its careful full edition of Adorno's important musical texts and its exhaustive yet eminently readable commentaries. Richard Leppert's magisterial book represents a brilliant solution to the age-old dilemma of bringing together primary text and interpretation in one volume. James Deaville, Director, School of the Arts, McMaster University. The developing variations of Adorno's life-long involvement with musical themes are fully audible in this remarkable collection. What might be called his literature on notes brilliantly complements the notes to literature he devoted to the written word. Richard Leppert's superb commentaries constitute a book-length contribution in their own right which will enlighten and challenge even the most learned of Adorno scholars. Martin Jay, author of *The Dialectical Imagination: A History of The Frankfurt School and the Institute of Social Research*. There is a foot in Anglo-American musicology today: the first wholesale reconsideration of Adorno's thought since the pioneering work of Rose Rosengard Subotnik around 1980. *Essays on Music* will play a central role in this effort. It will do so because Richard Leppert has culled Adorno's writings so as to make clear to musicologists the place of music in the broad critique of modernity that was Adorno's overarching project, and it will do so because Leppert has explained these writings in commentaries that amount to a book-length study so as to reveal to non-musicologists the essentially musical foundation of this project. No one interested in Adorno from any perspective or for that matter in modernity and music at all can afford to ignore *Essays on Music*. Gary Tomlinson, author of *Metaphysical Song: An Essay on Opera*. This book is both a major achievement by its author-editor and a remarkable act of scholarly generosity for the rest of us. Until now English translations of Adorno's major essays on music have been scattered and often unreliable. Until now there has been no comprehensive scholarly treatment of Adorno's musical thinking. This volume remedies both problems at a single stroke. It will be read equally and eagerly for Adorno's texts and for Richard Leppert's commentary on them, both of which will continue to be essential resources as musical scholarship seeks increasingly to come to grips with the social contexts and effects of music. No one knows Adorno better than Leppert, and no one is better equipped to clarify the complex interweaving of sociology, philosophy, and musical aesthetics that is central to Adorno's work. From now on everyone who reads Adorno on music

of the last forty years but he has never been popular Now Australians want to know what kind of man is he and how would he perform as prime minister In this dramatic portrait David Marr shows that as a young Catholic warrior at university Abbott was already a brutally effective politician He later led the way in defeating the republic and as the self proclaimed political love child of John Howard rose rapidly in the Liberal Party His reputation as a head kicker and hard liner made him an unlikely leader but when the time came his opposition to the emissions trading scheme proved decisive Marr shows that Abbott thrives on chaos and conflict Part fighter and part charmer he is deeply religious and deeply political What happens then when his values clash with his need to win This is the great puzzle of his career but the closer he is to taking power the more guarded he has become Since witnessing the Hewson catastrophe at first hand Abbott has worn a mask He has grown and changed Life and politics have taught him a great deal But how this has shaped the fundamental Abbott is carefully obscured What has been abandoned What is merely hidden on the road to power What makes people so uneasy about Abbott is the sense that he is biding his time that there is a very hard operator somewhere behind that mask waiting for power David Marr Political Animal This is no character assassination Marr is not afraid to praise Abbott in places and respects his political skills and intelligence Michael McGuire the Advertiser David Marr is as brilliant a biographer and journalist as this country has produced Peter Craven Australian Spectator If you want to hit a man where it hurts hit him in the groin David Marr doesn't miss in his Quarterly Essay profile Chris Wallace Canberra Times David Marr is the multi award winning author of Patrick White A Life Panic and The High Price of Heaven and co author with Marian Wilkinson of Dark Victory He has written for the Sydney Morning Herald the Age and the Monthly been editor of the National Times a reporter for Four Corners and presenter of ABC TV's Media Watch He is also the author of five bestselling biographical Quarterly Essays
