Handbook Of Bioethics And Religion:

Handbook of Bioethics and Religion David E. Guinn, 2006-08-10 What role should religion play in a religiously pluralistic liberal society Public bioethics unavoidably raises this question in a particularly insistent fashion As the 20 papers in this collection demonstrate the issues are complex and multifaceted The authors address specific and highly contested issues as assisted suicide stem cell research cloning reproductive health and alternative medicine as well as more general questions such as who legitimately speaks for religion in public bioethics what religion can add to our understanding of justice and the value of faith based contributions to healthcare Christian Catholic and Protestant Jewish Islamic and Buddhist viewpoints are represented The first book to focus on the interface of religion and bioethics this collection fills a significant void in the literature

The Cambridge Companion to Science and Religion Peter Harrison, 2010-06-24 In recent years the relations between science and religion have been the object of renewed attention Developments in physics biology and the neurosciences have reinvigorated discussions about the nature of life and ultimate reality At the same time the growth of anti evolutionary and intelligent design movements has led many to the view that science and religion are necessarily in conflict This book provides a comprehensive introduction to the relations between science and religion with contributions from historians philosophers scientists and theologians It explores the impact of religion on the origins and development of science religious reactions to Darwinism and the link between science and secularization It also offers in depth discussions of contemporary issues with perspectives from cosmology evolutionary biology psychology and bioethics The volume is rounded out with philosophical reflections on the connections between atheism and science the nature of scientific and religious knowledge and divine action and human freedom

Case Studies in Society, Religion, and Bioethics Sana Loue, 2020-06-29 This book explores through case studies the interplay between religion culture government and politics in diverse societies on questions arising in the domain of bioethics The case studies draw from multiple disciplinary perspectives including history theology law bioethics public policy science and medicine The text s global perspective permits a comparison of the differing approaches adopted by countries facing similar bioethical quandaries and the extent to which religion has or has not been instrumental in addressing such dilemmas Secular and religious societies across the globe are being confronted with complex questions involving religious belief and the extent to which specific religious perspectives have in the past or should in the future be adopted as official policy Bioethical issues involving the interplay of religion and government have become particularly notable in recent years How these issues are resolved has major implications for individuals healthcare providers and the future of medical research and medical care Topics explored among the chapters include Homosexuality Sin Crime Pathology Identity Behavior Medical Error Truth-telling Apology and Forgiveness Refusal of Medical Treatment Medical Deportation Case Study Nazism Religion and Human Experimentation The New Frontier Cloning Case Studies in Society Religion and Bioethics will find an engaged audience among researchers and scholars in history

religion theology medicine and bioethics interested in the influence of religion on bioethical decision making Students particularly upper level undergraduate and graduate students interested in bioethics humanities and theology will find the text helpful in understanding the processes through which religion may serve as a basis for both societal policy and law and individual decision making in health related matters Religion and Medicine Jeffrey S. Levin, 2020 In *Religion and Medicine* Dr Jeff Levin distinguished Baylor University epidemiologist outlines the longstanding history of multifaceted interconnections between the institutions of religion and medicine He traces the history of the encounter between these two institutions from antiquity through to the present day highlighting a myriad of contemporary alliances between the faith based and medical sectors *Religion and Medicine* tells the story of religious healers and religiously branded hospitals and healthcare institutions pastoral professionals involved in medical missions healthcare chaplaincy and psychological counseling congregational health promotion and disease prevention programs and global health initiatives research studies on the impact of religious and spiritual beliefs and practices on physical and mental health well being and healing programs and centers for medical research and education within major universities and academic institutions religiously informed bioethics and clinical decision making and faith based health policy initiatives and advocacy for healthcare reform *Religion and Medicine* is the first book to cover the full breadth of this subject It documents religion medicine alliances across religious traditions throughout the world and over the course of history It summarizes a wide range of material of relevance to historians medical professionals pastors and theologians bioethicists scientists public health educators and policymakers The product of decades of rigorous and focused research Dr Levin has produced the most comprehensive history of these developments and the finest introduction to this emerging field of scholarship Religion, Religious Ethics and Nursing Marsha Diane Mary Fowler, 2011-11-14 The past 25 years have witnessed an escalating discussion on the role of spirituality within health care This scholarly volume is rooted in the belief that not only is religion integral to nursing care but the religious beliefs of both nurse and patient can significantly influence care and its outcome It offers an in depth analysis of the ways in which religion influences the discipline of nursing its practitioners and treatment outcomes **Womanist**

Bioethics Wylin D. Wilson, 2025-01-28 *Womanist Bioethics* introduces a practical framework to address health disparities and inequities arguing that doing justice to Black women s bodies entails understanding health and vulnerability as cultural productions thus implicating medical policy making economic and religious institutions in the Black women s health crisis

The Religion Toolkit John Morreall, Tamara Sonn, 2024-06-13 *THE RELIGION TOOLKIT* A comprehensive survey of the study of religion worldwide from ancient indigenous traditions to today s religious nationalism This is an excellent book that is a good comprehensive overview of the history of religions and the ways of studying religion within Religious Studies it really brings religions to life for the reader Gavin Flood Professor of Hindu Studies and Comparative Religion Oxford University The authors provide a clear first rate introduction to the study of religions origins leading scholars and their

theories and beliefs This is by far the best introductory volume I am aware of both in terms of substance clarity and insights John L Esposito Distinguished University Professor Georgetown University and Past President of the American Academy of Religion The Religion Toolkit Understanding Religion in the World Today is a clear and comprehensive introduction to the academic study of religions providing readers an introduction to the history and theories of Religious Studies a survey of global religious traditions and an overview of religion in the public sphere today Discusses theory and methodology in religion including the disciplines of anthropology psychology philosophy biblical studies and theology Describes the early development of religion with overviews of traditions around the world including Judaism Christianity Islam Baha i Hinduism Zoroastrianism Jainism Buddhism Sikhism Daoism Confucianism and Shinto Covers traditions not commonly addressed in introductory textbooks such as Santeria Vodou Tengrism and indigenous traditions of the Americas Examines recent developments and contemporary issues such as secularization bioethics and the rise of religious nationalism Includes access to a companion website with discussion questions additional material and helpful primary and secondary sources Providing the knowledge and tools required to explore and understand the nature and roles of religion The Religion Toolkit

Understanding Religion in the World Today Second Edition is an excellent introductory textbook for undergraduate and graduate courses in Religious Studies History of Religion Religions of the World and Theory and Method in the Study of Religion as well as a valuable resource for general readers interested in the role of religion in the world today **Routledge**

Handbook of Law and Religion Silvio Ferrari, 2015-03-05 The field of law and religion studies has undergone a profound transformation over the last thirty years looking beyond traditional relationships between State and religious communities to include rights of religious liberty and the role of religion in the public space This handbook features new specially commissioned papers by a range of eminent scholars that offer a comprehensive overview of the field of law and religion The book takes on an interdisciplinary approach drawing from anthropology sociology theology and political science in order to explore how laws and court decisions concerning religion contribute to the shape of the public space Key themes within the book include Religions symbols in the public space Religion and security Freedom of religion and cultural rights Defamation and hate speech Gender religion and law This advanced level reference work is essential reading for students researchers and scholars of law and religion as well as policy makers in the field *Public Bioethics* James F. Childress, 2020 This book

collects the most influential essays and articles by renowned ethicist James F Childress along with several new pieces It focuses on public bioethics bioethics as they relate to the shaping of public policy and public culture The book is divided into four sections which address issues of autonomy and paternalism the role of religious convictions and conscientious refusals in health care ethical practices in organ transplantation and the general terrain of public health ethics **The Public**

Significance of Religion Leslie Francis, Hans-Georg Ziebertz, 2011-06-22 The book reflects on the statement that religion represents a force in the public realms of society Does religion regain public significance in social debates and what are its

characteristics in terms of topics and interests actors and parties How do different religious and non religious groups evaluate the impact of religion on its public environment These questions are reflected by an international group of scholars

The Secularization of Medicine Nathan Carlin, Director of the McGovern Center for Humanities and Ethics Samuel Karff Chair Nathan Carlin, 2025-08-29 While it is true that medicine and religion once had overt connections that have since declined The Secularization of Medicine argues that religion as a social force in medicine has not been extinguished Instead religious material or ideas have migrated to non religious or secular spaces and have been absorbed by the surrounding culture Medicine is not as secular as we might imagine it to be and this has implications for the well being of physicians

Medical Humanities Thomas R. Cole, Nathan S. Carlin, Ronald A. Carson, 2015 This textbook uses concepts and methods of the humanities to enhance understanding of medicine and health care

Narratives and Jewish Bioethics J.

Crane, 2013-03-19 Narratives and Jewish Bioethics searches for answers to the critical question of what roles ancient narratives play in creating modern norms by Jewish bioethicists utilizing the Jewish textual tradition

Renewing the Stuff of Life Cynthia B. Cohen, 2007-06-25 Stem cell therapy is ushering in a new era of medicine in which we will be able to repair human organs and tissue at their most fundamental level that of the cell The power of stem cells to regenerate cells of specific types such as heart liver and muscle is unique and extraordinary In 1998 researchers learned how to isolate and culture embryonic stem cells which are only obtainable through the destruction of human embryos An ethical debate has raged since then about the ethics of this research usually pitting pro life advocates vs those who see the great promise of curing some of humanity's most persistent diseases In this book Cynthia Cohen agrees that we need to work toward a consensus on the issue of how we treat the embryo But more broadly she claims that we need to transform and expand the ethical and policy debates on stem cells adult and embryonic This important and much needed book is both a primer and a means by which to understand the implications of this research Cohen starts by introducing readers to the basic science of stem cell research and the core ethical questions surrounding the embryo She then expands the scope of the debate looking at the moral questions that will crop up down the line such as e.g. the use of therapeutic cloning to overcome the body's immune resistance to stem cells the ethics of using animals to test stem cells how to disentangle federal and state legal and regulatory policies in pursuit of a coherent national policy and how to develop an ethics of stem cell research that will accommodate new techniques and controversies that we cannot even foresee now Her final chapter develops a concrete plan for an oversight system for this research This is the first single author book that addresses the many broad ethical and legal issues related to stem cells and it should be of great interest to bioethicists researchers clinicians philosophers theologians lawyers policy makers and general readers

Procreative Ethics Fritz Oehlschlaeger, 2010-01-01 Procreative Ethics addresses questions at the beginning of life from a point of view that is alternatively philosophical and christian The author seeks to defend philosophically some positions taken partly on Christian grounds while also trying to make the implications of

Christian convictions intelligible to those who do not necessarily share those convictions The author positions himself neither as a moral friend nor moral stranger preferring instead the role of moral acquaintance to his audience From that position the goal is to find areas of fruitful agreement while clarifying differences that may lead to truer reconciliations further on in the conversation The book opens with an attempted natural law defense of artificial contraception devotes four chapters to criticism of current defenses of abortion and then takes up in six remaining chapters such matters as genetic enhancement of children the justice or injustice of genetic revision the harm conundrum or non identity problem designing for disability and reproductive cloning Fritz Oehlschlaeger has written a remarkable book that needs to be read by everyone with a stake in moral questions at life s beginning Displaying theological and philosophical sophistication as well as a profound wisdom these arguments must be taken seriously by those who agree with Oeschlaeger as well as those who do not Joel James Shuman King s College Writing with a modesty that betrays the depth of argument that characterizes Procreative Ethics Fritz Oehlschlaeger has written the most important book in bioethics in recent memory Bioethics has long suffered from a stale imagination Oehlschlaeger an acknowledged outsider to the field brings to his work a fresh imagination shaped by literary texts and a profound humanity Hopefully many will want to emulate his work in other areas of bioethics Stanley Hauerwas Duke University In this new book Fritz Oehlschlaeger has made masterful and persuasive arguments about the moral challenges looming at the beginning of human life And he does this as a highly informed non specialist an English professor no less Robert Benne Roanoke College

Death and Dying Timothy D Knepper, Lucy Bregman, Mary Gottschalk, 2019-09-02

The medicalization of death is a challenge for all the world s religious and cultural traditions Death s meaning has been reduced to a diagnosis a problem rather than a mystery for humans to ponder How have religious traditions responded What resources do they bring to a discussion of death s contemporary dilemmas This book offers a range of creative and contextual responses from a variety of religious and cultural traditions It features 14 essays from scholars of different religious and philosophical traditions who spoke as part of a recent lecture and dialogue series of Drake University s The Comparison Project The scholars represent ethnologists medical ethicists historians philosophers and theologians all facing up to questions of truth and value in the light of the urgent need to move past a strictly medicalized vision This volume serves as the second publication of The Comparison Project an innovative new approach to the philosophy of religion housed at Drake University The Comparison Project organizes a biennial series of scholar lectures practitioner dialogues and comparative panels about core cross cultural topics in the philosophy of religion The Comparison Project stands apart from traditional theistic approaches to the philosophy of religion in its commitment to religious inclusivity It is the future of the philosophy of religion in a diverse global world

Handbook of Religion and Spirituality in Social Work Practice and Research Sana Loue, 2017-06-19 This singular reference explores religion and spirituality as a vital though often misconstrued lens for building better understanding of and empathy with clients A diverse palette of faiths and traditions is compared and

contrasted occasionally with secularism focusing on areas of belief that may inspire comfort or trouble clients including health and illness mental illness healing coping forgiveness family inclusion and death From assessment and intervention planning to conducting research these chapters guide professionals in supporting and assisting clients without minimizing or overstating their beliefs In addition the book s progression of ideas takes readers beyond the well known concept of cultural competence to model a larger and more meaningful cultural safety Among the topics included in the Handbook Integrating religion and spirituality into social work practice Cultural humility cultural safety and beyond new understandings and implications for social work Healing traditions religion spirituality and health Diagnosis religious spiritual experience or mental illness Understandings of dying death and mourning Re building bridges in and with family and community Ethical issues in conducting research on religion and spirituality The Handbook of Religion and Spirituality in Social Work Practice and Research is a richly textured resource for social workers and mental health professionals engaged in clinical practice and or research seeking to gain varied perspectives on how the religion and spirituality of their clients research participants may inform their work

The Routledge Handbook of Religion and the Body Yudit Kornberg Greenberg, George Pati, 2023-02-01 The Routledge Handbook of Religion and the Body is the first comprehensive volume to feature multireligious cross cultural perspectives on the body and embodiment Featuring multidisciplinary approaches and methodologies from the humanities and the social sciences it addresses the body and embodied religiosity in theological ethical and cultural contexts Comprised of 30 chapters by a team of international contributors the handbook is divided into four parts Theology and Embodied Religiosity Gender Sexuality and Body Regulations Ritual and Performance Religion Healing and the Future of the Body Each part examines central issues debates and problems in relation to global belief systems including embodiments of love transfiguration the secular body disability body language maternal bodies embodied emotions celibacy ecology and the body reshaping the corporal body initiation rites physiology Tantra Reiki practice religious experience technological body modifications and ethics and the body Providing a breadth of rich and innovative research it is a must read for students and scholars in religious studies theology philosophy sociology anthropology psychology history and cultural and gender studies Chapter 7 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

On Moral Medicine M. Therese Lysaught, Joseph Kotva, Stephen E. Lammers, 2012-07-20 In print for more than two decades *On Moral Medicine* remains the definitive anthology for Christian theological reflection on medical ethics This third edition updates and expands the earlier awardwinning volumes providing classrooms and individuals alike with one of the finest available resources for ethics engaged modern medicine

Pastoral Aesthetics Nathan Carlin, 2019-03-06 Nathan Carlin revisits the role of religion in bioethics an increasingly secular enterprise and argues that pastoral theologians can enrich moral imagination in bioethics by cultivating an aesthetic sensibility that is theologically informed psychologically

sophisticated therapeutically oriented and experientially grounded To achieve these ends Carlin employs Paul Tillich's method of correlation by positioning four principles of bioethics with four images of pastoral care
