

The background of the entire slide is a repeating pattern of faint, light-blue circuit diagrams. These diagrams include various electronic components such as resistors (zigzag lines), capacitors (two parallel lines), inductors (coiled lines), and diodes (triangles with lines). Some diagrams show these components connected in series or parallel, while others show them in more complex configurations. The pattern is consistent across the entire background, providing a technical and thematic context for the book title.

As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
