Return of the Divine Sophia Tricia McCannon, 2015-03-06 An initiatic journey into the Mysteries of the Goddess and humanity s return to an age of peace and celestial light Details the ceremonies and rituals of initiation into the Fellowship of Isis Reveals the lost teachings of Jesus about the Divine Mother and Father and how the goddess Sophia is connected to Mary Magdalene as the Female Christ Explores the many archetypes of the Goddess including Isis Brigit and the Black Madonna and how we can transform into Homo luminous spiritual beings of light Called through her dreams by the Priestesses of Isis Tricia McCannon set out on a spiritual journey into the Mysteries of the Goddess After a fateful encounter with a high initiate

of the ancient Fellowship of Isis she began researching the history of Judaism and Christianity to find out how and when the Divine Feminine became lost She discovered a forgotten age when the Creator was honored as female and humanity lived in peaceful societies completely free of war She shows how we can return to an age of peace and celestial light if we work to bring the masculine and feminine energies of the world back into balance Sharing her journey into the heart of the Divine Mother McCannon details her initiation into the Fellowship of Isis a process rich with ceremony ritual and myths of the Goddess from ancient Egyptian Celtic Greek Hebrew and Native American traditions She reveals how the many archetypes of the Goddess including Isis Ishtar Brigit and the Black Madonna can become our allies for self transformation She explores Mysteries at the heart of Christianity that have remained hidden for nearly 2 000 years and how the Gnostic goddess Sophia is tied to the Second Coming Mary Magdalene and the Female Christ She reveals the lost teachings of Jesus about the Divine Mother and Father and about the Divine Daughter and Son Through her story and her in depth research McCannon takes us on a journey to awaken the creative power of the Divine Feminine within each of us Equipped with the teachings of the Goddess we gain the mastery to overcome the deeply rooted masculine feminine imbalance of the patriarchy and to embark into the future as Homo luminous beings of light

God and the Goddesses Barbara Newman, 2016-01-14 Contrary to popular belief the medieval religious imagination did not restrict itself to masculine images of God but envisaged the divine in multiple forms In fact the God of medieval Christendom was the Father of only one Son but many daughters including Lady Philosophy Lady Love Dame Nature and Eternal Wisdom God and the Goddesses is a study in medieval imaginative theology examining the numerous daughters of God who appear in allegorical poems theological fictions and the visions of holy women We have tended to understand these deities as mere personifications and poetic figures but that Barbara Newman contends is a mistake These goddesses are neither pagan survivals nor versions of the Great Goddess constructed in archetypal psychology but distinctive creations of the Christian imagination As emanations of the Divine mediators between God and the cosmos embodied universals and ravishing objects of identification and desire medieval goddesses transformed and deepened Christendom s concept of God introducing religious possibilities beyond the ambit of scholastic theology and bringing them to vibrant imaginative life Building a bridge between secular and religious conceptions of allegorized female power Newman advances such questions as whether medieval writers believed in their goddesses and if so in what manner She investigates whether the personifications encountered in poetic fictions can be distinguished from those that appear in religious visions and questions how medieval writers reconcile their statements about the multiple daughters of God with orthodox devotion to the Son of God Furthermore she examines why forms of feminine God talk that strike many Christians today as subversive or heretical did not threaten medieval churchmen Weaving together such disparate texts as the writings of Latin and vernacular poets medieval schoolmen liturgists and male and female mystics and visionaries God and the Goddesses is a direct challenge to modern theologians to reconsider the role of goddesses in the Christian tradition

Christine de Pizan and Biblical Wisdom Bonnie A. Birk,2005 The fifteen century writer Christine de Pizan very adeptly used various aspects of the religious traditions of her day in her confrontation of misogynous beliefs and attitudes In this book the insights of today s feminist scholars in religion are used to demonstrate that one of the more intriguing religious elements Christine drew upon was the female figure of biblical Wisdom While the use of Wisdom in the Medieval era in a general theological and literary sense was quite prevalent Christine took a significant step beyond customary symbolic usage in that Wisdom was called upon as a metaphor for deity to creatively fortify her efforts to claim justice and honor for herself and for all women Wisdom appeared to function for Christine as a reflection in the divine realm of ideal female and male realities in the human This book serves to add a newly discovered source of inspiration for Christine de Pizan s development of her literary theological creations and serves as well to add Christine s remarkable feminist appropriation of the female figure of biblical Wisdom to current feminist theological discussions

Sophia, Goddess of Wisdom Caitlin Matthews,1991 Sophia Goddess of Wisdom takes the reader on a journey from pre Christian spirituality to

the present day seeking out the presence of the Goddess **Sophia, Goddess of Wisdom** Caitlin Matthews,1992 **Mary and the Divine Sophia** Ron MacFarlane,2016-08-12 NO DOUBT anyone interested in Christian esotericism will have noticed that there is a widespread modern day revival of interest in the ancient gnostic concept of Sophia amongst a strange diversity of groups wiccans neo pagans New Agers neo gnostics Catholic mystics Orthodox Christians radical feminists and anthroposophists Adding to this ideological melange is the exotic variety of Sophia designations and conceptions the Divine Sophia the heavenly sophia the earthly sophia Hagia Sophia the goddess Sophia the Aeon Sophia the Virgin Sophia Sophia Achamoth Pistis Sophia Isis Sophia Jesus Sophia theo sophia philo sophia and anthropo sophia Not surprisingly then this cacophony of Sophias is very often contradictory confusing distorted invented erroneous and sadly rarely enlightening It is not difficult to detect that esoteric entrepreneurs have seized this current thirst for Sophia to offer up a potpourri of books courses conferences workshops lessons websites video clips internet articles even worship services to inundate titillate and financially captivate any novice Sophia seeker So what is a sincere Christian esotericist to make of this fervent Sophia phenomenon Is it a positive and healthy spiritual development or is it a regressive and outmoded religious diversion This particular discourse Mary and the Divine Sophia delves deeply and genuinely into this important question in order to establish spiritual fact from unspiritual fiction In order to adequately answer this question however profound esoteric investigation into the Trinitarian nature of God as well as the universal being of the Logos Word together with the fundamental underlying principles of the created cosmos will need to be detailed and discussed Some of this previously guarded esoteric information may be quite new and unfamiliar to many readers but every effort has been made to present it in clear understandable concepts Furthermore since the mother of Jesus is very often intimately associated or connected to historical and present day conceptions of Sophia a comprehensive study will also be undertaken regarding Mary and her special relationship to the Divine Sophia relying heavily on the spiritual scientific research of Austrian philosopher and esotericist Rudolf Steiner 1861 1925 Once again a great deal of this information will be startlingly new to those unfamiliar with anthroposophy but as before great care has been taken to present this possibly unfamiliar information in a comprehensible intellectually accessible way It is sincerely intended that this discourse will provide the earnest esotericist with reliable trustworthy and objective spiritual knowledge in order to confidently know and understand the mystery truth of the heavenly sophia and thereby extricate her from the distortions and falsifications of Lucifer and Ahriman **Subject**

Guide to Books in Print ,1993 **The Gospel of Sophia** Tyla Gabriel,2014-11-11 For the first time in print the secrets of the Mystery Schools and highest yoga tantra concerning the primacy of the Divine Feminine Trinity are revealed through self evident scholarship and inspiring panoramic views of the three Goddesses The biographies of a Mother Goddess who created the world and is found in every creation story the Daughter Goddess who descended like Christ from heaven to redeem fallen matter and The Holy Sophia who travels along with humanity as it evolves is told in detail with accompanying documentation

that is historic and deeply stirring The three biographies of the Mother Daughter and The Holy Sophia conclusively answer all cosmological philosophical and theological questions about the divine that have engaged the hearts and minds of thinkers since the beginning of time The Gospel of Sophia gives the reader an opportunity to see the divine pictured in ways that have never been offered in one book Volume I is a source text that points directly to the reader's ability to experience the divine through the thinking feeling and willing aspects of the reader's consciousness The Gospel of Sophia is a Living Imagination of our time Simple symbols and parables will bring the reader to experience Sophia in ways that have only been dreamt about before or described as inspirations that were not connected to a stream of wisdom that self initiates the practitioner The reader will move from an aspirant seeking knowledge to an initiate who begins to experience Sophia Christos in a process of self initiation This vision of the Great Goddess is unparalleled in the literature on the current revelation of the Divine Feminine Trinity

Sophia Karsten Massei,2025-09-25 Over time I realized that Sophia has long since united herself with the human being It became apparent to me that her sphere of being has become the sphere of the

human soul With a strong emphasis on personal inquiry Karsten Massei provides a unique guide to inner pathways that lead to Sophia using spiritual writings meditations and imagery He reveals Sophia as a goddess who embodies diverse aspects of ancient creative deities such as Isis Gaia Athene and Persephone who have accompanied humanity through the ages Though each journey toward her is personal they share a common goal to deepen our understanding of life and infuse it with wisdom This book invites readers to awaken their own direct experience of the spiritual being known as Sophia Drawing on his personal spiritual investigations and inspired by figures such as Hildegard of Bingen and Jacob Boehme who both encountered Sophia consciously Massei explores her relevance to our time and her significance for the modern soul Who is Sophia How can we come to know her And what can we do to develop our own insights and relationship with her These are the questions at the heart of this profound and timely work The gateway to Sophia is wide open I was surprised that nothing obstructed my entry into her intrinsic sphere except my reticence or perhaps my sense of inadequacy or lack of trust Her light illumines our souls whether we wish it or not
