Encyclopedia of Human Services and Diversity Linwood H. Cousins,2014-09-05 Encyclopedia of Human Services and

Diversity is the first encyclopedia to reflect the changes in the mission of human services professionals as they face today's increasingly diverse service population. Diversity encompasses a broad range of human differences including differences in ability and disability, age, education level, ethnicity, gender, geographic origin, religion, sexual orientation, socioeconomic class, and values. Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries, are organized A to Z across three volumes. Entries authored by key figures in the field conclude with cross references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family, and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats. Encyclopedia of Human Services and Diversity is an ideal reference for students, practitioners, faculty, and librarians.

Internationalizing the Psychology Curriculum in the United States

Frederick Leong, Wade E. Pickren, Mark M. Leach, Anthony J. Marsella, 2011-12-27. The psychology community recognizes that cultivating an international worldview is crucial not only to professionals and researchers but more importantly for professors and students of psychology as well. It is critically necessary for psychologists to learn from their colleagues who are working in different cultural contexts in order to develop the type of knowledge and psychological understanding of human behavior that will be maximally useful to practitioners and researchers alike. This volume, *Internationalizing the Psychology Curriculum in the United States*, provides information and resources to help psychology faculty educate and train future generations of psychologists within a much more international mindset and global perspective. Recognizing that cultural context are central to a true and accurate psychology, the authors describe how cultural, economic, political, and social factors in different countries frame individual experience and affect the science and practice of psychology. Each of the chapters will provide a content-specific overview of how the curriculum in psychology, with regards to social development, clinical counseling, psychology, etc., will need to be modified in order to present a much more global view of psychology.

Strategic Human Resource Management and Employment Relations Ashish Malik, 2018-05-29. This book analyses a collection of key strategic human resource management (HRM) and employment relations (ER) topics. The book follows a unique pedagogical design employing problem-based learning and participant-centred learning approaches, both of which the author has extensive experience in implementing with postgraduate learners. The book also prepares the learner to use these approaches and has resources for the instructor.
