## **Is The Good Corporation Dead:**

*Is the Good Corporation Dead?* John W. Houck, Oliver F. Williams, 1996 Can corporations remain socially responsible in today's fiercely competitive global economy For several decades after World War II companies like IBM which exemplified what journalist Robert J Samuelson called the good corporation poured forth material comforts and technological ideas while guaranteeing full employment and adequate retirement In the 1980s all of that changed as corporations moved to downsize and become lean mean global competitors In this collection thirteen prominent scholars in business ethics finance management and religion and six corporate leaders respond to a new essay by Samuelson that sounds the death knell of the good corporation They propose new approaches to corporate integrity and social responsibility in the global economy The book will be useful in corporate workshops and will make an excellent business ethics text in philosophy departments and business schools

*Death Without Company* Craig Johnson, 2007-02-27 Sheriff Walt Longmire investigates a death by poison in this gripping novel from New York Times bestselling author Craig Johnson the second in the Longmire Mystery Series The hit drama Longmire is now streaming on Paramount When Mari Baroja is found poisoned at the Durant Home for Assisted Living Sheriff Walt Longmire is drawn into an investigation that reaches fifty years into the mysterious woman's past Her connections to Wyoming's Basque community the lucrative coal bed methane industry and the personal life of the previous sheriff lead to a complex web of half truths and assumed alliances Aided by his friend Henry Standing Bear Deputy Victoria Moretti and newcomer Santiago Saizarbitoria Sheriff Longmire must connect the specter of the past to the present to find the killer among them

*Corporate Social Responsibility* Oliver F. Williams, 2013-11-26 Over the last 30 years corporate social responsibility CSR has become a household term reflecting a combination of factors that we have come to associate with that most catch all of terms globalization including the widespread popular concern with such social issues as the environment and international human rights Corporate Social Responsibility examines the history of the idea of business ethics which goes back at least to ancient Mesopotamia before exploring the state of CSR today This book argues that a wide ranging understanding of the purpose of business is necessary to create value for a community of stakeholders which in turn can generate a sustainable future The book suggests that corporations still have a long way to go but remains optimistic The book's sanguine interpretation of the current state of corporate affairs and a recommended way forward results not only from the author's analysis but also his direct experience This book presents the case that we are in the midst of a major paradigm shift in our understanding of the purpose of business and that this new understanding holds much promise for business being a significant force for a more just and peaceful world This work provides a concise overview of CSR and an important examination of the present and future work of the UN Global Compact and will be of interest to students of international organizations international business and corporate social responsibility

**Approaches to Corporate Social Responsibility** Stefan Markovic, Adam Lindgreen, Nikolina Koporcic, Milena Micevski, 2023-08-25 Following recent growth of

ethical consumerism customers and other stakeholders increasingly pressure organizations to be socially responsible and minimize their negative impact on the environment Accordingly a plethora of firms have integrated corporate social responsibility CSR at the center of their business strategies and actions Whilst this has resulted in many firms meeting their broader responsibilities toward society and the environment some firms have used CSR in a manipulative and insincere way As stakeholders become aware of such misuse of CSR largely thanks to the rapid evolution of information technologies they start to penalize firms by spreading negative word of mouth about them and specifically about their CSR knowledge values and actions Now more than ever before stakeholders are increasingly critical and cautious in their assessments of firms CSR knowledge values and actions On this background this edited volume sheds light on different internal and external perspectives spanning CSR knowledge values and actions It shares theoretical practical and case based insights on the broader topic and can be of interest to researchers academics practitioners and advanced students in the fields of CSR and business ethics knowledge management strategy and marketing

*Peace through Commerce* Oliver F. Williams  
C.S.C.,2008-09-15 *Peace through Commerce* Responsible Corporate Citizenship and the Ideals of the United Nations Global Compact contains a foreword introduction and twenty one chapters by major business leaders and scholars who discuss the issues set out by the UN Global Compact The chapters address the purpose of the corporation the influence of legal and peace studies the experience of career NGO officials and of business leaders how commerce can help promote peace and how we might envision the future Ten case studies document the efforts of individual businesses including IBM Chevron Bristol Myers Squibb General Electric Nestle and Ford to successfully serve society's interests as well as their own *Peace through Commerce* will lay the groundwork for courses in business schools on corporate social responsibility corporate citizenship and global environment of business Contributors Mark Moody Stuart Oliver F Williams C S C Marilise Smurthwaite Timothy L Fort Michelle Westermann Behaylo Douglass Cassel Sean O'Brien John Paul Lederach Willie Esterhuyse Mary Anderson David B Lowry Donal A O'Neill Klaus M Leisinger Ofelia C Eugenio Brigitte H l ne Scherrer Samery Abdelnour Babiker Badri Oana Branzei Susan McGrath David Wheeler Gerald F Cavanagh S J Mary Ann Hazen Brad Simmons David Berdish John Bee Lisa Newton Stanley Litow Marshall Greenhut Bob Corcoran Daniel Malan Alexandra Guqueta Thomas Costa Lee Tavis and Carolyn Y Woo

*The Conscience of Capitalism* Terry L. Besser,2002-11-30 The common wisdom that business contributions to the common good are counterproductive in the new competitive global marketplace does not hold up to empirical research In fact doing good is good for business and a majority of businesses do provide some form of community support which Besser discovered in her exhaustive survey of the Iowa business community Business owners and managers often act out of a sense of community spirit and a certain obligation to better the common good While the increasingly globalized economy has encouraged a number of large corporations to become freewheelers the vast majority of companies are firmly rooted in place and look at their locales with more than just a utilitarian eye Extensive interviews with Iowa

business owners managers and business and community leaders are combined with findings from prior studies of corporate citizenship and the evidence clearly indicates that the majority of businesses provide some form of community support Most owners feel they should do more than just make a profit so they often seek ways to give back to their communities a move that is usually nurtured within the business community itself However corporate altruism carries risks Many business owners have unwittingly offended customers and clients by their acts of civic spirit Besser concludes her book by addressing the potential threats to business social responsibility posed by globalization and recommends steps to enhance socially responsible capitalism Anybody interested in the complex interaction of businesses and the communities they reside in will enjoy reading this positive revisitation of the mutually supportive relationship between trade and polity

*Ethics in International Management* Brij Nino Kumar, Horst Steinmann, 2015-05-19 No detailed description available for Ethics in International Management

Personnel Literature, 1994

*Business Ethics and Strategy, Volumes I and II* Alan E. Singer, 2018-10-26 This volume is intended as a reference for those interested in the relationship between business strategy and business ethics broadly conceived Several articles have been selected from various leading journals in management strategy and ethics An introductory chapter provides an overview of the articles but it also relates them systematically to a fundamental dualism involving values ethics and politics all viewed from the perspective of business and business studies

*Operations and Service Management: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2017-11-30 Organizations of all types are consistently working on new initiatives product lines and workflows as a way to remain competitive in the modern business environment No matter the type of project at hand employing the best methods for effective execution and timely completion of the task is essential to business success

*Human Rights in International Relations* David P. Forsythe, 2012-02-09 This third edition of David P Forsythe s successful textbook provides an authoritative overview of the place of human rights in an age of upheaval in international politics Human rights standards are examined at the global regional and national levels with separate chapters on transnational corporations and advocacy groups The third edition has been completely updated to include the latest developments on terrorism and counter terrorism pro democracy protests in the Middle East disputed elections in developing countries criminal courts and truth commissions and applications of the laws of war New sections have been added on subjects such as women s rights and new case studies have been added in each chapter which show how specific rights fare in contemporary political contexts Containing chapter by chapter guides to further reading and discussion

questions this book will be of interest to all students of human rights and their teachers      *Distinguished Women Economists* Julianne Cicarelli, 2003-10-30 Women are vital members of the economics profession yet they have traditionally received scant recognition for their work This volume provides information on 51 remarkable women in the profession They come from all areas of economics academia the business world public policy and include those who are currently active as well as 19th century pioneers in the field Entries cover biographical information as well as the subjects work providing a unique guide to the many and varied contributions these women have made to economics Joan Robinson was one of the most significant economists of the 20th century Juanita Morris Kreps was Secretary of Commerce under Jimmy Carter And forecasting guru Abbey Joseph Cohen appears regularly on PBS CNN and CNBC Women are vital members of the economics profession yet they have traditionally received scant recognition for their work This volume provides information on 51 remarkable women in the profession They come from all areas of economics academia the business world public policy and include those who are currently active as well as 19th century pioneers in the field Entries cover biographical information as well as the subjects work providing a unique guide to the many and varied contributions these women have made to economics Seeking to provide balanced coverage this book covers accomplished and emerging economists living and deceased individuals and women from all philosophical perspectives and economic areas Some have worked in several areas Kathleen Bell Cooper for instance was Chief Economist at Exxon Corporation and is now Under Secretary of Commerce for Economic Affairs while Marina Whitman now with the University of Michigan Business School was a senior executive with General Motors and the first woman appointed to the President s Council of Economic Advisors Others have spent their career in academia All have been prolific writers as their entries document and all made their mark on economics This book is a testament to their achievements      **Investigation of Whitewater Development Corporation and Related Matters:**

**The inquiry into whether improper conduct occurred regarding the way in which White House Officials handled documents in the office of White House Deputy Counsel Vincent W. Foster, Jr., following his death** United States. Congress. Senate. Special Committee to Investigate Whitewater Development Corporation and Related Matters, 1997

**Managing Health, Safety and Well-Being** Aditya Jain, Stavroula Leka, Gerard I.J.M. Zwetsloot, 2018-04-11 To achieve sustainable progress in workplace and societal functioning and development it is essential to align perspectives for the management of health safety and well being Employers are responsible for providing every individual with a working environment that is safe and does not harm their physical or mental health However the current state of the art indicates that approaches used to promote health safety and well being have not had the anticipated results At the level of the enterprise it is widely understood and accepted by all stakeholders that employers share the responsibility of promoting and managing the health of their workers Evidence indicates that most employers put in place procedures and measures to manage workers health and create healthy workplaces to meet legal requirements as a response to requests by employees as

a need to improve company image reputation and to improve productivity This highlights that in addition to legal requirements the key drivers for companies also include the ethical and business case While much has been written about role of legislation and the business case for promoting health safety and well being not much is known about the ethical case for promoting employment and working conditions In this context this book examines the potential of the link between responsible and sustainable workplace practices human rights and worker health safety and well being and explores how complementary approaches can be used to promote employment and working conditions and sustainability at the organizational level It offers a framework for aligning different approaches and perspectives to the promotion of workers health safety and well being and provides recommendations for introducing such an approach at the enterprise level

**Corporate and Foundation Fund Raising** Eugene A. Scanlan, 1997 If you truly want to be successful in raising money from foundations and corporations there are many steps you must take before a proposal goes out the door And there are many things you must do after it is in the hands of the potential funder And that's why you should have a copy of Corporate and Foundation Fund Raising A Complete Guide from the Inside It's the only step by step guide that provides a total and comprehensive strategic approach to fund raising You'll get a wealth of hands on techniques strategy tips real life examples war stories time saving forms suggested readings a glossary and an extensive bibliography

**Treatise on the Law of Private Corporations Aggregate** Joseph Kinnicut Angell, Samuel Ames, 1858

Public and Private Welfare in Modern Europe Fabio Giomi, Célia Keren, Morgane Labbé, 2022-03-28 Since the 1980s neoliberals have openly contested the idea that the state should protect the socio economic well being of its citizens making privatization their mantra Yet as historians and social scientists have shown welfare has always been a mixed economy wherein private and public actors dynamically interacted collaborating or competing with each other in the provision of welfare services This book will be of interest to students scholars and practitioners of welfare by developing three innovative approaches Firstly it illuminates the productive nature of public private entanglements Far from amounting to a zero sum game the interactions between the two sectors have changed over time what welfare encompasses its contents and targets often engendering the creation of new fields of intervention Secondly this book departs from a well established tradition of comparison between Western nation states by using and mixing various scales of analysis local national international and global and by covering case studies from Spain to Poland and France to Greece in the nineteenth and twentieth centuries Thirdly this book goes beyond state centrism in welfare studies by bringing back a host of public and private actors from municipalities to international organizations from older charities to modern NGOs The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

International Handbook of White-Collar and Corporate Crime Henry N. Pontell, Gilbert L. Geis, 2010-05-27 Insider trading Savings and loan scandals Enron Corporate crimes were once thought of as victimless offenses but now with billions of dollars and an increasingly

global economy at stake this is understood to be far from the truth The International Handbook of White Collar and Corporate Crime explores the complex interplay of factors involved when corporate cultures normalize lawbreaking and when organizational behavior is pushed to unethical and sometimes inhumane limits Featuring original contributions from a panel of experts representing North America Asia Europe and Australia this timely volume presents multidisciplinary views on recent corporate wrongdoing affecting economic and social conditions worldwide Criminal liability and intent Stock market and financial crime Bribery and extortion Computer and identity fraud Health care fraud Crime in the professions Industrial pollution Political corruption War crimes and genocide Contributors offer case studies historical and sociopolitical analyses theoretical and legal perspectives and comparative studies featuring examples as varied as NASA Parmalat the Italian government and Watergate Criminal justice responses to these phenomena the role of the media in exposing or minimizing them prevention regulation and self policing strategies and larger global issues emerging from economic crime are also featured Richly diverse in its coverage The International Handbook of White Collar and Corporate Crime is stimulating reading for students academics and professionals in a wide range of fields from criminology and criminal justice to business and economics psychology to social policy to ethics This powerful information is certain to change many of our deeply held views on criminal behavior

**A Practical Elementary Digest of the Reported Cases in the Supreme Court of Judicature, and the Court for the Correction of Errors, of the State of New York** Thomas W. Clerke, 1845
