Controlled Natural Language B. Davis, C.M. Keet, A. Wyner, 2018-09-12 Controlled natural languages CNLs are based on natural language and apply restrictions on vocabulary grammar and or semantics They fall broadly into 3 groups Some are designed to improve communication for non native speakers of the respective natural language in others the restrictions are to facilitate the use of computers to analyze texts for example to improve computer aided translation and a third group of CNLs are designed to enable reliable automated reasoning and formal knowledge representation from seemingly natural texts This book presents the 11 papers selected from 14 submitted and delivered at the sixth in the series of workshops on Controlled Natural Language CNL 2018 held in Maynooth Ireland in August 2018 The papers cover a full spectrum of controlled natural languages ranging from human oriented to machine processable controlled languages and from more theoretical results to interfaces reasoning engines and the real life application of CNLs The book will be of

interest to all those working with controlled natural language whatever their approach **A Guide to the Systems of Provision Approach** Kate Bayliss, Ben Fine, 2021-01-04 Understanding consumption requires looking at the systems by which goods and services are provided not just how they are produced but the historically evolved structures power relations and cultures within which they are located The Systems of Provision approach provides an interdisciplinary framework for unpacking these complex issues This book provides a comprehensive account of the Systems of Provision approach setting out core concepts and theoretical origins alongside numerous case studies The book combines fresh understandings of everyday consumption using examples from food housing and water with implications for society's major challenges including inequality climate change and prospects for capitalism Readers do not require prior knowledge across the subject matter covered but the text remains significant for accomplished researchers and policymakers especially those interested in the messy real world realities underpinning who gets what how and why across public and private provision in global national and historical contexts Bibliography of the Zulu Language to the Year 1998 Nelly Mokhonoana, 1999 **A Practical Guide to Teaching English in the Secondary School** Annabel Watson, Ruth G Newman, 2021-11-29 A Practical Guide to Teaching English in the Secondary School offers straightforward advice inspiration and a wide range of tried and tested approaches to help you find success in the secondary English classroom Covering all aspects of English teaching it is designed for you to dip in and out of and enable you to focus on specific areas of teaching your programme or pupils learning Fully updated to reflect what student and early career teachers see and experience when they enter the classroom the second edition supports trainee and practicing teachers to teach in imaginative and creative ways to promote learning in English Packed with ideas resources practical teaching activities and underpinned by the latest research into how children learn the book examines the core areas of reading writing and spoken English including Plays poetry non fiction myths and legends drama and Shakespeare Developing writing Creative grammar Talk and classroom dialogue Media and digital writing English across the curriculum Well being through writing Literature and language post 16 Including tools to support critical reflection A Practical Guide to Teaching English in the Secondary School is an essential companion for all training and newly qualified English teachers **Focus on First Year Success** Brenda Leibowitz, Antoinette Van der Merwe, Susan Van Schalkwyk, 2009-11-01 The importance of the first year experience is now well recognised This collection of papers makes a fascinating and important contribution to our understanding of students transition to higher education This is a scholarly engaging and illuminating text that is relevant not only in the context of South Africa but for anyone interested in student learning in the first year of university education David Gosling Plymouth University Southern African Books in Print, 1994 Catholicity Challenging Ethnicity Erik Berggren, 2016 This book deals with the relationship between the catholicity of the Church and ethnicity Churches confess their catholicity which means that they declare that their members belong to one community but at the same time the churches are often internally divided along ethnic lines South Africa was a

divided society under apartheid which also shaped the churches ethnically The legacy of apartheid continues to cause division between people through inequality injustice skewed power relations and marginalisation The author presents an analytical tool that has been derived from key documents of the Faith and Order movement and the World Council of Churches concerning the catholicity of the Church In addition he tests the catholicity of the Church against an operative ecclesiology of South African congregations and churches twenty years after the dismantling of apartheid

Academic Voices Upasana Gitanjali Singh,Chenicheri Sid Nair,Craig Blewett,Timothy Shea,2022-04-01 Academia s Digital Voice A Conversation on 21st Century Higher Education provides critical information on an area that needs particular attention given the rapid introduction and immersion into digital technologies that took place during the pandemic including quality assurance and assessment Sections discuss the rapid changes called into question as student mobility pedagogical readiness of academics technological readiness of institutions student readiness to adopt online learning the value of higher education the value of distance learning and the changing role of administration and faculty were thrust upon institutions The unprecedented speed of international lockdowns caused by the pandemic necessitated HEIs to make rapid changes in both teaching and assessment approaches The quality of these and sacrosanctity of the academic voice has long been the central tenet of higher education While history is replete with challenges to this the current rapid shift to online education may represent the greatest threat and opportunity so far Focuses on the academic voice in HEI Presents an authentic message and mode for the new world we live in post COVID Includes a section on academic predictions for higher education institutions

Self-directed learning research: An imperative for transforming the educational landscape Elsa Mentz,Thabisile Buthelezi,Josef de Beer,Adri du Toit,Aubrey Golightly,Sarah Gravett,Marietjie Havenga,Anitia Lubbe,Judah P. Makonye,Neal Petersen,Paulinah Phahamane,Jessica Pool,H.J. (Hennie) Steyn,Johannes (Hannes) L. van der Walt,Charl Wolhuter,2016-12-31 This book will benefit specialists in the field of the education sciences It represents significant progress in knowledge production Self directed learning has become increasingly important not only for education in South Africa but also for education sciences in the international arena This is a result of the changing education landscape caused by the demands of the 21st century as well as the rapid change in knowledge production Learners should be equipped with skills to take responsibility for their own learning New innovative strategies should be incorporated into teaching and learning in order to meet the changing demands in education Traditional teacher centred practices are still the norm in most South African schools and higher education institutions and do not adequately prepare students for lifelong learning in the 21st century The content focuses on the theory behind self directed learning explores strategies such as cooperative learning problembased learning case based teaching and large group teaching that enhance self directed learning and the use of blended learning in a self directed learning environment The book demonstrates how self directed learning can be enhanced in mathematics computer science and life science education and through the use of student tutors for geography Digital

technology could for example also be used in innovative ways for education in isiZulu folk poetry The findings are based on original empirical research and a sound theoretical conceptual framework In an environment of rapidly changing knowledge production this book responds to the challenge of how to equip learners with the necessary skills to take responsibility for their own learning The book presents innovative teaching and learning strategies for meeting the changing demands in education Group activities the responsibilities of learners and the obstacles that hinder their learning are analysed and the way in which educators can support them is discussed Educational values such as mutual trust are discussed and self directed assessment is explored This is a timely collective work authored by experts who subscribe to the approach of self directed learning Educators should discover new teaching and learning strategies and value the integration of self directed learning in the classroom
