 History 1920 200 1937 theories of racial and civilizational superiority THE RACES OF MANKIND In the early Neolithic
 Period in Europe it may be 10 000 or 12 000 years ago or so man was differentiating all over the world and he had already
 differentiated into a number of varieties but he has never differentiated into different species A species we must remember in
 biological language is distinguished from a variety by the fact that varieties can interbreed while species either do not do so
 or produce offspring which like mules are sterile All mankind can interbreed freely can learn to understand the same speech
 can adapt itself to co operation 10 000 12 000 Raymond Postgate 1896 1971 2 Second World War WWII 1939 1945 G P G P
 Wells 1901 1985 TTN Korea English Classics B IN the preceding chapter we have traced the beginnings of a new civilization
 the civilization of the modern type which becomes at the present time world wide It is still a vast unformed thing still only in
 the opening phases of growth and development to day We have seen the medi val ideas of the Holy Roman Empire and of the
 Roman Church as forms of universal law and order fade in its dawn They fade out as if it were necessary in order that these
 ideas of one law and one order for all men should be redrawn on world wide lines And while in nearly every other field of
 human interest there was advance the effacement of these general political ideas of the Church and Empire led back for a
 time in things political towards merely personal monarchy and monarchist nationalism of the Macedonian type WHEN
 Gibbon nearly a century and a half ago was congratulating the world of refined and educated people that the age of great
 political and social catastrophes was past he was neglecting many signs which we in the wisdom of accomplished facts could
 have told him portended far heavier jolts and dislocations than any he foresaw We have told how the struggle of the sixteenth
 and seventeenth century princes for ascendancies and advantages developed into a more cunning and complicated struggle
 of foreign offices masquerading as idealized Great Powers as the eighteenth century wore on The intricate and pretentious
 art of diplomacy developed The Prince ceased to be a single and secretive Machiavellian schemer and became merely the
 crowned symbol of a Machiavellian scheme Prussia Russia and Austria fell upon and divided Poland Gibbon 16 17 18 AND
 now we come to one of the most illuminating figures in modern history the figure of an adventurer and a wrecker whose story
 seems to display with an extraordinary vividness the universal subtle conflict of egotism vanity and personality with the
 weaker wider claims of the common good Against this background of confusion and stress and hope this strained and heaving
 France and Europe this stormy and tremendous dawn appears this dark little archaic personage hard compact capable
