A Companion to Muslim Ethics Aynn Sajoo, 2012-05-15 I B Tauris in association with the Institute of Ismaili Studies Socrates famously said that the unexamined life is not worth living In keeping with this dictum taking ethics seriously means engaging with the real world where the human sense of right and wrong is daily tested At their best all faith traditions are challenged by such testing and if faith inspired ethics are thought to govern the whole of life their guiding values need constantly to be interpreted by the believer to achieve a practical result In the Muslim tradition this is what the Qur'an really amounts to a call to strive for belief with a social conscience For fourteen centuries Muslim scholars have grappled with the implications of that call in matters of law social practice and theology And in our own time the quests for civil society and the rule of law have much to do with the response given to these ethical questions A Companion to Muslim Ethics explores Islam's core conception of the good shared with other great traditions Leading experts examine issues such as gender equality nonviolence dispute resolution the environment health and finance The volume will appeal to
