was his former wont so that now there is a demand for information and guidance greater than has ever been evinced before
 To supply these needs has been our mission in writing the pages which follow But our scheme may be explained at greater
 length First we have endeavoured to state the merits of stamp collecting then we have attempted to impart to our readers
 some of the enthusiasm which we ourselves possess for this Royal pastime and this has been followed by a full recital of the
 numerous pitfalls which beset philately and the philatelist In this hobby of ours there is so much that can be collected and so
 much that ought not to be collected that very definite guidance is necessary for those who are not practised hands Such
 guidance we believe will be found herein About the Publisher Forgotten Books publishes hundreds of thousands of rare and
