Going-to-the-Sun Road C. W. Guthrie, Traveling Glacier National Park's Going to the Sun Road is an experience like no other Crafted over a steep and unforgiving route one that some thought impossible the Going to the Sun Road spans 50 miles from West Glacier to St Mary taking travelers through the heart of Glacier This marvel of engineering offers visitors some of the most awe inspiring views in the world as it traverses the Garden Wall with its 1 000 foot drop crosses the Continental Divide at 6 646 foot Logan Pass and winds its way through the magnificent mountains and along the shore of St Mary Lake Park officials landscape architects construction engineers and countless laborers toiled nearly 20 years to carve a road that least damaged the magnificent country it crosses something that had never been done before on so large a scale It was designed to harmonize with the landscape in such a way as to be almost unseen One of the most scenic highways in the world the Going to the Sun Road set the standard for all national parks It is the best of its kind C W Guthrie tells the intriguing tale of the history and the construction of the epic Going to the Sun Road a story of determination idealism and a desire to do the impossible

Historic Glacier National Park Randi Minetor, 2016-09-01 Historic Glacier National Park captures the most interesting moments in the park's history the slices of life in northwestern Montana that provide an idea of what life was like for those who chose to explore this gloriously beautiful snowy corner of the United States There's the presence of Native Americans in nearly every aspect of the park's history the significant influence of the Great Northern Railway as a leader as the park gained its footing and people who made history in this astonishing Rocky Mountain landscape Once Congress decided to make Glacier a national park developers created hotels chalets campgrounds residences and the most spectacularly scenic road in the United States Historic Glacier National Park provides just enough of this rich history to make the experience of visiting the park better than expected

Glacier National Park George Bristol, 2017-07-05 Bristol takes readers on a journey through the history of Glacier National Park beginning over a billion years ago from the formation of the Belt Sea to the present day climate changing extinction of the very glaciers that sculpted most of the wonders of its landscapes He delves into the ways in which this area of Montana seemed to have been preparing itself for the coming of humankind through a series of landmass adjustments like the Lewis Overthrust and the ice ages that came and went First there were tribes of Native Americans whose deep regard for nature left the landscape intact They were followed by Euro American explorers and settlers who may have been awed by the new lands but began to move wildlife to near extinction Fortunately for the area that would become Glacier some began to recognize that laying siege to nature and

its bounties would lead to wastelands Bristol recounts how a renewed conservation ethic fostered by such leaders as Emerson Thoreau Olmstead Muir and Teddy Roosevelt took hold Their disciples were Grinnell Hill Mather Albright and Franklin Roosevelt and they would not only take up the call but rally for the cause These giants would create and preserve a park landscape to accommodate visitors and wilderness alike *The Best of Glacier National Park* Alan Leftridge,2013-07-25 A detailed guide to the best of all that Glacier has to offer From the best photography spots to the greatest day hikes and best wildflower meadows this book contains all the don t miss features of Glacier National Park and Waterton too The perfect size to slip into a daypack don t visit Glacier without it *First Rangers: The Life and Times of Frank Liebig and Fred Herrig, Glacier Country 1902-1910* C. W. Guthrie,2019-09-09 A special breed of adventurer the first forest rangers were among the explorers mountain men lawmen and pioneers who made America First Rangers details the exploits of two of these men told mostly in their own words Written in the saddle while riding along the trail or on a log at camp or at a table in a dimly lit cabin these stories bring to life a bygone era Their stories to paraphrase Don Bunger Liebig s neighbor and friend will never happen again to anyone for the conditions are not here anymore to produce them writes author C W Guthrie Part journal written by the men themselves and part carefully researched biography illustrated by fascinating historic photos and documents First Rangers celebrates two men who were as Guthrie puts it heroes of their era Liebig as the first forest ranger in what became Glacier National Park built the first ranger station patrolled over a half million acres led numerous wildfire fights and saved at least three lives that we know about Herrig who met Theodore Roosevelt while working as a horse wrangler in Medora North Dakota and later on at Roosevelt s ranch in the Badlands joined the Rough Riders and was with Roosevelt in the 1898 Battle of San Juan Hill the decisive battle of the Spanish American War Frank Liebig and Fred Herrig s job was to stop wildfires timber thieves squatters and poachers Supremely suited to their work Frank and Fred were skilled woodsmen natural leaders and men of rare courage and integrity who entered their careers at a time when becoming a forest ranger was simply to be handed a badge a rifle some ammunition a crosscut saw and paper to write reports on as your told Go to it and good luck According to Guthrie the book is about more than the heroics and adventures of these brave and forthright men It is also a love story of several kinds It is of course about Liebig and Herrig s love of their adopted country of a good challenge of the wilderness and of the Forest Service they served But ultimately it portrays their love of the women they chose to share their lives in this wild place and the love of the children to whom they passed on their hard won knowledge of and abiding affection for the wilds of Glacier country Their legacy lives on in their families in the park s protected wild lands and in the ethos of today s forest and park rangers *This High, Wild Country* Paul Schullery,2010-08-16 For centuries the spectacular landscapes now protected in Waterton Glacier International Peace Park have amazed and inspired us Historian naturalist Paul Schullery and artist illustrator Marsha Karle bring us a new and richly textured portrait of this magnificent region and reveal why Waterton Glacier is a world treasure Through

Schullery's text and Karle's watercolors and drawings we crisscross the roads and trails of this magnificent wilderness. We learn its deep geological history and encounter its wild residents. And we discover its ever increasing value as a barometer of planetary health in today's rapidly changing world. Schullery, who has been described as the foremost citizen of the American national parks and Karle, whose art is informed by a National Park Service career in some of North America's most beautiful landscapes, combine their talents to create a memorable tale of the beauty, power and peril of this high wild country.

Embracing Trust Joanna Weaver, 2022-08-16. Trusting God. It's such a cliché. Yet nothing means more to our heavenly Father than when we surrender our lives completely to him and choose to believe he has our best in mind. David modeled that kind of deliberate dependence as a shepherd boy, as a man running for his life, as a king who made grave mistakes. In both triumph and failure, David looked to God rather than to himself. In *Embracing Trust*, Joanna Weaver, bestselling author of the runaway hit *Having a Mary Heart* in a *Martha World*, shares personal stories, practical tips and life-changing principles gleaned from Scripture. If you struggle with disappointment from the past, frustration with the present or fear of the future, Joanna invites you to trust in the Lord with all your heart. Relinquishing control and putting your hope in a forever faithful Father, that's the beautiful secret of unshakeable faith. Includes a 10-week companion Bible study. *Pony Express* Carol Guthrie, Bart Smith, 2009-12-22. Orphans preferred was the call that went out to the daring of heart when the Pony Express was organized nearly 150 years ago in April 1860. Called The Greatest Enterprise of Modern Times, the endeavor which lasted only nineteen months recruited young men willing to risk life and limb in a relay race that crossed the frontier on a route from St. Joseph, Missouri to San Francisco, California, speeding the delivery of mail to an astonishing ten days. The Pony Express combines the legends and lore of this remarkable mail service with contemporary photography and archival images and documents from the past and celebrates the sesquicentennial of the start and end of those daring rides which ended with the completion of the transcontinental railroad. It is a befitting tribute to an American icon whose legacy is marked to this day by Pony Express museums all along the route from Missouri to California. Moon Glacier National Park Becky
