RE: Hardship Letter - Short Sale for _____ address
Loan number: (#)

To Whom It May Concern:

Since last month I am experiencing financial difficulties due to (layoff, medical problem, etc.)

After having my current financial situation carefully analyzed, I have concluded that it is no longer possible to comply with the original terms of the agreement. I have no choice but ask you for your help on avoiding the foreclosure of my family's home.

Due to the dropping of home prices that have affect the entire country in the last year, I currently owe more on my mortgage than my home is actually worth.

Please consider allowing me into your Short Sale Program so that we can lower the price and sell the house quickly before it goes into foreclosure. This will allow me to settle my financial obligation to you and have a chance to get back on my feet, without having to file for bankruptcy.

Please understand that financial hardships can occur and many times it's not a choice. I deeply appreciate your help in this matter. If you have any questions, or need anything further from me, you can contact my Realtor, Mr. Realty at (123) 123-1234.

I am enclosing my (last two months bank statements, last two year's federal tax returns, last two pay stubs for all working borrowers, and my last two year's W-2's .

I, (your name), state that the information provided above is true and correct to the best of my knowledge .

Sincerely,

million dollars in sales from my first start up I sold it and directed my passion to the world of real estate investing Why real estate Well most of my affluent customers in my first business owned real estate so I knew there was something to be learned in that industry I was a complete novice to it And oh by the way before I forget did I mention that I didn't even graduate from high school Apparently my drive to succeed coupled with my persistence to not fail clouded my judgment of the value of a formal education So instead I settled for a G E D I'm not looking for any pity party I just mentioned this to demonstrate that if a highschool dropout can make it the doors are open for just about anyone else to do it too Now fast forward a bit into my real estate experiences I started out being a bird dog which means I was out finding good deals on properties and getting paid a finders fee for it That fee was usually 500 1 500 After I learned how much money the investor was making selling the houses I was bringing him I quickly learned how to assign wholesale and flip distressed properties That brought in checks anywhere from 3 000 10 000 Not bad but I had a hunch those properties were worth a lot more after they were fixed up So I decided to put together a skeleton rehab crew and thought I would make 15 000 30 000 per deal but I was sadly mistaken My rehab attempts ended up being more of a mirage instead of a real profit center My 30 000 paydays actually came out to be more around 17 500 after considering all the contractor frustrations material costs labor marketing selling and other holding costs Needless to say I had more fun assigning contracts It wasn't until around 2004 that I stumbled my way through a short sale and I made over 30 000 on that deal That was the most money that I had ever made on one single real estate transaction I couldn't believe the lender would accept less than what was owed for a payoff I was immediately hooked and quickly learned everything possible about the short sale process The more I learned about Short Sales the more I was asked by other investors to partner on deals I quickly became known as the local go to guy for doing short sales Other investors continually asked me how they too could learn to do what I was doing So after being asked by numerous fellow investors to teach and coach them on the subject I decided to dive in head first and write my first information product home study course What I discovered in real estate investing was something I never expected Not only was the short sale niche secretive but the entire industry And the real truth was shared only amongst a small tight knit group of investors but not anymore I've cornered the top dogs in their niche of real estate investing and forced them to talk When you finish reading Real Estate Recession Riches you are going to be smarter and wiser newbie or advanced real estate investor Period Remember be a servant Cory Boatright Cory Boatright is a flat out ge
