Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world s major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world s priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly s intent is to facilitate critical analysis of the world s holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world s major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their

religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them. Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds. Thus was born *Scoffing at Scripture: A Commoner Reads the World's Holy Writ and Rejects Traditional Religion*, a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance.

The Oxford Handbook of Religion and American Education Michael D. Waggoner, Nathan C. Walker, 2018-08-01 From the founding of Harvard College in 1636 as a mission for training young clergy to the landmark 1968 Supreme Court decision in *Epperson v Arkansas* which struck down the state's ban on teaching evolution in schools, religion and education in the United States have been inextricably linked. Still today new fights emerge over the rights and limitations of religion in the classroom. *The Oxford Handbook of Religion and American Education* brings together preeminent scholars from the fields of religion, education, law, and political science to craft a comprehensive survey and assessment of the study of religion and education in the United States. The essays in the first part develop six distinct conceptual lenses through which to view American education including Privatism, Secularism, Pluralism, Religious Literacy, Religious Liberty, and Democracy. The following four parts expand on these concepts in a diverse range of educational frames: public schools, faith-based K-12 education, higher education, and lifespan faith development. Designed for a diverse and interdisciplinary audience, this addition to the Oxford Handbook series sets for itself a broad goal of understanding the place of religion and education in a modern democracy.

Christian Theology in a Pluralistic Age David H. Jensen, 2024-12-16 How does today's context of radical pluralism affect Christian theology? Can Christian theologians be claimed by more than one religious tradition? What makes constructive interreligious dialogue possible? The authors of this volume explore the challenges and opportunities of religious diversity and religious non-affiliation for Christian faith. By exploring the ways in which engagement of other traditions changes them, these theologians offer hopeful reflections for the church's dialogical future.

Science and Religions in America Greg Cootsona, 2022-12-30 What is religion? What is science? How do they interact with each other? *Science and Religions in America: A New Look* offers a cutting edge overview of the diverse range of religious traditions and their complex and fascinating interaction with science. Pluralistic in scope, the book is different from traditional Christian and/or monotheistic approaches to studying the rich interplay of religion and science in multi-religious American culture. Featuring interviews with specialists in the field, Greg Cootsona draws on their insights to provide a comprehensive, accessible, and engaging introduction to the challenging interrelationship of religion and science. Each chapter focuses on a different religion within the United States, covering Buddhism, Christianity, Nature Religions, Islam, Judaism, Hinduism, and the Spiritual but Not Religious (SBNR). Global religious traditions and their inextricable relationship with science and technology are examined in an accessible and interactive format. With lightning round Q&As, contributions from leading thinkers, and suggestions for further reading, this book primes

undergraduate students for studying the interchange of science and religions in the plural and is an exciting new resource for those interested in these topics in contemporary America
