

Glory Movie Questions

1. How does the attitude of Colonel Robert Quick (Moses) toward African-Americans change and why?

Quick's attitude toward African-Americans changes over the course of the movie. At first, he is a racist and sees them as inferior. However, as he spends more time with them, he begins to see them as individuals and not just as a group. He realizes that they are capable of great things and that they deserve the same respect and recognition as white men.

2. What differences exist among the black soldiers who make up the 54th Massachusetts Volunteer Infantry? What does this tell you about the different experiences of blacks in 19th-century America? What about their regions of origin, former status (enslaved), and educational background?

The 54th Massachusetts Volunteer Infantry was a regiment of African-American soldiers who fought in the American Civil War. The regiment was made up of men from different parts of the United States, including the South, the North, and the West. This tells us that African-Americans were not just a monolithic group, but rather a diverse group of people with different backgrounds and experiences.

3. What attitudes did white soldiers have about the 54th? Did these attitudes change and why?

At first, the white soldiers in the 54th looked down on the African-American soldiers. They saw them as inferior and not worthy of the same respect and recognition as white men. However, as the white soldiers spent more time with the African-American soldiers, they began to change their attitudes. They realized that the African-American soldiers were just as brave and capable as the white soldiers.

4. Were blacks treated equally to whites in the Union army? Explain.

No, African-Americans were not treated equally to whites in the Union army. They were paid less than white soldiers, they were given less food and shelter, and they were often treated with disrespect and discrimination. However, despite these hardships, the African-American soldiers fought bravely and made a significant contribution to the Union war effort.

5. What is significant about Colonel Quick's decision to refuse to go overseas?

Colonel Quick's decision to refuse to go overseas is significant because it shows that he is not a racist. He realizes that the African-American soldiers are just as capable as the white soldiers and that they deserve the same respect and recognition as white men.

6. Did that incident end as you expected? What feelings/arguments come over you last night?

The incident ended as I expected. The African-American soldiers were given the same respect and recognition as the white soldiers. This was a significant step forward for the African-American community. I feel proud of the African-American soldiers who fought bravely in the Union army and made a significant contribution to the Union war effort.
