The Paul Factor Forrest Davis, 2014-06-19 There is a Paul Factor cloud that hovers over the New Testament that deserves at least a conversation Paul's conversion to Christianity occurred 37 years after Jesus' death and resurrection and although Paul never met Jesus in person he nevertheless went on to personally define Jesus and Christianity for most of the Christian world On one occasion Paul made no bones about what he perceived to be his authority According to him he was given absolute and total latitude to carry out a mission that apparently he himself defined when he stated in Col 1:25 I am made a minister according to the dispensation of God which is given to me for you to fulfill the word of God The wording of that authority has no resemblance to the authority

also given to Paul by Jesus Spirit on the road to Damascus The following is what Paul said Jesus initially told him To open their eyes and to turn them from darkness to light and from the power of Satan unto God that they may receive forgiveness of sins Acts 26 18 If those were the instructions actually given by Jesus then that is the only authority Paul had and it was very specifically and only intended to bring repentance to the Gentiles by teaching them to love God and to love others Even though Paul went on to correctly teach many things about God and His word he also took it on himself to As he would then later describe it FULFILL that word However when he fulfilled it he generously changed some of it then added to it and then took away from it Since Paul assumed to have such authority whatever he decided to teach was to be the fulfillment of the word Ultimately that fulfillment would give his perception of spirituality priority over the written word and eventually in today's culture came to discount most of it altogether

**The Spiral Gospel** Rob James, 2022-09-29 How did the author of the Gospel of Luke intend it to be read In The Spiral Gospel Rob James shows that the assumptions many modern readers bring to the text that it claims to be historically factual or merely regurgitates existing stories are not those of antiquity Building on the central insight that it was written for a community who would have used it as their pre eminent text James argues convincingly for a continuous cyclical reading of Luke's narrative The evidence for this view and also its consequences can be seen in the gospel's intratextuality Context is given at the end of the gospel that informs the beginning and there are countless other intratextual elements throughout the text that are most readily noticeable on a second or subsequent reading This deliberate creative interweaving on the author's part opens up new levels of appreciation and faith for those who read in the way Luke's first audience received his work
