Jerusalem, 1000-1400 Barbara Drake Boehm ,Melanie Holcomb,2016-09-14 Medieval Jerusalem was a vibrant international center home to multiple cultures faiths and languages Harmonious and dissonant voices from many lands including Persians Turks Greeks Syrians Armenians Georgians Copts Ethiopians Indians and Europeans passed in the narrow streets of a city not much larger than midtown Manhattan Patrons artists pilgrims poets and scholars from Christian Jewish and Islamic traditions focused their attention on the Holy City endowing and enriching its sacred buildings creating luxury goods for its residents and praising its merits This artistic fertility was particularly in evidence between the eleventh and fourteenth centuries notwithstanding often devastating circumstances from the earthquake of 1033 to the fierce battles of the Crusades So strong a magnet was Jerusalem that it drew out the creative imagination of even those separated from it by great distance from as far north as Scandinavia to as far east as present day China This publication is the first to define these four centuries as a singularly creative moment in a singularly complex city Through absorbing essays and incisive discussions of nearly 200 works of art *Jerusalem 1000 1400 Every People Under Heaven* explores not only the meaning of the city to its many faiths and its importance as a destination for tourists and pilgrims but also the aesthetic strands that enhanced and enlivened the medieval city that served as the crossroads of the known world *Webster's Seventh New Collegiate Dictionary* Philip Babcock Gove,1963
