Gods Names And Attributes He Is:

Jehovistic names and titles of God. The attributes of God. Sins. Christian dogmatics Henry Donald Maurice Spence-Jones, Joseph Samuel Exell, Charles Neil, 1889 **Second Edition: the Attributes of God in the Monotheistic Faiths of Judeo-Christian and Islamic Traditions** Husein Khimjee Ph.D., 2018-08-08 This book is the Second Edition of the book first published in 2011 It is one of the first books of its kind in the market clearly explaining and expanding the Attributes of God in the Judeo Christian and Islamic traditions With the expansion of the book in its Second Edition it also contains discussion of Prophets and Messengers and in particular discusses the status of Abraham in all the Three monotheistic traditions The Jewish Christian and Islamic traditions This book is about God and our relationship with God What is more interesting about the Second Edition is that it expands the possibility of more research on the concept of prophethood in the family of Abrahamic faiths Further it discusses the status of Abraham according to the theology of St Paul comparing it briefly with Islam This book discusses also the status of Jesus in the Jewish and in the Islamic traditions *The Attributes of God in Islamic Thought* Mansoor Khalilzand, 2024-03-18 The debate over Allah's attribute the nature and the inner articulation of Allah is one of the focal debates in the intellectual history of Islam This edited collection aims to highlight and examine some aspects of this debate in their original context based on the relevant primary literature By showing that even an apparently self evident concept such as Allah which lies at the heart of every reading of Islam is highly ambiguous and polysemous the chapters also emphasise the plurality that has always existed in Islamic thought Through highlighting the philosophical and theological reflections on the concept of Allah the results of this study challenge the juristic reading of Islam in which Allah's function consists mainly in providing a detailed plan for the human life and also rewarding or punishing the ones who deviates from it The book also attempts to demonstrate the relevance and the actuality of the tradition and to stress its contemporaneity This volume makes a significant part of the intellectual tradition of Islam accessible for students and scholars of Islamic theology Islamic philosophy Islamic studies and the like as well as providing a secondary source for teaching on the debate in question *The Oxford Handbook of Islamic Theology* Sabine Schmidtke, 2016-03-31 Within the field of Islamic Studies scientific research of Muslim theology is a comparatively young discipline Much progress has been achieved over the past decades with respect both to discoveries of new materials and to scholarly approaches to the field The Oxford Handbook of Islamic Theology provides a comprehensive and authoritative survey of the current state of the field It provides a variegated picture of the state of the art and at the same time suggests new directions for future research Part One covers the various strands of Islamic theology during the formative and early middle periods rational as well as scripturalist To demonstrate the continuous interaction among the various theological strands and its repercussions during the formative and early middle period and beyond Part Two offers a number of case studies These focus on specific theological issues that have developed through the dilemmatic and often polemical

interactions between the different theological schools and thinkers Part Three covers Islamic theology during the later middle and early modern periods One of the characteristics of this period is the growing amalgamation of theology with philosophy Peripatetic and Illuminationist and mysticism Part Four addresses the impact of political and social developments on theology through a number of case studies the famous *mi na* instituted by al Ma mun r 189 813 218 833 as well as the *mihna* to which Ibn Aqil d 769 1367 was subjected the religious policy of the Almohads as well as the shifting interpretations throughout history particularly during Mamluk and Ottoman times of the relation between Ash arism and Maturidism that were often motivated by political motives Part Five considers Islamic theological thought from the end of the early modern and during the modern period

Ibn Taymiyya and the Attributes of God Farid Suleiman, 2024-01-15 In *Ibn Taymiyya and the Attributes of God* orig published in German 2019 Farid Suleiman pieces together on the basis of statements scattered unsystematically over numerous individual treatises an overall picture of the methodological foundations of Ibn Taymiyya s doctrine of the divine attributes He then examines how Ibn Taymiyya applies these foundational principles as exemplified in his treatment of selected divine attributes Throughout the book Suleiman relates Ibn Taymiyya s positions to the larger context of Islamic intellectual history The book was awarded the Dissertation Prize 2019 by the Academy for Islam in Research and Society AIWG and the Classical Islamic Book Prize by Gorgias Press 2020

The Ultimate Guide to the Names of God Elmer L. Towns, 2014-05-06 Through learning God s names we can discover what He wants for us how He provides for us and learn new deeper ways to approach Him in prayer With this collection of bestselling books Elmer Towns introduces you to the numerous names of God in the Bible Book one of this collection *My Father s Name* shows you what the Old Testament names of God mean and how knowing these names can bring you closer to your Heavenly Father Book two *The Names of the Holy Spirit* explores the more than 80 names of the Holy Spirit in Scripture and shares how each

name reveals an essential truth about the Third Person of the Trinity Book three The Names of Jesus reveals the many names of Jesus in the Bible and how these can help you know Him more fully as your Lord Friend Provider Intercessor coming King and much more *The Indescribable God* Barry D. Smith, 2012-10-05 The God of classical Christian faith is radically transcendent utterly beyond understanding and words So if God is to be known it must be in the luminous darkness of unknowing Drawing on a wide range of primary sources biblical patristic and medieval Barry D Smith identifies and explores seven ways of expressing the otherness of God in classical Christian thinking By allowing historical theologians to speak for themselves he shows how an aversion to ontotheology long precedes postmodernism The book first lays out the Old Testament and New Testament foundations for subsequent Christian reflections on divine transcendence These were the teachings that the early church assumed and with the assistance of Greek philosophy further refined with their own set of apophatic conceptual tools The main focus of the book is a sevenfold exposition of that theological refinement Smith concludes by looking towards possible future theological developments within this apophatic tradition Drawing on the theological methodology of historic Christianity he indicates how a synthesis of the biblical teaching on the otherness of God with philosophical traditions other than those inherited from Greek philosophy is also possible *Trinity and Organism*

James Eglinton, 2012-03-29 This book explores the organic motif found throughout the writings of the Dutch Calvinist theologian Herman Bavinck 1854 1921 Noting that Bavinck uses this motif at key points in the most important loci of theology Christology general and special revelation ecclesiology and so forth it seems that one cannot read him carefully without particular attention to his motif of choice the organic By examining the sense in which Bavinck views all of reality as a beautiful balance of unity in diversity James Eglinton draws the reader to Bavinck's constant concern for the doctrine of God as Trinity If God is the Father the Son and the Holy Spirit Bavinck argues the creation must be more akin to an organism than a machine Trinity and organism are thus closely linked concepts Eglinton critiques and rejects the two Bavincks one orthodox and the other modern hermeneutic so commonplace in discussions of Bavinck's theology Instead this book argues for a reunited Herman Bavinck as a figure committed to the participation of historic orthodox theology in the modern world

Encyclopaedia of Religion and Ethics James Hastings,John Alexander Selbie,Louis Herbert Gray,1922 **The Self-Disclosure of God** William C. Chittick,2015-03-26 The Self Disclosure of God offers the most detailed presentation to date in any Western language of the basic teachings of Islam s greatest mystical philosopher and theologian It represents a major step forward in making available to the Western reading public the enormous riches of Islamic teachings in the fields of cosmology mystical philosophy theology and spirituality The Self Disclosure of God continues the author s investigations of the world view of Ibn al Arab the greatest theoretician of Sufism and the seal of the Muhammadan saints The book is divided into three parts dealing with the relation between God and the cosmos the structure of the cosmos and the nature of the human soul A long introduction orients the reader and discusses a few of the difficulties faced by Ibn al Arab s interpreters Like Chittick s earlier work The Sufi Path of Knowledge this book is based primarily on Ibn al Arab s monumental work al Fut t al Makk yah The Meccan Openings More than one hundred complete chapters and subsections are translated not to mention shorter passages that help put the longer discussions in context There are detailed indices of sources Koranic verses and hadiths The book s index of technical terminology will be an indispensable reference for all those wishing to delve more deeply into the use of language in Islamic thought in general and Sufism in particular *God, Revelation and Authority: God Who Speaks and Shows (Vol. 2)* Carl F. H. Henry,1999-01-25 Part 2 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

Naming God Lucinda Mosher,2023 This volume like other Building Bridges Seminar books presents pairs of lectures by Christians and Muslims which introduce texts for dialogical study plus the actual text excerpts themselves This series is unique in that each volume goes far beyond mere reporting on a dialogical seminar rather each provides guidance and materials for constructing a similar dialogical experience on a particular topic Naming God brings fresh perspective to a topic of great interest in Christian Muslim understanding In a sense Naming God continues the conversation begun in the Seminar s earlier publication Monotheism and Its Complexities 2018 and employs the same distinctive approach to dialogical close reading a scripture and other source material The book is vital reading for students undergraduate and graduate and congregational leaders **On the Edges of Christendom** Teresa Witcombe,2025-08-15 This book will be available open access upon publication On the Edges of Christendom explores the life and thought of Bishop Maurice of Burgos and through him what it meant to live on the border between the Latin West and Islamic al Andalus in the thirteenth century Bishop of

Burgos from 1213 until his death in 1238 Maurice was a highly ambitious figure a scholar reformer ambassador and judge and the founder of the Gothic cathedral of Burgos He was deeply preoccupied with the Islamic frontier to his south and preached crusade against al Andalus He was also interested in Islamic philosophy and was an active member of the intellectual milieu of Toledo where he patronised the translation of texts from Arabic into Latin including the Qur n Drawing on archival research in Latin Arabic and Spanish as well as material culture architecture and inscriptions this book traces Maurice s extraordinary career within the Church and society of medieval Castile In so doing it reveals the reception of some of the key intellectual theological and cultural developments of the thirteenth century on the edges of the medieval Christian world

The Ageless Name of God Dr. Daryl Brock, 2024-12-02 God s personal name is eternal divine and beneficial Exod 3 15 The intrinsic nature of our all powerful God is revealed in His name Isa 45 23 Matt 1 21 Phil 2 10 Seeking the meaning of HIS name provides priceless insight regarding the nature of God Applying the meaning of His name changes lives Our dysfunctional world is becoming more and more dangerous The world s dysfunction ruins lives but there is an answer Jesus is the answer God created the church as a sanctuary for His people not to hide in but to ultimately operate from within to positively affect our world The sons of God i e born again Christians are His kingdom ambassadors representing His policies counteracting the effects of the communicable disease called sin The Bible declares that we labor together with God 1 Cor 3 9 2 Cor 6 1 to destroy the works of the devil 1 John 3 8 But some are fearful 2 Tim 1 7 and don t know what to do or how and where to get started The ramification of this ignorance is both grim and catastrophic God declares that His people are ruined destroyed for the lack of knowledge and that this lack of knowledge is disastrous to our children Hos 4 6 Please do not reject the call and revelation of God Displaying the revelation that is God is the highest most noble characteristic of the sons of God Seeking God s will and presence is the best way to address any problem however heinous the issue 2 Chron 7 14 To that end one of the tools that God has given us is the authority reflected in HIS name This revelation knowledge is precious Look at what God says I will set him on high because he hath known my name Ps 91 14 This book will help in your journey to know and please God It can become your importantly indispensable reference tool if you use it

Deep Knowledge Oludamini Ogunnaike, 2020-10-26 This book is an in depth comparative study of two of the most popular and influential intellectual and spiritual traditions of West Africa Tijani Sufism and Ifa Employing a unique methodological approach that thinks with and from rather than merely about these traditions Oludamini Ogunnaike argues that they contain sophisticated epistemologies that provide practitioners with a comprehensive worldview and a way of crafting a meaningful life Using theories belonging to the traditions themselves as well as contemporary oral and textual sources Ogunnaike examines how both Sufism and Ifa answer the questions of what knowledge is how it is acquired and how it is verified Or more simply What do you know How did you come to know it How do you know that you know After analyzing Ifa and Sufism separately and on their own terms the book compares them to each other and to certain features of academic theories of knowledge By analyzing Sufism from

the perspective of Ifa Ifa from the perspective of Sufism and the contemporary academy from the perspective of both this book invites scholars to inhabit these seemingly foreign intellectual traditions as valid and viable perspectives on knowledge metaphysics psychology and ritual practice Unprecedented and innovative Deep Knowledge makes a significant contribution to cross cultural philosophy African philosophy religious studies and Islamic studies Its singular approach advances our understanding of the philosophical bases underlying these two African traditions and lays the groundwork for future study

The Friars and their Influence in Medieval Spain Francisco Garcia-Serrano, 2025-10-01 The mendicant friars especially the Dominicans and the Franciscans made an enormous impact in thirteenth century Spain influencing almost every aspect of society In a revolutionary break from the Church's past these religious orders were deeply involved in earthly matters while preaching the Gospel to the laity and producing many of the greatest scholars of the time Furthermore the friars reshaped the hierarchy of the Church often taking up significant positions in the episcopate They were prominent in the establishment of the Inquisition in Aragon and at the same time they played a major part in interfaith relations between Jews Muslims and Christians In addition they were key contributors in the transformation of urban life becoming an essential part of the fabric of late medieval cities while influencing policies of monarchs such as James I of Aragon and Ferdinand III of Castile Their missions in the towns and their educational role as well as their robust associations with the papacy and the crown often raised criticism and led to internal tensions and conflict with other clergymen and secular society They were to be both widely admired and the subjects of biting literary satire As this collection demonstrates the story of medieval Spain cannot possibly be fully told without mention of the critical role of the friars

Indian Antiquary, 1900 At a time when each Society had its own medium of propagation of its researches in the form of Transactions Proceedings Journals etc a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects This encouraged Jas Burgess to launch the Indian antiquary in 1872 The scope was in his own words as wide as possible incorporating manners and customs arts mythology feasts festivals and rites antiquities and the history of India Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West Indian antiquary also dealt with local legends folklore proverbs etc In short Indian antiquary was entirely devoted to the study of MAN the Indian in all spheres Introduction to facsimile volumes published 1985
