Book 6 Biblical Faith PB Kurt Jurgensmeier, 2012-10-28 Faith is a vital topic in Christian theology However the concept is more complex than is assumed John Stott writes One wonders if there is any Christian quality more misunderstood than faith We demonstrate that Scripture uses faith in a variety of ways including saving faith false faith miracle faith empowering faith and visionary faith Failure to recognize this leads to serious error in both Arminianism and charismaticism Included is an extended section on visionary faith that enables us to step out in courage taking risks to pursue human plans to fulfill God's commands In our defense of the fact that biblical faith must rest on biblical revelation we critique the inclusivism of John Wesley Billy Graham and C S Lewis which claims salvation can be apart from a revelation of the Gospel Finally we demonstrate that the strength of our faith depends on reason and the evidences it perceives and evaluates There is no such thing as a biblical leap of faith apart from reason
