The American Journalist in the 1990s David H. Weaver, G. Cleveland Wilhoit, 2020-08-13 Who are U S journalists What are their backgrounds and educational experiences Why did they choose journalism as an occupation What do they think about their work What are their professional and ethical values What kinds of work do they consider their best Do men differ from women on these

questions Do ethnic and racial minorities differ from the majority Do journalists working for different print and broadcast news media differ This book uses findings from the most comprehensive and representative study ever done of the demographic and educational backgrounds working conditions and professional and ethical values of 1 410 U S print and broadcast journalists working in the 1990s to answer these questions including separate analyses for women and minority news people It also compares many of these findings with those from the major studies of the early 1970s and 1980s As such it should be the standard reference on U S journalists for years to come In addition this study goes beyond the previous two in adding more open ended questions to explain and enrich quantitative findings in the belief that the numbers by themselves are not enough to provide explanations for the patterns that emerge This book includes more of the journalists own words to fill this gap as well as an analysis of samples of their self selected best work **The Television Genre Book** Glen
