People are living longer not only in wealthy countries but in developing nations For too long Western experts have conceived of aging as a universal predicament one that supposedly provokes the same welfare concerns in every context It is time Kavita Sivaramakrishnan writes to embrace a new approach that prioritizes local agendas and values      UK Aid Policy and Practice 1974-90 Christopher C. Erswell,2001 This thesis provides a detailed analysis of UK Aid policy over the period 1974 90 Its focus is primarily upon the extent to which official aid was concerned with poverty alleviation This theme permitted a comparison to be made between the records of the Labour administration of 1974 79 and the Conservative administration of 1979 90 A quantitative comparison is made of the two aid programmes The philosophical moral and ideological aspects of the British aid programme are explored Two themes in particular are studied in depth aid and gender and aid and the environment      China's Foreign Aid and Investment Diplomacy, Volume I John F. Copper,2016-04-29 Today by many

foreign aid diplomacy at the time of the founding of the People's Republic of China in 1949 Volume I examines the definitions origins nature and scope of foreign aid and investment by other countries Using that background John F Copper then traces China's financial assistance to developing countries from the Mao period when China gave meaningful foreign aid despite its own economic struggles through the beginning of China's post 1978 economic boom and during subsequent decades of rapid economic growth Copper shows that China has a more salient history in giving foreign assistance than any other country in the world while China's objectives in giving foreign assistance have changed markedly over time China has always been driven by efforts to realize its foreign policy objectives and expand China's external influence
