Faith to Faith CHAWKAT MOUCARRY, 2020-05-21 Is it possible for Christians and Muslims to engage in meaningful dialogue in genuine and truthful debate Do we dare to put our faith on trial To listen to each other in the best possible way and to give the reason for the hope that we have with gentleness and respect as we are commanded The two faiths hold much in common tracing their roots back to a common ancestor And yet they have always held to something of a ghetto mentality Mutual ignorance is the price paid for trouble free co existence and for some perhaps the price for survival Prejudice and misunderstanding leads to confrontational debate where one side tries to ridicule attack and defeat the other Political correctness and tolerance simply leads to superficial agreement Chawkat Moucarry believes that there is a better way Ever since he surprised the religious Education teacher by asking if he could attend the Islamic class at high school he has been wholeheartedly committed to genuine Christian Muslim dialogue His prayer is that this book will help us to gain a better understanding of each other's faith as well as our own and above all a better understanding of the founder of that faith

CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples Second this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood Finally the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors **What Every**

Christian Should Know about Islam Christian S. Anderson, 2008-09 What Every Christian Should Know about Islam can be read profitably by the serious student or by anyone who just wants to get a basic handle on the religion founded by Muhammed almost 1400 years ago It is a distillation of the history and teachings of Islam written from a Christian perspective An entire chapter is devoted to answering the false claims one will commonly find on Islamic web sites Another chapter covers the subject of Islam and terrorism and that the utilization of it as a jihadist tactic comes out of the tradition and philosophy of the revolutionary Left rather than from the religion of Islam itself Some other less known facts one will discover in this book include the following Muhammed married one of his favorite wives when she was merely a child of

about nine That the Sunni Shia division of Islam had its origin in a feud between two of Mecca s clans that dates from pre Islamic times The god of Islam Allah was originally the Lunar Deity of the pre Islamic pagan Arabs That Islam itself began as a Christian heresy Muslims originally faced Jerusalem and not Mecca while in prayer Mr Anderson studied Biblical languages at Life Pacific College in Los Angeles graduating with a BA degree in 1979 He also has AS degrees from Riverside Community College in Riverside California Following the terror attacks of September 11 2001 he determined to learn everything he could about Islam and the jihadist threat What Every Christian Should Know about Islam is a product of approximately 4 years of research Mr Anderson has taught the Bible Christian doctrine and apologetics for many years in various churches in Southern California s Inland Empire

Islam, a Christian Perspective ,1983-01-01 Looks at the history of Islam discusses the life of Muhammad and examines Islamic culture and religious thought *Engaging Islam from a Christian Perspective* Bonnie Evans-Hills,Michael Rusk,2015 Is it possible to bridge two faiths to cross through myriad cultures and to seek to understand some of today s great global crises from the viewpoint of the other With an estimated 5 million Muslims in the United States Islam is a faith that invites attention Beginning with the perceived dissonance of east and west of Christianity and Islam and working through the complexity of antagonistic worldviews that have been perpetuated over the centuries *Engaging Islam from a Christian Perspective* seeks to rediscover the deep interconnectedness between these two world faiths The political upheavals experienced across North Africa and the Middle East and the emergence of the Islamic State in Iraq and Syria and Boko Haram in north east Nigeria indicate the urgency and importance of establishing constructive dialogue This book sets local dialogue in the wider context of the significant international conversations that have been taking place between the two faiths The emergence of Scriptural Reasoning as a major tool of inter religious dialogue is explained and illustrated However this perspective is balanced by a consideration of how dialogue can proceed while acknowledging the diatribe hostility and violence that in some parts of the world terrorize adherents of both faiths Re establishing a dialogue of trust three areas are explored that reveal the potential radical outcomes of meaningful dialogue An important corrective is given as to how women perceive themselves as Muslims the question of whether one can be actively gay and Muslim is raised and the complex issues surrounding inter faith worship are sensitively explored *Engaging Islam from a Christian Perspective* offers the intriguing possibility that local conversation can bring about profound transformation to both faiths

Muhammad Reconsidered Anna Bonta Moreland,2020-03-30 Muhammad Reconsidered rectifies the failures of scholarly attempts to understand Islam in the West and to take Islamic theology seriously *Engaging Islam from deep within the Christian tradition* by addressing the question of the prophethood of Muhammad Anna Bonta Moreland calls for a retrieval of Thomistic thought on prophecy Without either appropriating the prophet as an unwitting Christian or reducing both Christianity and Islam to a common denominator Moreland studies Muhammad within a Christian theology of revelation This lens leads to a more sophisticated understanding of Islam one that

honors the integrity of the Catholic tradition and argues for the possibility in principle of Muhammad as a religious prophet Moreland sets the stage for this inquiry through an intertextual reading of the key Vatican II documents on Islam and on Christian revelation She then uses Aquinas's treatment of prophecy to address the case of whether Muhammad is a prophet in Christian terms Muhammad Reconsidered examines the work of several Christian theologians including W Montgomery Watt Hans K ng Kenneth Cragg David Kerr and Jacques Jomier O P and then draws upon the practice of analogical reasoning in the theology of religious pluralism to show that a term in one religion in this case prophecy can have purchase in another religious tradition Muhammad Reconsidered not only is a constructive contribution to Catholic theology but also has enormous potential to help scholars reframe and comprehend Christian Muslim relations [The Prophet & the Messiah](#) Chawkat Moucarray, 2002-02-11 Calling Christians and Muslims to engage in genuine dialogue Chawkat Moucarray describes and compares the central doctrines and debunks the common misconceptions of Christianity and Islam **A Christian Perspective of Islam** J. L. Williams, 2011-04-01 This book is a wake up call to anyone who has believed the politically correct rhetoric that says that Islam is a peaceful religion that has just been hijacked by a few religious radicals It is also a crash course in Biblical theology to show that Muslims and Christians do not believe in the same God The world's two largest faiths Christianity and Islam are on an inescapable collision course of worldwide proportion They are both evangelistic and expansionistic by nature For some 1 500 years Islam has largely sought to conquer by the sword while for over 2 000 years Christianity has sought to conquer by love If radical Muslims succeed our children and grandchildren will grow up in a Muslim Caliphate or Islamic theocracy under the tyrannical rule of Shari'a Law Wake up America before Islam takes over Our freedoms and democratic way of life hang in the balance **Why Ask Questions About Islam?: Answers Christians Need to Understand** Gordon Kainer, 2016-07-11 Across the world Islam appears in eye catching headlines We may be aware of what is happening but often we don't understand why Most Christians have unanswered questions about Islam don't we Do Muslims and Christians worship the same God Does it matter whether one is a Muslim or a Christian How does Islam view love sin salvation and forgiveness Is a Muslim's view of Jesus different than a Christian's What does Bible prophecy say about Islam How best should a Christian witness to a Muslim This book answers over 100 questions Christians ask about Islam and in so doing reveals Islam's greatest need a saving faith in the gospel of Jesus Christ It is the author's hope that this book provides you with a highly informative perspective as Islam is thoughtfully studied and evaluated within the framework of a biblical worldview [Christianity and Islam](#) John J. Johnson, 2020-09-29 This volume serves to refute the popularly held belief that Christians and Muslims worship the same God showing that Christianity and Islam radically disagree on the nature and attributes of God It also argues that they present Jesus in contradictory terms regarding his divinity and the historicity of the crucifixion Additionally the two religions have fundamentally different understandings of human nature sin and scripture In honestly pointing out the reasons why these great religions cannot be reconciled this book will appeal to

theologians as well as educated Christian and Muslim laypersons Naming God Lucinda Mosher, 2023 This volume like other Building Bridges Seminar books presents pairs of lectures by Christians and Muslims which introduce texts for dialogical study plus the actual text excerpts themselves This series is unique in that each volume goes far beyond mere reporting on a dialogical seminar rather each provides guidance and materials for constructing a similar dialogical experience on a particular topic Naming God brings fresh perspective to a topic of great interest in Christian Muslim understanding In a sense Naming God continues the conversation begun in the Seminar's earlier publication Monotheism and Its Complexities 2018 and employs the same distinctive approach to dialogical close reading a scripture and other source material The book is vital reading for students undergraduate and graduate and congregational leaders **Muslims Ask, Christians Answer** Christian W. Troll, 2012 This volume addresses 12 important questions that Muslims ask of Christians and explains their wider background in Muslim religious thought From the perspective of Christian faith and theology and from that of dialogue with Muslims the Christian positions are clarified and sensitive honest proposals are made for responding to the questions Both Christians and Muslims have found Troll's work a precious help for orientation and a solid basis for interreligious encounter and dialogue **Bridges to Islam** Phil Parshall, 2007-04-10 Expanding on his acclaimed book Muslim Evangelism Phil Parshall argues that the avenue for dialogue between Muslims and Christians runs through folk not orthodox Islam *Islam and Christianity* John Renard, 2011-03-08 In light of the widespread public perception of incompatibility between Islam and Christianity this book provides a much needed straightforward comparison of these two great faith traditions from a broad theological perspective Award winning scholar John Renard illuminates the similarities as well as the differences between Islam and Christianity through a clear exploration of four major dimensions historical creedal institutional and ethical and spiritual Throughout the book features comparisons between concrete elements such as creedal statements prayer texts and writings from major theologians and mystics It also includes a glossary of technical theological terms For western readers in particular this balanced authoritative work overturns some common stereotypes about Islam especially those that have emerged in the decade since September 11 2001 **Islam: Global Christian Perspectives** Wageeh Mikhail, 2024-07-30 There are hundreds of books on Islam after all it is the second largest religion on the planet Few however are the books written by Christian scholars of Islam who live and work in Muslim majority countries Here lies the value of this current volume It addresses Islam Islamic history Islamic theology and Christian Muslim relations from global Christian perspectives where contributors describe experiences and narratives of conversations obstacles cohabitation understanding and cooperative efforts between Christians and Muslims in a variety of Middle Eastern African and Asian nations including Egypt Ghana India Jordan Lebanon and Nigeria This book treats Islam academically and from a Christian standpoint Authors discuss historical interactions between Christians and Muslims and where relevant current avenues for work for the common good *Revelation and the Scriptures* B.
