Islam and Its Challenges in the Globalised World

Ahmad Akil bin Muda, 2015 From the beginning Islam faces many challenges from its foes that is the disbelievers atheism Jews and Christians secularism liberalism pluralism etc who want to extinguish Islam and its foundation from this world Since the fall of the Islamic empire in the fifteenth century Muslim countries pathetically came under the dominance of Western powers in almost every aspect of life The United States of America and other powers foreign policies generally have hidden agenda to weaken the Muslim countries so that they can keep on dominating the Muslim world They give support to the secularist liberalist and pluralist groups in the Muslim countries to go against the Islamic traditionalists and fundamentalists Although there are more than a billion Muslims in the world they are weak and have become marginalized Gone is the power of the Muslims of the past Therefore the contemporary Muslims have no choice but to wake up to face the

challenge if they are genuine Muslims because they are the best ummah ever created by Allah During the height of Islamic empire Islam stayed strong and kept on spreading its wing throughout the world because of charismatic and credibility some of its leaders Islam is a universal religion that brought enlightenment to human race Nevertheless Muslim nations in the modern era of globalized world are disobedient lot unlike the Muslims of the past thus they become weak Globalization is the creation of the Western imperialists as a tool to control world trade and economy of other nations Small and underdeveloped nations are often unfairly treated The polarization and bloody borders between the Christians West and the Muslims are now become more transparent than ever before The wounds inflicted by the Americans and the West in Palestine Iraq Afghanistan Yemen Sudan Somalia and others are still bleeding and bloody The usage of the words such as Islamophobia and the Muslims as terrorist frequently propagated throughout the world against Islam thereby affecting the feeling of friendly and moderate Muslims in general The cruelties inflicted on many of the innocent Muslims directly or indirectly give a green light for some hardcore Muslims to retaliate in a more radical way including suicide bombing The difference perception of faith moral character social ethic economy politics law etc in Islam with other religions are wide apart Islam is a religion of Oneness of God Islamic Monotheism whilst the others are not Islam taught the Muslims to live side by side in co existence and in peace with the others provided there is a mutual respect with one another Islam is a moderate religion The whole universe and its contents absolutely belong only to Allah Human race are His servants to take good care of the earth Muslim ummah in the modern world miserably failed in their responsibilities in this world because most of them are lack of faith in Allah They have deserted al Quran and al Sunnah of Prophet Muhammad pbuh in their way of life Nevertheless ultimately near the end of the world the Muslims will win as promised by Allah although disbelievers do not believe it

Ugliness Gretchen E. Henderson, 2015-11-15 Ugly as sin the ugly duckling or maybe you fell out of the ugly tree Let s face it we ve all used the word ugly to describe someone we ve seen hopefully just in our private thoughts but have we ever considered how slippery the term can be indicating anything from the slightly unsightly to the downright revolting What really lurks behind this most favored insult In this actually beautiful book Gretchen E Henderson casts an unfazed gaze at ugliness tracing its long standing grasp on our cultural imagination and highlighting all the peculiar ways it has attracted us to its repulsion Henderson explores the ways we have perceived ugliness throughout history from ancient Roman feasts to medieval grotesque gargoyles from Mary Shelley s Frankenstein to the Nazi Exhibition of Degenerate Art Covering literature art music and even the cutest possible incarnation of the term Uglydolls she reveals how ugliness has long posed a challenge to aesthetics and taste She moves beyond the traditional philosophic argument that simply places ugliness in opposition to beauty in order to dismantle just what we mean when we say ugly Following ugly things wherever they have trod she traverses continents and centuries to delineate the changing map of ugliness and the profound effects it has had on the

public imagination littering her path with one fascinating tidbit after another Lovingly illustrated with the foulest images from art history and culture Ugliness offers an oddly refreshing perspective going past the surface to ask what ugly truly is even as its meaning continues to shift
