a solid foundation through taking your time with it in the early stages The book titled Learn to play Guitar by Gareth Evans is of the latter approach Through reading and learning from this book players can discover a deep extensive and in depth approach to the technique theory and everything else related to being a good beginner guitarist Newcomers can learn positive and productive exercises to train their body to better play the guitar not just their fingers and across the 120 or so pages within it s clear that the writer has put a lot of time into figuring out the right approach for starters to take when adjusting to the standard 6 string Would recommend this for anyone who is looking to get a really solid grip on how to play the guitar and also to tutors who are looking at ways to improve their own tutoring abilities Logan Ellis Mgr Spiderhands Productions Ltd New Zealand Learn to play Guitar is an ideal companion to support the beginner on their new found musical journey Highly recommended Liam Cain BMus hons Professional Guitarist UK
