Expedition Britannic Rick Ayrton, 2021-10-05 Expedition Britannic is an insight into the art of deep wreck diving which features incredible original photographs of the largest ocean liner on the seabed What does it take to dive Titanic's sister ship This huge vessel from a bygone golden age of ocean travel lies at over 100 metres 330 below the surface It is not a dive for the faint hearted Requiring meticulous planning precise execution and good conditions only the most capable technical divers will ever experience it Even then tragically some do not make it back to the surface Expedition Britannic is the story of the May 2019 mission to dive the Olympic class liner turned hospital ship HMHS Britannic Sunk near the Greek island of Kea during World War I she will only be ticked off the bucket list of relatively few of the most dedicated deep divers Steeped in history the opportunity to see a largely intact near replica of the world's most famous ocean liner makes it an ultimate dive to aspire to Deep wreck photography specialist Rick Ayrton is one such diver Assisted by expedition leader Scott Roberts he takes us through the planning logistics and preparation essential for scaling one of the pinnacles of wreck diving Then we explore the wreck with him going deeper than most divers will in their lifetimes to photograph this once great ship and make new discoveries Reviews of Expedition Britannic A cracking book that will be of interest to any diver and many others From my perspective if I need to persuade anyone why I love deep diving then I'll simply hand them a copy and wait for them to ask how they can sign up SCUBA magazine Expedition Britannic brings armchair divers closer than we've ever been to this magnificent wreck and perhaps will inspire one or two to get out of their armchair and experience it for themselves Encyclopaedia Titanica If you have read detailed reports of group technical diving trips before this has something in common with those but it is done extremely well The writing is crisp well organised and doesn't get bogged down in needless detail While it doesn't seem to be making concessions it is readily accessible to any level of diver or even non divers And bringing it further to life the photography from depth is way beyond what we usually expect thanks to Ayrton's dedication to his craft Diver magazine Expedition Britannic will appeal to recreational divers who look up or rather down in awe at our technical cousins it will appeal to technical divers wishing to see how it was done and it will certainly appeal to White Star line aficionados who want a fresh look at how Britannic appears today British Diver Incredible the images are stunning But the really impressive achievement is to make it accessible for non technical divers whilst also having all the detail that more experienced ones will want Dominic Robinson Officer in Charge Joint Service Sub Aqua Diving Centre BSAC Technical Chief
