The Story of R.G.LeTourneau

God Runs My Business The Story Of R G Letourneau

Robert Krapohl, Charles H. Lippy

God Runs My Business The Story Of R G Letourneau:

God Runs My Business Albert W. Lorimer, Robert Gilmour LeTourneau, 1941 God Runs My Business Albert W. Lorimer, 1941 God's Businessmen Sarah Ruth Hammond, 2017-11-20 The evangelical embrace of conservatism is a familiar feature of the contemporary political landscape What is less well known however is that the connection predates the Reagan revolution going all the way back to the Depression and World War II Evangelical businessmen at the time were quite active in opposing the New Deal on both theological and economic grounds and in doing so claimed a place alongside other conservatives in the public sphere Like previous generations of devout laymen they self consciously merged their religious and business lives financing and organizing evangelical causes with the kind of visionary pragmatism that they practiced in the boardroom In God's Businessmen Sarah Ruth Hammond explores not only these men's personal trajectories but also those of the service clubs and other institutions that like them believed that businessmen were God's instrument for the Christianization of the world Hammond presents a capacious portrait of the relationship between the evangelical business community and the New Deal and in doing so makes important contributions to American religious history business history and the history of the American state

The Business Turn in American Religious History Amanda Porterfield, Darren E. Grem, John Corrigan, 2017 Business has received little attention in American religious history although it has profound implications for understanding the sustained popularity and ongoing transformation of religion in the United States This volume offers a wide ranging exploration of the business aspects of American religious organizations The authors analyze the financing production marketing and distribution of religious goods and services and the role of wealth and economic organization in sustaining and even shaping worship charity philanthropy institutional growth and missionary work Treating religion and business holistically their essays show that American religious life has always been informed by business practices Laying the groundwork for further investigation the authors show how American business has functioned as a domain for achieving religious goals Indeed they find that religion has historically been more powerful when interwoven with business Chapters on Mormon enterprise Jewish philanthropy Hindu gurus Native American casinos and the wedding of business wealth to conservative Catholic social teaching demonstrate the range of new studies stimulated by the business turn in American religious history Other chapters show how evangelicals joined neo liberal economic practice and right wing politics to religious fundamentalism to consolidate wealth and power and how they developed marketing campaigns and organizational strategies that transformed the American religious landscape Included are essays exposing the moral compromises religious organizations have made to succeed as centers of wealth and influence and the religious beliefs that rationalize and justify these compromises Still others examine the application of business practices as a means of sustaining religious institutions and expanding their reach and look at controversies over business practices within religious organizations and the adjustments such organizations have made in response Together the essays collected here offer new

ways of conceptualizing the interdependence of religion and business in the United States establishing multiple paths for further study of their intertwined historical development What's Good for Business Kim Phillips-Fein, Julian E.

Zelizer, 2012-04-10 This book provides a sweeping interpretation of how business mobilized to influence public policy and elections since World War II The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing **Encyclopedia of Evangelicalism** Randall Herbert

Balmer, 2004 In this completely revised and expanded edition of the Encyclopedia of Evangelicalism Randall Balmer gives readers the most comprehensive resource about evangelicalism available anywhere With over 3 000 separate entries the Encyclopedia of Evangelicalism covers historical and contemporary theologians preachers laity cultural figures musicians televangelists movements organizations denominations folkways theological terms events and much more all penned in Balmer's engaging style Students scholars journalists and laypersons will all benefit from Balmer's insights **Christianity and Politics in Doe's Liberia** Paul Gifford, 2002-05-16 This study examines the role of Christianity in Liberia under the corrupt regime of Samuel K Doe 1980 1990 Paul Gifford shows that in general Liberian Christianity far from being a force for justice and human advancement diverted attention from the cause of Liberia's ills left change to God's miraculous intervention encouraged obedience and acceptance of the status quo and thus served to entrench Doe's power This Christianity devised in and controlled from the United States thus furthered regional American economic and political objectives which were designed to support Doe's rule **The Liberty Book** John Bona, Don Schanzenbach, 2016-09-01 News

reports bring to our ears daily stories of further intrusion in our lives and increased regulations too many to number America is losing its heritage of God given freedoms which were originally derived from biblical teaching We sense that our well sung liberties are being lost to a point of no return The Liberty Book examines the Christian roots of liberty idolatry taxation foundations for freedom the right to bear arms the great freedom documents in history pro life and liberty land rights social

involvement and more With God s help freedom can be revived We must all work to pull America back from the cliffs edge fall into tyranny Our nation is again in search of genuine liberty under God Discover what Bible based liberty looks like and how it can be won for you and your children *Struggle for the Soul of the Postwar South* Ken Fones-Wolf,Elizabeth A. Fones-Wolf,2015-03-15 In 1946 the Congress of Industrial Organizations CIO undertook Operation Dixie an initiative to recruit industrial workers in the American South Elizabeth and Ken Fones Wolf plumb rarely used archival sources and rich oral histories to explore the CIO s fraught encounter with the evangelical Protestantism and religious culture of southern whites The authors nuanced look at working class religion reveals how laborers across the surprisingly wide evangelical spectrum interpreted their lives through their faith Factors like conscience community need and lived experience led individual preachers to become union activists and mill villagers to defy the foreman and minister alike to listen to organizers As the authors show however all sides enlisted belief in the battle In the end the inability of northern organizers to overcome the suspicion with which many evangelicals viewed modernity played a key role in Operation Dixie s failure with repercussions for labor and liberalism that are still being felt today Identifying the role of the sacred in the struggle for southern economic justice and placing class as a central aspect in southern religion *Struggle for the Soul of the Postwar South* provides new understandings of how whites in the region wrestled with the options available to them during a crucial period of change and possibility *Myself When I am Real* Gene Santoro,2001-11-29 Charles Mingus was one of the most innovative jazz musicians of the 20th Century and ranks with Ives and Ellington as one of America s greatest composers By temperament he was a high strung and sensitive romantic a towering figure whose tempestuous personal life found powerfully coherent expression in the ever shifting textures of his music Now acclaimed music critic Gene Santoro strips away the myths shrouding Jazz s Angry Man revealing Mingus as more complex than even his lovers and close friends knew A pioneering bassist and composer Mingus redefined jazz s terrain He penned over 300 works spanning gutbucket gospel Colombian cumbias orchestral tone poems multimedia performance and chamber jazz By the time he was 35 his growing body of music won increasing attention as it unfolded into one pioneering musical venture after another from classical meets jazz extended pieces to spoken word and dramatic performances and television and movie soundtracks Though critics and musicians debated his musical merits and his personality by the late 1950s he was widely recognized as a major jazz star a bellwether whose combined grasp of tradition and feel for change poured his inventive creativity into new musical outlets But Mingus got headlines less for his art than for his volatile and often provocative behavior which drew fans who wanted to watch his temper suddenly flare onstage Impromptu outbursts and speeches formed an integral part of his long running jazz workshop modeled partly on dramatic models like Orson Welles Mercury Theatre Keeping up with the organized chaos of Mingus s art demanded gymnastic improvisational skills and openness from his musicians which is why some of them called it the Sweatshop He hired and fired musicians on the bandstand attacked a few musicians physically and many more verbally

twice threw Lionel Hampton's drummer off the stage and routinely harangued chattering audiences once chasing a table of inattentive patrons out of the FIVE SPOT with a meat cleaver. But the musical and mental challenges this volcanic man set his bands also nurtured deep loyalties. Key sidemen stayed with him for years and even decades. In this biography Santoro probes the sore spots in Mingus's easily wounded nature that helped make him so explosive: his bullying father, his interracial background, his vulnerability to women and distrust of men, his views of political and social issues, his overwhelming need for love and acceptance. Of black, white, and Asian descent, Mingus made race a central issue in his life as well as a crucial aspect of his music, becoming an outspoken and often misunderstood critic of racial injustice. Santoro gives us a vivid portrait of Mingus's development from the racially mixed Watts where he mingled with artists and writers as well as mobsters, union toughs, and pimps to the artistic ferment of postwar Greenwich Village where he absorbed and extended the radical improvisation flowing through the work of Allen Ginsberg, Jackson Pollock, and Charlie Parker. Indeed, unlike most jazz biographers, Santoro examines Mingus's extra-musical influences from Orson Welles to Langston Hughes, Farwell Taylor, and Timothy Leary, and illuminates his achievement in the broader cultural context it demands. Written in a lively novelistic style, *Myself When I Am Real* draws on dozens of new interviews and previously untapped letters and archival materials to explore the intricate connections between this extraordinary man and the extraordinary music he made. *Revive Us Again* Joel A. Carpenter, 1999. Publicly humiliated by the Scopes monkey trial of 1925, fundamentalism in America seemed extinct by the end of the 1920s and then all but invisible to the mainstream until evangelists like Billy Graham gave new life to the movement in the popular revivals of the 1940s and 50s. Here Joel A. Carpenter illuminates these hidden years in the fundamentalist movement's history and in doing so provides answers to the riddle of its survival. Blending painstaking research, telling anecdotes, and astute analysis, Carpenter brings this era into focus for the first time ever. He shows that, contrary to the popular opinion of the day, fundamentalism was alive and well in America in the late 1920s and used its isolation over the next 20 years to build new strength from within. Taking a reasoned, objective approach to a topic frequently reduced to caricature, *Revive Us Again* gives us a fresh look at the continuing influence of American fundamentalism, an influence still evident in today's newspapers and cable TV newscasts. Corporate Spirit Amanda Porterfield, 2018-03-01. In this groundbreaking work, Amanda Porterfield explores the long intertwining of religion and commerce in the history of incorporation in the United States. Beginning with the antecedents of that history in western Europe, she focuses on organizations to show how corporate strategies in religion and commerce developed symbiotically and how religion has influenced the corporate structuring and commercial orientation of American society. Porterfield begins her story in ancient Rome. She traces the development of corporate organization through medieval Europe and Elizabethan England and then to colonial North America where organizational practices derived from religion infiltrated commerce and commerce led to political independence. Left more to their own devices than under British law, religious groups in the United States

experienced unprecedented autonomy that facilitated new forms of communal governance and new means of broadcasting their messages As commercial enterprise expanded religious organizations grew apace helping many Americans absorb the shocks of economic turbulence and promoting new conceptions of faith spirit and will power that contributed to business Porterfield highlights the role that American religious institutions played a society increasingly dominated by commercial incorporation and free market ideologies She also shows how charitable impulses long nurtured by religion continued to stimulate reform and demand for accountability Romans (Teach the Text Commentary Series) C. Marvin Pate,2013-01-15

The Teach the Text Commentary Series utilizes the best of biblical scholarship to provide the information a pastor needs to communicate the text effectively The carefully selected preaching units and focused commentary allow pastors to quickly grasp the big idea and key themes of each passage of Scripture Each unit of the commentary includes the big idea and key themes of the passage and sections dedicated to understanding teaching and illustrating the text **The Alliance Weekly** ,1944 *The Union Seminary Review* Union Theological Seminary in Virginia,1941 **The Publishers Weekly** ,1942

The Legend of Rowan Jeffrey L. Rodengen,1998 Rowan Companies grew from the dreams of two Texas brothers Charles and Archibald Rowan and their 16 000 oil rig The two men started out as roughnecks and founded the company in 1923 The men formed a lifelong partnership based on hard work loyalty to their workers and cost conscious business sense Rowan Companies today builds and operates huge offshore drilling rigs and owns a fleet of helicopters and airplanes that provide services as varied as medical flights and Alaskan sightseeing tours Relive the struggles and stories in the pages of *The Legend of Rowan* Individually boxed **The Keswick Movement** Charles Edwin Jones,2007 This volume introduces researchers to the leaders ideas and institutions of the Keswick Movement a strand of holiness teaching that was embraced by many evangelicals who came from the more Calvinistic wing of Protestantism especially Anglicans Baptists Congregationalists and Presbyterians The Keswick Movement is the most difficult of the three main holiness traditions to delineate Unlike the Wesleyan Holiness and Holiness Pentecostal traditions the Keswick Movement has not gone through a definitive period of careful theological refining and institutional boundary setting **The Publishers' Trade List Annual** ,1967

Right here, we have countless book **God Runs My Business The Story Of R G Letourneau** and collections to check out. We additionally offer variant types and as well as type of the books to browse. The up to standard book, fiction, history, novel, scientific research, as skillfully as various further sorts of books are readily open here.

As this God Runs My Business The Story Of R G Letourneau, it ends stirring visceral one of the favored book God Runs My Business The Story Of R G Letourneau collections that we have. This is why you remain in the best website to look the unbelievable books to have.
