The Future of Islamic Banking and Finance in Indonesia Romi Adetio Setiawan, 2023-07-20 Sharia compliance is the *raison d'être* of Islamic banks All of their instruments and activities should be based on sharia principles which unfortunately exposes them to greater risks than their conventional counterparts regulated under the dual banking system in Indonesia These include inconsistencies between fatwas unique reputational risks and inefficiencies in the regulatory framework governing Islamic banks This book critically examines the less studied issue of developing an Islamic banking regulatory and supervisory framework that considers the risk pressures faced by Islamic banks operations in an Indonesian financial sector dominated by conventional banks The book assesses the extent to which the global financial standards of the Basel Accords have been followed by Islamic Banks in Indonesia with respect to their regulation supervision and risk management to highlight the unresolved tensions in the multiple regulatory

and supervisory institutions The book proposes a middle ground approach that accommodates modification of the existing financial regulatory and supervisory system in line with international best practice The reforms proposed in this book offer a way for financial regulatory and supervisory agencies to further develop modern Islamic law and finance The book will be a valuable resource for scholars and policymakers interested in the dual banking system in Indonesia Macroeconomic Policy and Islamic Finance in Malaysia Azura Othman, Norhanim Mat Sari, Syed Othman Alhabshi, Abbas Mirakhor, 2017-10-10 This book offers an alternative framework for macroeconomic policy in Malaysia derived from the universal principles of social justice espoused in the objectives of the Shariah It attempts to holistically analyze issues related to public finance which has been criticized for lack of transparency and justice in wealth distribution This book explores these criticisms and discusses the principles of Islamic finance that may be applied to macroeconomic policymaking to create a better economy overall It presents a case for a flat tax system to make the economy more resilient to shocks and financing methods that limit interest rate based debt contracts and allow greater risk sharing among the market participants on a broad scale Using both qualitative and quantitative methods this book models the Malaysian economy based on policies that apply the fundamental Islamic finance principle of risk sharing to demonstrate its benefits in spurring growth promoting distributive justice rendering the economy more stable strengthening the potency of monetary policy enhancing fiscal governance and improving financial inclusion The book will be of interest to students policymakers financial institutions researchers ministries of finance central banks securities commissions and anyone interested in alternative economic paradigms *Islamic Banking & Finance in South-East Asia* Angelo M. Venardos, 2012 Islamic Banking and Finance in South East Asia by Angelo M Venardos has been a must read since its first edition in 2005 and has already been translated to Arabic Now in its 3rd edition the book offers important updates you can look forward to starting with the foundations of Islamic banking developments and issues The reader is then treated to a timely survey of Islamic banking in five South east Asian countries Most of these chapters have been completely revamped from the last edition One additional chapter has been added on Islamic Succession Planning which introduces an increasingly essential aspect of Muslim life that of managing one's wealth now and in the afterlife Whether you are new to the topic or a practitioner in the industry you will appreciate the accessible way in which the book is written According to the Asian Journal of Comparative Law the book gives a broad overview yet manages to achieve this in a rather slim volume while providing depth of analysis at the same time **Historical Dictionary of Malaysia** Ooi Keat Gin, 2017-12-18 Malaysia is one of the most intriguing countries in Asia in many respects It consists of several distinct areas not only geographically but ethnically as well along with Malays and related groups the country has a very large Indian and Chinese population The spoken languages obviously vary at home although Bahasa Malaysia is the official language and nearly everyone speaks English There is also a mixture of religions with Islam predominating among the Malays and others Hinduism and Sikhism among the Indians mainly Daoism and Confucianism among the Chinese but also

some Christians as well as older indigenous beliefs in certain places This second edition of Historical Dictionary of Malaysia contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Malaysia

The Legal and Regulatory Aspects of Islamic Banking Abdul Karim Aldohni, 2012-05-23 During the last ten years the Islamic banking sector has grown rapidly at an international level as well as in individual jurisdictions including the UK Islamic finance differs quite substantially from conventional banking using very different mechanisms and operating according to a different theory as it is based on Islamic law Yet at the same time it is always subject to the law of the particular financial market in which it operates This book takes a much needed and comprehensive look at the legal and regulatory aspects which affect Islamic finance law and examines the current UK and international banking regulatory frameworks which impact on this sector The book examines the historical genesis of Islamic banking looking at how it has developed in Muslim countries before going on to consider the development of Islamic banking in the UK and the legal position of Islamic banks within English law The book explores company contract and some elements of tax law and traces the impact it has had on the development of Islamic banking in the UK before going on to argue that the current legal and regulatory framework which affects the Islamic banking sector has on certain occasions had an unintended adverse impact on Islamic banking in the UK The book also provides an overview of the Malaysian experience in relation to some of the main legal and regulatory challenges in the context of Islamic banking and finance

Mattar, 2016-07-22

Advancing legal scholarship in the area of mixed legal systems as well as comparative law more generally this book expands the comparative study of the world's legal families to those of jurisdictions containing not only mixtures of common and civil law but also to those mixing Islamic and or traditional legal systems with those derived from common and or civil law

traditions With contributions from leading experts in their fields the book takes us far beyond the usual focus of comparative law with analysis of a broad range of countries including relatively neglected and under researched areas The discussion is situated within the broader context of the ongoing development and evolution of mixed legal systems against the continuing tides of globalization on the one hand and on the other hand the emergence of Islamic governments in some parts of the Middle East the calls for a legal status for Islamic law in some European countries and the increasing focus on traditional and customary norms of governance in post colonial contexts This book will be an invaluable source for students and researchers working in the areas of comparative law legal pluralism the evolution of mixed legal systems and the impact of colonialism on contemporary legal systems It will also be an important resource for policy makers and analysts
