The Female Trickster presents a Post Jungian postmodern perspective regarding the role of women in contemporary Western society by investigating the re emergence of female trickster energy in all aspects of popular culture Ricki Tannen explores the psychological aspects of what happened when women s imagination was legally and psychologically enclosed millennia ago and demonstrates how the re emergence of Trickster energy through the female imagination has the radical potential to effect a transformation of western consciousness Examples are drawn from a diverse range of sources from Jane Austen and female sleuth narratives to Madonna and Sex and the City illustrating how Trickster energy is used not to maintain power and control but to integrate and unite the paradoxical through humour Subjects covered include imagination and metaphor the traditional trickster law and the imagination humour Eros using logos the postmodern female trickster This highly original perspective on women s role in contemporary culture will offer readers a new vision of how humour psychologically operates as a healthy adaptation to trauma and adversity It will be of great interest to all analytical psychologists and psychoanalysts as well as those in women s cultural legal and literary studies The Chicago of Fiction James A. Kaser, 2011-02-01

**BOOK JACKET**      **Forthcoming Books** Rose Arny, 2000      **Family Relationships in Contemporary Crime Fiction** Bill Phillips, 2019-04-23

Behind every crime novel there is a family. The author's the hero's or the heroine's and that of the villains themselves. Some families organise themselves into crime syndicates controlling drugs, prostitution and illegal gambling. Others are simply dysfunctional, tearing themselves apart: fathers against sons, mothers against daughters, sisters against brothers, husbands against wives. Not everyone escapes alive. However, families do not exist in a vacuum. They are an important part of our society for many, one of its most essential building blocks. That being said, society itself can impinge disastrously on personal relationships. War, that greatest of crimes, leaves children bereft of parents. Generations of children are stolen by cynical racist administrators in supposedly civilised countries. Religion requires its followers to flourish and multiply while abandoning all, including family, for their faith. All of these issues and more are explored in this collection of essays about crime fiction and the family.
