Going Beyond Belief Live The Adventure:

Going Beyond Belief Jim Miller, 2010-03 Everything hung in the balance as he found himself flying a crippled aircraft over hazardous Arizona mountain terrain one morning in November 2006 Minutes away from a potential deadly emergency landing with smoke filling the cabin suddenly everything made sense Going Beyond Belief is the author's own story of initial reluctance to enter the business world with no formal business training or start up money followed by adversities encountered after making the decision to follow his heart Pursuing his dream of founding and building an aircraft painting company to support ministry outreaches throughout the world he soon discovered that we have an enemy who fears what we might accomplish and who does everything within his power to discourage and turn us back This book is about the battle for your heart with multiple stories of God's creative and miraculous last minute interventions when all seemed lost It tells how his fledgling company eventually scaled seemingly impossible heights involved in missions all over the world and then of the devastation which followed threatening to rob him of his faith and financial resources This is a story about discovering real friendship with God in the trenches It may dramatically change your understanding about what abundant life means and will open your eyes to what is available to a believer in the Kingdom of God He shows how his encounters taught him the distinction between merely holding beliefs and experiencing real faith He reveals a secret that Satan doesn't want us to know The size of our spiritual impact is limited only by our lack of a vision and by the size of the enemy we are unwilling to fight This book will lift those who are struggling and will encourage those who are looking for an adventure of their own to live

Adventures in Spirituality Robert P. Vande Kappelle, 2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness Adventures in Spirituality represents the culmination of Dr Vande Kappelle's forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study Adventures in Spirituality encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually
