The groundbreaking multidisciplinary and trans sectarian book offers a must read for scholars across the fields of world philosophy and religious studies **Manual of Patrology and History of Theology** Fulbert Cayré,1927 **The Best Guide to Meditation** Victor N. Davich,1998-06-15 Introduces the concept of meditation offers advice on meditating and describes various types of meditation and how they can influence one's life **The Buddhist Tantras** David B. Gray,2023

The tantric Buddhist traditions emerged in India beginning in the seventh century CE and flourished there until the demise of Buddhism in India circa the fifteenth century These traditions were disseminated to Central East and Southeast Asia and continue to be practiced most notably in Nepal Tibet and Japan as well as in the numerous Tibetan traditions disseminated around the world by Tibetan masters living in diaspora The central scriptures for these traditions were generally designated by the term tantra Tantras are works that purport to relate secret teachings of the buddhas that enable awakening in as short as one lifetime As such they are understood by their advocates to be the inspired speech of a buddha and hence worthy of inclusion in the canons of Buddhist traditions Over the past twenty years there has been considerable growth in the study of tantras as well as translations of these works into Western languages This volume provides a detailed introduction to the Buddhist tantras It addresses their development in India their dissemination to Central East and Southeast Asia and their reception in these contexts It introduces the key teachings in the tantras as well as the history of their interpretation and their connection to traditions of ritual and contemplative practices It also introduces the classification of the tantras and their place in Buddhist scriptural canons It concludes with a look at the transgressive rhetoric that characterizes many of the tantras the impact this had on their dissemination and translation and the ways in which Buddhists explained this It suggests that transgressive rhetoric and practices served an important role in Buddhist tantric traditions which may be why they persist despite the challenges they have presented to the dissemination of these traditions **History of Non-dual Meditation Methods** Javier Alvarado Planas,2014-08-29 The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta Kabbalah within the Jewish tradition Christianity or Islam particularly Sufism but also practiced by other currents or schools that even though already gone significantly influenced the West This is the case of Neoplatonism or Stoicism whose influence was felt by ancient and medieval Christianity or Greco Egyptian Hermetism which played an important role in the European cultural Renaissance from the 15th century on A special consideration has been given to Christian tradition introducing some of the most representative authors of recollection and their meditation methods Este libro tiene por finalidad el estudio de ciertos m todos de meditaci n seguidos no solo por tradiciones religiosas o movimientos metaf sicos que contin an vivos actualmente como el vedanta advaita la c bala en la tradici n jud a el cristianismo o el isl m particularmente el sufismo sino practicados tambi n por otras corrientes o escuelas que aunque ya desaparecidas influyeron significativamente en Occidente Es el caso del neoplatonismo o del estoicismo cuya influencia se dej sentir en el cristianismo antiguo y medieval o del

Weor, 2021-04-06 Meditation historically well known in the East has now become fashionable in the West and even doctors and psychiatrists advise it for healing and improving the states of their patients Unfortunately a snobbish current has appeared and much verbiage has been poured out on this subject This leads the devotee along paths that prevent him from doing it correctly since meditation is something profoundly transcendental In the present treatise all the texts left on this subject by the Avatar of Aquarius V M Samael Aun Weor are gathered clarifying all the doubts explaining the correct technique and guiding anyone who truly wants to enjoy meditation and harvest its fruits on a physical and metaphysical level

As it is well known that no effort of intimate self realization can give results without meditation Dr Samael Aun Weor prolific esotericist author and anthropologist was born amidst the tribulations of a society that was succumbing to materialism and the decadence of all ethical philosophical and transcendental values After enormous personal sacrifices he achieved his personal Self Realization and dedicated his entire life and his immense work to teaching humanity the path of the true Awakening of Consciousness traditionally known as Gnosis Samael Aun Weor delivers in his more than sixty works and renouncing all personal benefits hundreds of practices and all the keys including the Secreto Secretorum of true esotericism in depth that allows the seeker to discover by himself the answers and experience the results through a psychological work based on three factors To be born alchemically To Die to everything illusory and the Sacrifice for Humanity to pay our karmic debts You can find more information about this unrivaled author at www.samael.org AGEAC presents its collection of books in basic format black and white If you wish to purchase our books in color format and with exclusive design please contact us through our web pages

Heart Meditation: An Introduction to Gnostic Heart Meditation Dr. Seyed M. Azmayesh,2014-05-23 This book is an introduction to the ancient Gnostic science of Heart Meditation through the use of mystical rhythms Over the last decades scientific research has established the benefits of meditation for our minds and bodily health However most of the research has been focused on the effect of meditation on the mind as traditional meditation techniques concentrate primarily on the mind and its relation to the body However Gnostics for thousands of years have

focused their meditation techniques on the heart because they recognise the importance of the heart as a gateway for spiritual enlightenment as well as the role it has in creating inner balance in our minds and improving our physical health. This booklet is an introductory guide to this technique which should be practiced under the guidance of an experienced instructor.
