Kevin Reinhart,2020-06-11 Does Islam make people violent Does Islam make people peaceful In this book A Kevin Reinhart demonstrates that such questions are misleading because they assume that Islam is a monolithic essence and that Muslims are made the way they are by this monolith He argues that Islam like all religions is complex and thus best understood through analogy with language Islam has dialects a set of features shared with other versions of Islam It also has cosmopolitan elites who prescribe how Islam ought to be even though these experts depending on where they practice the religion unconsciously reflect their own local dialects Reinhart defines the distinctive features of Islam and investigates how modernity has created new conditions for the religion Analyzing the similarities and differences between modern and pre modern Islam he clarifies the new and old in the religion as it is lived in the contemporary world **Islam for the People's Benefit** Ahmed Sékou Touré,1977 , **Islam** William F. Russell,2013-06-11 We must ask ourselves can we allow a group of fundamentalist Muslims following the culture of Islam to freely attack our country our Democratic institutions our freedom of speech our freedom of religion our very civilization and get away with it This is a very controversial subject Our president tells us Islam is a religion of peace Yet we see many examples of the violence of Islam throughout the world and a long history of well documented Islamic violence for over 1400 years What is the truth Our country has always welcomed immigrants from all walks of life and from every religion We protect religions in this country But is Islam truly only a religion Should Islam have religion status That subject will be discussed in this book Some exclaiming fear of the threat of Islam are accused of Islamophobia but when you examine the historical facts like the 9 11 attack in New York City by Muslims that destroyed the World Trade Center and killed nearly 3 000 Americans what is actually happening Daily in Great Britain and numerous countries in Europe fear becomes a reality not a phobia In the early 1930s we were told by many soothsayers that the Nazis were not a threat But some leaders like Winston Churchill knew the truth and eventually the world woke up to his call and was energized to action to stop the evil Nazi empire which nearly took over the world It required a disastrous World War to do it We do not want to repeat that error and wait until it is too late to stop this insidious invasion of Islam What is the truth What should be our position regarding Islam Should we expose our culture to one which says it wants to dominate us and bring to us a set of laws known as Sharia which will make a mockery of our freedoms and subjugate women to second class status This book details the many barbaric concepts of the philosophy of Islam and examines actions we must consider in defense of the cherished and hard earned freedoms which are our right under the Constitution and the Bill of Rights in our democratic world The author was born in New York City in November 1925 the eldest of three children of Dr and Mrs Frank H Russell He graduated in 1950 from the University of Colorado with a Pre Medical Major but spent much of his life in international business as a corporate executive and CEO He has been an entrepreneur for the past 40 years William is currently concentrating on writing keywords Islam

Muhammad and the People of the Book Sahaja Carimokam, 2010-09-17 Muhammad and the People of Book by Sahaja Carimokam asks the question what was the nature of Muhammad's relationship to non Muslims particularly Jews and Christians and how did it change over time This work is based on a chronological reading of the chapters of the Qur'an supplemented with Muslim commentary literature and biographical materials on the life of Muhammad Carimokam traces Muhammad's evolving religious viewpoint based on his borrowings of primarily Jewish and some Christian traditional apocryphal materials He shows how Muhammad's inaccurate and anachronistic rendition of Jewish traditional literature ensured that the Jews would reject him as a Prophet This rejection led to his ultimatum to the Jews early in the Medinan period of the Qur'an and culminated with his call to Jihad against all non Muslims including those Jews and Christians who refused to acknowledge his Prophethood The origins of takfir declaring Muslims to be non Muslims are considered Comparisons are made of moderate and traditional interpreters of the Qur'an Historical critical issues regarding the background provided by Muslim historical propaganda is considered in one chapter The book concludes with a controversial issue for the interpretation of Islamic law in the 21st century based on the actual canonical practices of Muhammad **A**
