Against Lean Hyung Je Jo, Jun Ho Jeong, Chulsik Kim, 2023-07-05 This is a remarkable book focusing upon Korea's Hyundai Motor Company; it provides an original account of the success of this company in the global automobile industry. Theoretically informed, cognisant of the academic literature, and insightful at every turn, this book will appeal to scholars across the social sciences including economics, economic geography, and economic sociology. The authors have key insights that will resonate with scholars interested in the global industrial champions of the 21st century. A wonderful achievement. Emeritus Professor Gordon L. Clark, Oxford University, the UK. *Agile against lean* is a highly inspiring book for researchers and practitioners. It provides unique insights into the rise of Korean automotive companies, their production systems, and the political economy in which they are embedded. And it develops thought-provoking arguments about how authoritarian experimentalism shaped the agile production systems in the Korean automotive sector. Professor Dr. Martin Krzywdzinski, WZB Berlin Social Science Center, Germany. This book attempts to pry open the black box of compressed growth for Hyundai Motor since the 1997 Asian Financial Crisis, with the company's being on the verge of falling in the middle-ranked carmaker's trap in the 1990s and critically examines the dual and contradictory nature of this leapfrogging catch-up instead of simply focusing on the company's success story. This book presents the novel theoretical and empirical characteristics of Hyundai Motor's agile production system based on authoritarian experimentalism, characterized by the ability of engineers to solve problems in an improvisational manner, skill-saving work organization, and segmented labor and extended quasi-vertical suppliers' relationships under the chaebol corporate governance. Hyung Je Jo is an emeritus professor of social science at the University of Ulsan, South Korea. Jun Ho Jeong is a professor in the college of social sciences at Kangwon National University, South Korea. Chulsik Kim is an assistant professor in the division of social science at the Academy of Korean Studies, South Korea.

The News from Arkansas Valerie Katz, 2019-08-05 I was a California girl. My children were unofficially forbidden to move more than 112 hours from their mother. How did I end up in Arkansas? I blame Eric Estrada. After purchasing our new home in Arkansas, it was a full year before we could actually move. We endured the comment "Your moving where and the looks that went with it" by our California friends for that entire year. So this started out as e-mails to friends and family to let them know all the strange and amusing differences in our new world. Many of them wanted to know if I was saving them to make into a book. One year at Christmas, my son Donald said he only wanted one thing for the following Christmas: a copy of the book. So here is this book of laughter and a few tears that I hope you will enjoy. *Subject Guide to Books in Print*, 1997
