

Chapter 8: Leadership and Business Management, pp. 410-420

8.1 Business Management

Business management is the process of planning, organizing, leading, and controlling an organization's resources to achieve its purpose. It involves the use of various management functions to ensure that the organization is able to meet its goals and objectives. The management process is a continuous one, and it is essential for the organization to be able to adapt to changing circumstances. The management process is a complex one, and it is essential for the organization to be able to adapt to changing circumstances. The management process is a continuous one, and it is essential for the organization to be able to adapt to changing circumstances.

Define: 1. The management functions listed in Table 8.1 (p. 410). 2. The function of management (p. 410).
