

The background of the cover is a vibrant illustration. A large, blue whale is swimming towards the viewer, its head and eye clearly visible. A young girl with dark hair, wearing an orange life preserver, is swimming alongside the whale. The water is depicted with various shades of blue and green, creating a sense of depth and movement. The overall style is painterly and whimsical.

RISINGTIDEFALLINGSTAR Philip Hoare, 2018-04-02 Every day is an anxiety in my ways of getting to the water I've become so attuned to it so scared of it so in love with it that sometimes I can only think by the sea It is the only place I feel at home Many of us visit the sea Admire it Even profess to love it But very few of us live it Philip Hoare does He swims in the sea every day either off the coast of his native Southampton or his adopted Cape Cod He watches its daily and seasonal changes He collects and communes with the wrack both dead and never living that it throws up on the shingle He thinks with at through the sea All of which should prepare readers *RISINGTIDEFALLINGSTAR* is no ordinary book It mounts no straight ahead argument It hews to no single genre Instead like the sea itself it moves flows absorbs transforms In its pages we find passages of beautiful nature and travel writing lyrical memoir seams of American and English history and much more We find Thoreau and Melville Bowie and Byron John Waters and Virginia Woolf all linked through a certain refusal to be contained to be strictly defined an openness to discovery and change Running throughout is an air of elegy a reminder that the sea is an ending a repository of lost ships lost people lost ways of being It is where we came from for Hoare it is where he is going Every swim is a little death Hoare writes but it is also a reminder that you are alive Few books have ever made that knife's edge so palpable Read *RISINGTIDEFALLINGSTAR* Let it settle into the seabed of your soul You'll never forget it Love

Letters and Two Other Plays Albert Ramsdell Gurney, 1990-09 Love Letters traces the lifelong correspondence of the staid dutiful lawyer Andrew Makepeace Ladd III and the lively unstable artist Melissa Gardner The story of their bittersweet relationship gradually unfolds from what is written and what is left unsaid in their letters Two other thematically related plays by Gurney *The Golden Age* and *What I Did Last Summer* are also included **Iumi Tru** Carolo, 2017-11-13 From time to time we all find our mind wandering off to faraway places Many of us long for sandy beaches along clear blue oceans Others may dream about exotic locations with interesting native inhabitants and then there are those who want both The Solomon Islands offers such a location In *Iumi Tru Truly Us* author Julian Maka shares examples of the people and places that make up his homeland He presents a collection of stories capturing the nuances of the provinces that make up the Solomon Islands He considers the Skull Cave of Olevuga the thriving barter system of the village of Longgu and the rare birds found in the province of Isabel Maka also introduces an important piece of brass and a woman who seems to control the flow of water The Solomon Islands may not immediately jump to mind when contemplating vacation spots but perhaps they should Through the stories in *Iumi Tru Truly Us* you can learn about the culture and intriguing stories found throughout the islands and enjoy a slice of life in this exotic locale 1984-1991 Albert Ramsdell Gurney, 2000 *Isabel's Bed* Elinor Lipman, 2010-12-14 A warm affecting tale People about a ghostwriter learning lessons in life and love from her eccentric and vivacious subject When Harriet Mahoney first sees it Isabel Krug's bed is covered with sheared sheep and littered with celebrity biographies Unpublished fortyish and recently jilted Harriet has fled Manhattan for Isabel's loudly elegant Cape Cod retreat where she will ghostwrite *The Isabel Krug Story* based on the sexy blond's scandalous tabloid past Unusually talented in the man department Isabel revamps and inspires Harriet as they gear up to tell all including the tangled history Isabel shares with her odd lodger Costas Life according to Isabel is a nonstop soap opera extravaganza an experience to be swallowed whole and the attitude is catching Children's Books in Print, 2007, 2006 **IT OFTEN ENDS IN VIOLENCE . Planet Plutonia Manny Mamuscia, 2011-02-18 From my point of view as the author I would like for my readers to grasp the understanding that there is a Creator call It by whatever title you like and that everything in our world and the universes is that It s all about change So when change does come into your life accept it without fear and simply deal with it as it comes along We humans can make change a wonderful part of our lives without the anxiety coming in and controlling our lives So this is a story of our fears or wants change knowing Creator does exist as do other Beings which are aware of all the above said and know their duties to Creator and humanity and all of life that may exist that we are still unawara of as yet I would also like for my readers to know that we the peoples have all the powers to manifest whatever we desire in our lives and our world Earth But first we have to accept that the possibility exists and then we have to work on that aspect to manifest whatever we want in our individual life There is at the least one major rule in all of exsistence though Love is the strongest denominator which exists and that is what we the peoples must focus on becomming Beings of love which means do unto others better than we desire for our individual selfs This is a fantasy story of truth and fantasy mixed together to elicit what Creator desired me to evok in all humanity This must be read from beggining to the end to to not miss some important part of the story Enjoy and make the changes that you know need be made for your life and those around you to become better than could be hoped Aloha

The Gulf of California Richard C. Brusca, 2010-04-15 Few places in the world can claim such a diversity of species as the Gulf of California Sea of Cortez with its 6 000 recorded animal species estimated to be half the number actually living in its waters So rich are the Gulf s water that over a half million tons of seafood are taken from them annually and this figure does not count the wasted by catch which would triple or quadruple that tonnage This timely book provides a benchmark for understanding the Gulf s extraordinary diversity how it is threatened and in what ways it is or should be protected In spite of its dazzling richness most of the Gulf s coastline now harbors but a pale shadow of the diversity that existed just a half century ago Recommendations based on sound careful science must guide Mexico in moving forward to protect the Gulf of California This edited volume contains contributions by twenty four Gulf of California experts from both sides of the U S Mexico border From the origins of the Gulf to its physical and chemical characteristics from urgently needed conservation alternatives for fisheries and the entire Gulf ecosystem to information about its invertebrates fishes cetaceans and sea turtles this thought provoking book provides new insights and clear paths to achieve sustainable use solidly based on robust science The interdisciplinary international cooperation involved in creating this much needed collection provides a model for achieving success in answering critically important questions about a precious but rapidly disappearing ecological treasure
