God and His Coexistent Relations to the Universe: George D. Shollenberger,2014-01-30 In the book God and His Coexistent Relations to the Universe the author is rejecting the universe that Judaism Christianity Islam Isaac Newton and Albert Einstein have accepted for a long period To replace this old universe an improved universe appeared from the thoughts of Confucius Anaxagoras Plato and Jesus who taught the death of our sun in Ch 24 of Matthew Unfortunately this teaching by Jesus was quieted for fifteen centuries by Irenaeus until Copernicus stood up and said that earth is not the center of the universe So an improved universe was becoming very interesting to many scientists This improved universe of Copernicus would expand when Kepler found that our sun has a system of eight precise planets Slowly the improved universe would become very clear when Leibniz found the immortal human souls and when Galileo found the bodies are made by these immortal souls In 1766 Ben Franklin went to Germany in order to learn the immortal souls of Leibniz In the next ten years Americans would separate America from England which still accepts the old universe After this separation more discoveries would come to the USA from German and Chinese thoughts For example Riemann would tell the world that the relationships of bodies in the universe can be determined only by our senses and measurements With Riemanns statement the author concluded that God is always active The author also found that God and the bodies in the universe come together with co existent concepts With these advances the author rejects the old universe and says that the people of many nations will form a new religion under an active God

Late Antique Portraits and Early Christian Icons Andrew Paterson,2022-06-30 This book focuses on the earliest surviving Christian icons dated to the sixth and seventh centuries which bear many resemblances to three other well established genres of sacred portrait also produced during late antiquity namely Roman imperial portraiture Graeco Egyptian funerary portraiture and panel paintings depicting non Christian deities Andrew Paterson addresses two fundamental questions about devotional portraiture both Christian and non Christian in the late antique period Firstly how did artists visualise and construct these images of divine or sanctified figures And secondly how did their intended viewers look at respond to and even interact with these images Paterson argues that a key factor of many of these portrait images is the emphasis given to the depicted gaze which invites an intensified form of personal encounter with the portrait s subject The book will be of interest to scholars working in art history theology religion and classical studies

God and the Creative Imagination Paul Avis,2013-01-11 A mere metaphor only symbolic just a myth these tell tale phrases reveal how figurative language has been cheapened and devalued in our modern and postmodern culture In God and the Creative Imagination Paul Avis argues the contrary we see that actually metaphor symbol and myth are the key to a real knowledge of God and the sacred Avis examines what he calls an alternative tradition stemming from the Romantic poets Blake Wordsworth and Keats and drawing on the thought of Cleridge and Newman and experience in both modern philosophy and science God and the Creative Imagination intriguingly draws on a number of non theological disciplines from literature to philosophy of science to show us that God is appropriately likened to an artist or poet and that the greatest truths are expressed in an imaginative form Anyone wishing to further their understanding of God belief and the imagination will find this an inspiring work

Art Gregory Minissale,2009 Framing Consciousness in Art examines how the conscious mind enacts and processes the frame that both surrounds the work of art yet is also shown as an element inside its space These frames in frames may be seen in works by Teniers Vel zquez Vermeer Degas Rodin and Cartier Bresson and in the films of Alfred Hitchcock and Bu uel The book also deals with framing in a variety of cultural contexts Indian Chinese and African going beyond Euro American formalist and aesthetic concerns which dominate critical theories of the frame **The Spirit and the Common Good**

Daniela C. Augustine,2019-09-12 A fresh vision of the common good through pneumatological lenses Daniela C Augustine a brilliant emerging scholar offers a theological ethic for the common good Augustine develops a public theology from a theological vision of creation as the household of the Triune God bearing the image of God in a mutual sharing of divine love and justice and as a sacrament of the divine presence The Spirit and the Common Good expounds upon the application of this vision not only within the life of the church but also to the realm of politics economics and care for creation The church serves a priestly and prophetic function for society indeed for all of creation This renewed vision becomes the foundation for constructing a theological ethic of planetary flourishing in and through commitment to a sustainable communal praxis of a shared future with the other and the different While emphatically theological in its approach The Spirit and the Common Good engages readers with insights from political philosophy sociology of religion economics and ecology as well as forgiveness reconciliation and peacebuilding studies **The Fifth Dimension** A.E. Dyson,2016-07-27 A E Dyson defines the

fifth dimension as our unending moment of consciousness related Janus wise to clock time the Second Law of Thermodynamics and to Eternity He studies in depth plays by Aeschylus Sophocles and Euripides Christ s two great prayers and his proclamation of The Kingdom and mystical traditions with Otto T S Eliot Vaughan Blake Wordsworth among the witnesses He attacks all dogmatic churches finding in help for the homeless help for our planet help for cultural minorities the touchstone of religion The reality of our eternal destiny and our earthly battle with evil is asserted against the cultural degradation of this century A challenge to youth especially in the coming millennium **The Christ of the Apocalypse:**

Contemplating the Faces of Jesus in the Book of Revelation Msgr. A. Robert Nusca,2018-06-30 That the Apocalypse of John is

a Revelation of Jesus Christ Rev 1 1 is a fact too often overlooked by interpreters of this last book of the Bible As Msgr A Robert Nusca s *The Christ of the Apocalypse Contemplating the Faces of Jesus in the Book of Revelation* proposes beyond predictions of earthquakes and falling stars St John articulates from start to finish a multifaceted and compelling portrait of Jesus Christ Nusca offers an exegetical reading of selected verses of the Book of Revelation incorporating rich spiritual and pastoral reflections *The Christ of the Apocalypse* above all affirms that St John s God and Christ centered symbolic universe offers our contemporary world a spiritual place to stand amid the shifting sands of postmodernity As Cardinal Thomas Collins Archbishop of Toronto writes in his Foreword Now as in the first century Christians face martyrdom and those who are not called to die for Christ are called to live for Christ in a world which in many ways rejects the Gospel More than ever we need the apocalyptic vision to have our own vision of reality clarified and to be strengthened in our evangelical witness **The Death of Wisdom The Rise of Folly** Dr. Arnold O. Thompson, 2022-01-12 Wisdom is riding on a passenger train of time on a collision course with destiny and we are all in for the ride This book is about wisdom riding on this train These words as part of the introduction of the book set the specific context and overall challenge and purpose for this book Here wisdom is likened to a lady riding on the train of civilization past prominence in a social political and spiritual direction But the book argues in recent times she has been forced to ride in the back of the train Her wisdom of the ages is despised and her steady influences of the ages are ignored Now we live in a vast field of folly How do we find our way out How do we see her hear her and love her again This is the story of this book *The Orthodox Icon and Postmodern Art* C.A. Tsakiridou, 2024-08-29 This study examines the theories of postmodern visuality and representation and identifies concepts that resonate with Orthodox theology and iconography C A Tsakiridou frees the Orthodox icon from iconological precepts that limit its aesthetic and expressive range The book s key argument is that poststructuralist thought is not alien to Orthodox theology and iconography Dissonance liminality and ambiguity are essential for conveying the paradoxes of Christian faith and recognizing the hagiopneumatic vitality and openness of the Orthodox tradition Perichoresis or coinherence a concept in patristic theology that defines the relationship between the three persons of the Holy Trinity and the two natures of Christ acquires a feminine dimension in the person of the Theotokos Like the ascetical concept of nepsis it has aesthetic implications Intermedial qualities present in iconography photography and cinema help explain how icons become hosts to transcendent realities and how their experience in Orthodox liturgy and devotion has anticipated and resolved the postmodern disorientation of visuality and representation The book will be of interest to scholars working in art history postmodernism philosophy theology religion and gender studies
