**Life and Poetic Emotions** LadyBlue2000,2011-07-28 I started writing many years ago At first it was just mental therapy for me My doctor very great psychologist told me that if I wrote my feelings down on paper that it would help me feel better and cope with what's bothering me in my head I suffered many horrors in my life and I needed a way cope and live a normal life Well my life isn't exactly normal as you will read And neither are some of my poems The question for me to ask is anyone's life really normal I wanted my life to be written so that the future generations of my family will know about me And will know of how I became the person that I ended up to be By accident I realized that I could write poems of many kinds A guarantee that you will laugh and sometimes cry and even learn from my poems Of how to love heal cope laugh cry live and get even through my poems Many of my friends online around the world give me subjects to write about To be their words for them to speak to others To help to Heal to dream reasons to live and reasons to want to pray And reasons to not want to die I thought to myself that if I'm going to be a writer that I don't want to let one subject to be untouched To speak out words that I feel need to be heard through my poems I want my book to be of help to others for whatever needs they have And I pray with my whole heart that you get something good out of what you are about to read And whether you believe it or not you will find in my book of something that you might need written in one or more of my poems And the life story is to help you know that your life is better than you may have thought In my poems there is something for everyone And that means you My e-mail is written in my book if you would like to write me or even comment on my book Weather good or bad happy or sad I would like to know of how you feel

Owens-Oliver, 2015-12-11 You've been told that your husband is coming around the corner but you can't figure out which corner that is. It seems your man is nowhere to be found and you are still single. It is God who said being alone is not a good thing. And yet clearly you are alone. If God back in the Garden of Eden saw and knew that being alone is not good, why did he allow it? Why would God create or cause anything that is not good? Perhaps it is because God is up to something. The sooner you align your desires with his, the sooner you will understand what he is up to and why your request to be married among other things is still in his inbox. The first thing you must understand is that the whole time you've been trying to get something from God, God has been trying to get something from you. Have you ever stopped to think about why you are single and what God may want you to do? There may be something that God has called you to do as a single woman that you must complete before you get married. This book will help you realize that marriage is not the big picture; it's just one piece of the puzzle. God has so much more in store for you. But between now when you want it and then when you get it, God has set in motion a divine plan for your future. The more time you spend with him, the better prepared you will be for all the wonderful experiences the future holds. Marriage included. This book will help you recognize and fill in some of the missing pieces in your life so that when you do get married, you'll be ready for the challenge. *Just Mom and Me Having Tea* Mary J.
