Indigenous Peoples, Natural Resources and Permanent Sovereignty Andrea Mensi, 2022-12-19 Indigenous Peoples Natural Resources and Permanent Sovereignty explores the possibility to conceive a permanent sovereignty over natural resources vested in indigenous peoples rather than in States The author examines the conceptualisation and content under customary international law of indigenous rights with respect to natural resources including the impact of the adoption of the United Nations Declaration on the Rights of Indigenous Peoples in 2007 The book provides a deep and updated analysis on international customs international and regional conventions and the jurisprudence of regional courts concerning indigenous rights to natural resources including the most recent developments in domestic jurisprudence and legislation

Small Island States & International Law Carolin König, 2022-12-30 What happens under international law if a state perishes due to rising sea levels without a successor state being created Will the state cease to exist What would this mean for its population Have international law and globalization progressed enough to protect the people thus affected or does international law still depend on the territorial state when it comes to protecting entire populations Exploring these issues this book provides answers to these pressing questions Focusing on small island states as actors in the international community it evaluates the challenges that the state as a subject of international law faces in general from globalization and humanization and what this means for small island states threatened by rising seas Highlighting the experience of the indigenous peoples of small island states as collectives and to the individuals living in these states the book addresses fundamental questions of general state theory and international law drawing on an extensive body of source material As rising sea levels present an increasingly pressing threat to small island states this book highlights the importance of international protection of the individual and the capacity of international organizations to act within existing international law It identifies pressing problems where immediate action is required and argues that in future the responsibility for protecting individuals could shift to the international community if a sinking island state can no longer protect its population on its own

Indigenous Peoples and Colonialism Colin Samson, Carlos Gigoux, 2016-12-16 Indigenous peoples have gained increasing international visibility in their fight against longstanding colonial occupation by nation states Although living in different locations around the world and practising highly varied ways of life indigenous peoples nonetheless are affected by similar patterns of colonial dispossession and

violence In defending their collective rights to self determination culture lands and resources their resistance and creativity offer a pause for critical reflection on the importance of maintaining indigenous distinctiveness against the homogenizing forces of states and corporations This timely book highlights significant colonial patterns of domination and their effects as well as responses and resistance to colonialism It brings indigenous peoples issues and voices to the forefront of sociological discussions of modernity In particular the book examines issues of identity dispossession environment rights and revitalization in relation to historical and ongoing colonialism showing that the experiences of indigenous peoples in wealthy and poor countries are often parallel and related With a strong comparative scope and interdisciplinary perspective the book is an essential introductory reading for students interested in race and ethnicity human rights development and indigenous peoples issues in an interconnected world

The SAGE Handbook of Globalization Manfred Steger,Paul Battersby,Joseph Siracusa,2014-05-22 Global studies is a fresh and dynamic discipline area that promises to reinvigorate undergraduate and postgraduate education in the social sciences and humanities In the Australian context the interdisciplinary pedagogy that defines global studies is gaining wider acceptance as a coherent and necessary approach to the study of global change Through the Global Studies Consortium GSC this new

discipline is forming around an impressive body of international scholars who define their expertise in global terms The GSC paves the way for the expansion of global studies programs internationally and for the development of teaching and research collaboration on a global scale Mark Juergensmeyer and Helmut Anheier's forthcoming *Encyclopaedia of Global Studies* with SAGE is evidence of this growing international collaboration while the work of Professor Manfred Steger exemplifies the flourishing academic literature on globalization RMIT University's Global Cities Institute represents a substantial institutional investment in interdisciplinary research into the social and environmental implications of globalization in which it leads the way internationally Given these developments the time is right for a book series that draws together diverse scholarship in global studies This Handbook allows for extended treatment of critical issues that are of major interest to researchers and students in this emerging field The topics covered speak to an interdisciplinary approach to the study of global issues that reaches well beyond the confines of international relations and political science to encompass sociology anthropology history media and cultural studies economics and governance environmental sustainability international law and criminal justice Specially commissioned chapters explore diverse subjects from a global vantage point and all deliberately cohere around core global concerns of narrative praxis space and place This integrated approach sets the Handbook apart from its competitors and distinguishes Global Studies as the most equipped academic discipline with which to address the scope and pace of global change in the 21st century

Handbook of Tourism Entrepreneurship Rob Hallak, Craig Lee, 2024-05-02 The Handbook of Tourism Entrepreneurship outlines the foundations of success in the tourism sector examining the ways in which small and medium sized enterprises SMEs can become economic engines for tourism destinations by boosting regional growth and prosperity

The Routledge Handbook of Indigenous Development Katharina Ruckstuhl, Irma A. Velásquez Nimatuj, John-Andrew McNeish, Nancy Postero, 2022-11-30 This Handbook inverts the lens on development asking what Indigenous communities across the globe hope and build for themselves In contrast to earlier writing on development this volume focuses on Indigenous peoples as inspiring theorists and potent political actors who resist the ongoing destruction of their livelihoods To foster their own visions of development they look from the present back to Indigenous pasts and forward to Indigenous futures Key questions How do Indigenous theories of justice sovereignty and relations between humans and non humans inform their understandings of development How have Indigenous people used Rights of Nature legal pluralism and global governance systems to push for their visions How do Indigenous relations with the Earth inform their struggles against natural resource extraction How have native peoples negotiated the dangers and benefits of capitalism to foster their own life projects How do Indigenous peoples in diaspora and in cities around the world contribute to Indigenous futures How can Indigenous intellectuals artists and scientists control their intellectual property and knowledge systems and bring into being meaningful collective life projects The book is intended for Indigenous and non Indigenous activists communities scholars and students It provides a guide to current thinking across the disciplines that

converge in the study of development including geography anthropology environmental studies development studies political science and Indigenous studies The Interdependence of the Convention on the Rights of the Child Naomi Lott,2025-07-01

The book critically engages with the right to play and other Convention rights to explore their interdependence and interconnectivity The book brings together experts across various children s rights topics and invites them to consider the intersections of their work with the child s right to play It furthers the understanding and implementation of the right to play as this novel area of research develops The book demonstrates both the interdependence of the rights within the Convention and the unique and critical role of the right to play in achieving the aims of the Convention and the rights therein It also extends the theoretical methodological and critical scope of the discipline by considering children s rights in this interdependent manner The contributions to this edited collection explore the role of the right to play in meeting obligations pertaining to the digital environment identity rights education climate change and environmental health refugees girls rights social protection healthcare and disability and vice versa By drawing together original and creative approaches to a number of pressing social questions and issues relating to human rights this book has tangible application for developing both the content of the right to play and the potentials of this right for the wider child rights project Furthermore this book is pioneering in the field of children s rights in two key ways Not only does it serve to contribute to filling a significant gap in the literature on the right to play but it also stands as a crucial example of interdisciplinary legal research Such an approach is critical for the field of children s rights due to the nature of childhood and the multidisciplinary relevance of children s rights and children s issues This book thus serves as an example to push the field to be more contextual and interdisciplinary

Lawful Conquest? Constanze Weiske,2021-10-04 The global expansion of European colonization is commonly perceived as lawful according to the valid European colonial law of the time This book is substantially challenging this belief by uncovering its legal justifications based on discovery and terra nullius as retrospectively created legal fictions and demonstrating it s untenability in practice Focused on the critical reconstruction of Spanish and Dutch colonization practices in northeastern South America Trinidad and Tobago between 1498 and 1817 the book offers an illuminating view on the European shadow of the colonial past in the Americas Based on the application of an innovative comparative spatio legal Global History approach to 1 770 excavated European colonial written sources from archives of both sides of the Atlantic in comparison to the colonial legal provisions of Europe s most influential legal writers the book moreover provides a substantial argument to the contemporary Caribbean European reparation debate in favor of the return of Indigenous Peoples historical territories Therefore the book calls for the extension of the traditional territory approach to reparations of the United Nations Declaration of the Rights of Indigenous Peoples UNDRIPs and the Inter American Court of Human Rights IACHR **Narratives of Mass Atrocity** Sarah Federman,Ronald Niezen,2022-09-08 Individuals can assume and be assigned multiple roles throughout a conflict perpetrators can be victims and vice versa heroes can be reassessed as

complicit and compromised However accepting this more accurate representation of the narrativized identities of violence presents a conundrum for accountability and justice mechanisms premised on clear roles This book considers these complex sometimes overlapping roles as people respond to mass violence in various contexts from international tribunals to NGO based social movements Bringing the literature on perpetration in conversation with the more recent field of victim studies it suggests a new more effective and reflexive approach to engagement in post conflict contexts Long term positive peace requires understanding the narrative dynamics within and between groups demonstrating that the blurring of victim perpetrator boundaries and acknowledging their overlapping roles is a crucial part of peacebuilding processes This title is also available as Open Access on Cambridge Core

An Interdisciplinary Journey from Non-Discrimination to Collective Rights Jessika Eichler, 2024-04-22 This book develops a critique of the equality paradigms and principles to be found in the majority of today's legal orders It accompanies the reader taking her him x from a critique of non discrimination and equality to the opposite end of the spectrum that is to collective rights collectivization processes and a manifestation of recognition that is based on difference This interdisciplinary theoretical journey explores a multiplicity of legal orders in terms of how they provide spaces of articulation for difference The book draws emblematically on the rights of indigenous peoples as well as recognized and unrecognized cultural ethnic linguistic and religious minorities The book thereby builds on legal and political theory which ultimately proves essential given the dedicated objective of the book that is to introduce a variety of recognition principles and what the author terms scales of collectivization which facilitate a better understanding of collective rights and further ways to capture define and ultimately measure these rights
