Islam What Non Muslims Should Know Facets:

American Religious Traditions Richard E. Wentz, Accompanying CD ROM contains full text of the book chapter summaries discussion questions and many web resources and Libronix software which offers such features as topic searching bookmarking notetaking and highlighting p 4 of cover Facts Need Not Be In Evidence Craig Boulton, 2005 Illinois congressman Henry Hyde once remarked that after reading Eleanor Roosevelt's editorials in the 1950s he was driven into the embrace of the Republican Party Similarly all the liberal talking heads appearing on the cable news channels have driven this longstanding Goldwater Republican to write a response In it the author describes Republican Values from the perspective of growing up in an entrepreneurial family and his own self employment in the financial industry Drawing on his experiences as a Navy Midshipman while attending a private Eastern University during the turbulent 1960s and then as a Marine combat officer during the Vietnam Era when domestic terrorism was in vogue he discusses the politically correct's childish behavior from that unique perspective As a former professional military officer and later a trained economist and financial analyst who's spent three decades successfully anticipating the impact of public policy on the financial markets the author addresses issues dominating the election of 2004 This includes the politically correct's failure to understand the war on terror understanding that their rhetoric can best be understood from the perspective of what Stalin called social fascism with the accompanying need to demonize one's opposition **What Christians Can Learn From Buddhism** Kristin Johnston Largen, 2009-02-18

Islam John Kaltner, Recent events have focussed attention on Islam the often misunderstood faith of one billion people Westerners are showing a new openness to learning about Islam and other religions in part perhaps because religion is arguably the single most important and volatile factor in geopolitics today Islam needs to be understood on its own terms John Kaltner argues This little Facet offers the most basic information about Islam in an accessible and sympathetic presentation Kaltner portrays Islam as first and foremost a religion of prescribed practices the five pillars of Islam Showing the deep humanism of Islam and its most cherished commitments Kaltner presents Islam through assertions that counter frequent misconceptions of the faith BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
