Corber,1997-05-22 Challenging widely held assumptions about postwar gay male culture and politics Homosexuality in Cold War America examines how gay men in the 1950s resisted pressures to remain in the closet Robert J Corber argues that a form of gay male identity emerged in the 1950s that simultaneously drew on and transcended left wing opposition to the Cold War cultural and political consensus Combining readings of novels plays and films of the period with historical research into the national security state the growth of the suburbs and postwar consumer culture Corber examines how gay men resisted the organization man model of masculinity that rose to dominance in the wake of World War II By exploring the representation of gay men in film noir Corber suggests that even as this Hollywood genre reinforced homophobic stereotypes it legitimized the gay male gaze He emphasizes how film noir s introduction of homosexual characters countered the national project to render gay men invisible and marked a deep subversion of the Cold War mentality Corber then considers the work of gay male writers Tennessee Williams Gore Vidal and James Baldwin demonstrating how these authors declined to represent homosexuality as a discrete subculture and instead promoted a model of political solidarity rooted in the shared experience of oppression Homosexuality in Cold War America reveals that the ideological critique of the dominant culture made by gay male authors of the 1950s laid the foundation for the gay liberation movement of the following decade **Teen 2.0** Robert Epstein,2010-02-24 National Indie Excellence Awards first prize in the Parenting and Family category Arguing that adolescence is an unnecessary period of life that people are better off without this groundbreaking study shows that teen confusion and hardships are caused by outmoded systems that were designed to destroy the continuum between childhood and adulthood Documenting how teens are isolated from adults and are forced to look to their media dominated peers for knowledge this discussion contends that by infantilizing young people society does irrevocable harm to their development and well being Instead parents teachers employers and others must rediscover the adults in young people by giving them authority and responsibility as soon as they exhibit readiness Teens are highly capable in some ways more than adults and this landmark discussion offers paths for reaching and enhancing the competence in America s youth *Focus On: 100 Most Popular Actresses from New York City* Wikipedia contributors, *Sweet Treats around the World* Timothy G.
