Seriously, Just Go to Sleep Adam Mansbach, 2014-09-11 Now there's a version complete with more of the gorgeous yet weirdly subversive illustrations The best part It's still funny The rhythms the plodding rhymes the illustrations the clever play on the overused trope of the world at bedtime they all work together to take Seriously Just Go to Sleep beyond parody and into the realm where good children's books belong things that parents and children can honestly come to from different places and enjoy together I can imagine reading Seriously Go to Sleep nightly and even to the point where you're begging the child to choose something else the ultimate compliment for a picture book and yet still finding something to enjoy It captures a different zeitgeist of modern parenting New York Times From the team that touched off the irreverent humor trend Go the F k to Sleep author Adam Mansbach and illustrator

Ricardo Cortes comes a new kid friendly version of their instant comic classic Seriously Just Go to Sleep brings children in on the joke helping them understand their own tactics and why their parents just want them to go to sleep Publishers Weekly Critical success for the original Go the F to Sleep a 1 best seller at New York Times Amazon com Wall Street Journal Publishers Weekly and many more Seriously Just Go to Sleep is the G rated traditional sized children s version of the book every parent has been talking about Go the F to Sleep the picture book for adults became a cultural sensation by striking a universal chord for parents Now Adam Mansbach and Ricardo Cort s reunite with Seriously Just Go to Sleep inviting the children themselves in on the joke As parents know kids are well aware of how difficult they can be at bedtime With Cort s s updated illustrations including a cameo appearance by Samuel L Jackson who narrated the audio book version of Go the F to Sleep and Mansbach s new child appropriate narrative the book allows kids to recognize their tactics giggle at their own mischievousness and empathize with their parents struggles a perspective most children s books don t capture Most importantly it provides a common ground for children and their parents to talk about one of the most stressful aspects of parenting Seriously Just Go to Sleep came to be when Mansbach read a highly censored rendition of the original book to his three year old daughter and she recognized herself as the culprit and was delighted We were getting a lot of feedback from parents saying that their kids loved the book read in an altered form because they recognized themselves in the character of the mischievous kid who s winning the bedtime battle and thought it was hilarious So we figured we d do a companion volume that lets kids in on the fun

There is no country in the world where as many different languages are spoken as in New Guinea approximately a fifth of the languages in the world Most of these so called Papuan languages seem to be unrelated to languages spoken elsewhere The present work is the first truly comprehensive study of such a language Hua The chief typological peculiarity of Hua is the existence of a medial verb construction used to conjoin clauses in compound and complex sentences Hua also shows a fundamental morphological distinction between coordinate and subordinate medial clauses the latter are not tense iconic the events they describe are not necessarily prior to the event described in later clauses Moreover their truth is always presupposed The distribution and behaviour of a post nominal suffix *mo* provides insights into the nature of topics conditional clauses and functional definitions of the parts of speech In phonology the central rules of assimilation are constrained by the universal hierarchy of sonority which may however be derived from binary features These are some of the areas in which the grammar of Hua is unusually perspicuous The present work aims at a standard of completeness such that it would be a useful reference work for research in almost any theoretical topic
