Israel II Beyond The Basics Beyond The Basics Israel Basics Volume :

Israel Business Law Handbook Volume 1 Strategic Information and Basic Laws IBP, Inc, 2012-05-08 **Israel Business Law Handbook Strategic Information and Basic Laws The People, the Land, and the Future of Israel** Darrell L. Bock, 2014-09-10 What does the Bible teach about the role of the Jewish people and the nation of Israel today What is God's plan for the future of Israel and the neighboring countries How can believers in Jesus be part of God's peace process in the Middle East The People the Land and the Future of Israel walks through the Bible's account of the role of Israel and the Jewish people both now and in the future Each contributor offers a profound insight into God's unfolding plan and purpose for the nation of Israel as the Scripture depicts them Readers will gain a deeper understanding of both current and future events in the Middle East as described in both the Hebrew Scriptures and the New Testament Features an extensive foreword by best selling author Joel Rosenberg who addresses the question Will there ever be peace for Israel and her neighbors Each chapter includes a scannable QR code that links to a short video introduction by the author of that chapter introducing its topic Discussion questions in each chapter aid book group and classroom discussion **Israel's Prophets and Israel's Past** Brad E. Kelle, Megan Bishop Moore, 2006-11-01 This volume is an inquiry into the complex relationship of the prophetic texts and Israelite history Taken as a whole the book provides a round table discussion that examines the thesis that the study of prophetic literature i e Isaiah Jeremiah Ezekiel and the Twelve and the history of Israel are best undertaken in interaction with one another This topic appropriately honors John Hayes's long standing scholarly contributions in prophetic interpretation and historical research as well as his interest in the possibilities of the intersection of these two areas The volume also promises to contribute to the body of knowledge about prophets and Israel's past in general by affording twenty four historians and prophetic scholars the opportunity to explore their areas of interest in fresh ways while in dialogue with a central thesis All twenty four contributors have engaged John's ideas about prophets and or history as students colleagues or in their research and publications Thus the question of what impact the fields of prophetic research and Israelite history can and should have on one another unites the articles The book's individual parts however are contributions of historians and prophetic scholars who enter the discussion from their own perspectives and examine the possibilities and problems of the intersection of these two topics The articles from historians will focus on questions about the usefulness of prophetic texts for reconstructing Israel's history and will also branch out and address topics such as the social location of the prophets and the benefits of other ancient texts as well as archaeology to understanding the prophets Scholars coming from the prophetic side will offer different perspectives on prophetic identity experience and rhetoric and their possible correlations with historical contexts These articles will engage broad issues such as how history may form the context of prophets thought to quote contributor J Gordon McConville and will explore specific texts and issues drawn from Isaiah Jeremiah Ezekiel Hosea Amos Zechariah along with Daniel and Deuteronomy *Israel Yearbook on Human Rights*,

Volume 45 (2015) Yoram Dinstein, 2020-10-12 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations

Armies of Sand Kenneth Michael Pollack, 2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

Law and the Culture of Israel Menachem Mautner, 2011-01-27 Menachem Mautner offers a compelling account of Israeli law as a site for the struggle over the shaping of Israeli culture On the one hand a secular liberal group wishes to associate Israel with Western culture and to link Israeli law to Anglo American liberalism On the other hand a religious group wishes to associate Israeli culture with traditional Jewish culture and to found Israeli law on traditional Jewish law The struggle between secular and religious Jews has been part of the life of the Jewish people in the past 300 years It resurged in the 1970s with the rise of religious fundamentalism and the decline of the political and cultural hegemony of the Labor movement The secular group reacted by shifting much of

its political action to the Supreme Court which since the establishment of the state has been the state organ most identified with entrenching liberal values in the country's political culture In a short span of time in the early 1980s the Court effected extensive changes in its jurisprudence most strikingly adoption of sweeping judicial activism which is widely regarded as the most far reaching in the world The Court's activism provided the secular group with the means for intervening in decisions of the state branches over which the group had lost control With Arabs being a fifth of the country's population an additional divide in Israel is that between Jews and Arabs Drawing on notions of multiculturalism political liberalism and republicanism the book offers fresh insights as to how to manage Israel's divisive situation **The Only Language They Understand**

Nathan Thrall, 2017-05-16 In a myth busting analysis of the world's most intractable conflict a star of Middle East reporting argues that only one weapon has yielded progress confrontation Scattered over the territory between the Jordan River and the Mediterranean Sea lie the remnants of failed peace proposals international summits secret negotiations UN resolutions and state building efforts The conventional story is that these well meaning attempts at peacemaking were repeatedly thwarted by the use of violence Through a rich interweaving of reportage historical narrative and forceful analysis Nathan Thrall presents a startling counter history He shows that Israelis and Palestinians have persistently been marching toward partition but not through the high politics of diplomacy or the incremental building of a Palestinian state In fact negotiation collaboration and state building the prescription of successive American administrations have paradoxically entrenched the conflict in multiple ways They have created the illusion that a solution is at hand lessened Israel's incentives to end its control over the West Bank and Gaza and undermined Palestinian unity Ultimately it is those who have embraced confrontation through boycotts lawsuits resolutions imposed by outside powers protests civil disobedience and even violence who have brought about the most significant change Published as Israel's occupation of East Jerusalem the West Bank and Gaza reaches its fiftieth year which is also the centenary of the Balfour Declaration that first promised a Jewish national home in Palestine *The Only Language They Understand* advances a bold thesis that shatters ingrained positions of both left and right and provides a new and eye opening understanding of this most vexed of lands **American foreign policy; basic documents, 1950-1955** U. S. Dept. of State, 1957 *Concise Study of Basic Theology vol XIV* Henry Epps, 2012-08-30 *concise study of basic theology vol XIV* talks about the book of Romans and the doctrine of grace

Concise Study of Basic Theology vol II Henry Epps, 2012-08-07 *Concise Study of Basic Theology vol II* is a continuation of the theological studies **Studies Israeli Ethnicity** Alex Weingrod, 2022-11-12 First Published in 1985 Offering a surprisingly fresh look at Israeli society this authoritative book casts a new light on one of its most fascinating and important social features the relationship among Israeli ethnic groups It demonstrates how seemingly contradictory themes of cultural assimilation and heightened ethnicity are linked together and explores the ways in which immigrants have retained their cultural identities when confronted with socialization and stratification in their adopted country *A Testimony of Jesus*

Christ - Volume 1 Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

Israel's Past in Present Research V. Philips Long, 1999-06-30 The debate over history history writing and the scientific study of history is reaching an apex in the late twentieth century and shows no signs of abating in the near future The literature on the topic is prodigious The time is thus ripe for an anthology of essays of the sort that Professor Long has collected essays that trace the history of the issues that have fed into the debate The classic and contemporary essays presented here provide an overview and introduction to the topic bringing together the most essential of these in a handy compilation The book is organized in six sections 1 The State of Old Testament Historiography 2 Ancient Near Eastern Historiography 3 Ancient Israelite Historiography 4 Method in the Study of Ancient Israelite Historiography 5 The Historical Impulse in the Old Testament 6 The Future of Israel's Past Long's goal is to provide a context for Israelite history writing within the milieu of the ancient Near East expose the methodologies and assumptions of various approaches and perspectives on historiography and provide access to essays that examine the contribution of the Hebrew Scriptures themselves to the origins of history writing The final essay by Long points the way to future research and topics that will move the discussion forward into the next millennium Professor V Philips Long teaches Old Testament at Covenant Theological Seminary St Louis

Biblical History and Israel's Past Megan Bishop Moore, Brad E. Kelle, 2011-05-17 Although scholars have for centuries primarily been interested in using the study of ancient Israel to explain illuminate and clarify the biblical story Megan Bishop Moore and Brad E Kelle describe how scholars today seek more and more to tell the story of the past on its own terms drawing from both biblical and extrabiblical sources to illuminate ancient Israel and its neighbors without privileging the biblical perspective Biblical History and Israel's Past provides a comprehensive survey of how study of the Old Testament and the history of Israel has changed since the middle of the twentieth century Moore and Kelle discuss significant trends in scholarship trace the development of ideas since the 1970s and summarize major scholars viewpoints issues and developments

[Jewish and Israeli Law - An Introduction](#) Shimon Shetreet, Walter Homolka, 2021-08-02 This book instructively introduces the reader to the basics of Jewish law It gives a detailed cutting edge analysis of contemporary public and private law in the State of Israel as well as Israel's legal culture its system of government and the roles of its democratic institutions the executive parliament and judiciary The book examines issues of Holocaust law and religion

constitutionalization and equality Beyond Basics Marianne Celce-Murcia,1985 **In Search of Basic Units of Spoken Language** Shlomo Izre'el,Heliana Mello,Alessandro Panunzi,Tommaso Raso,2020-06-15 What is the best way to analyze spontaneous spoken language In their search for the basic units of spoken language the authors of this volume opt for a corpus driven approach They share a strong conviction that prosodic structure is essential for the study of spoken discourse and each bring their own theoretical and practical experience to the table In the first part of the book they segment spoken material from a range of different languages Russian Hebrew Central Pomo an indigenous language from California French Japanese Italian and Brazilian Portuguese In the second part of the book each author analyzes the same two spoken English samples but looking at them from different perspectives using different methods of analysis as reflected in their respective analyses in Part I This approach allows for common tendencies of segmentation to emerge both prosodic and segmental

The Oxford Handbook of Israeli Politics and Society Reuven Y. Hazan,Alan Dowty,Menachem Hofnung,Gideon Rahat,2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country s history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments **Israeli Constitutional Law in the Making**

Gideon Sapir,Daphne Barak-Erez,Aharon Barak,2013-10-31 In the domain of comparative constitutionalism Israeli constitutional law is a fascinating case study constituted of many dilemmas It is moving from the old British tradition of an unwritten constitution and no judicial review of legislation to fully fledged constitutionalism endorsing judicial review and based on the text of a series of basic laws At the same time it is struggling with major questions of identity in the context of Israel s constitutional vision of a Jewish and Democratic state Israeli Constitutional Law in the Making offers a comprehensive study of Israeli constitutional law in a systematic manner that moves from constitution making to specific areas of contestation including state religion relations national security social rights as well as structural questions of judicial review It features contributions by leading scholars of Israeli constitutional law with comparative comments by leading scholars of constitutional law from Europe and the United States *Concise Study of Basic Theology vol VI* Henry Epps,2012-08-30 concise study of basic theology vol VI talks about the true messiah of God who will save the world Man has destroyed all of god s goodness with poer money and sex but Jesus who knew no sin will restore the garden of eden and bring

the earth back into the will of God

Whispering the Strategies of Language: An Emotional Quest through **Israel Ii Beyond The Basics Beyond The Basics Israel Basics Volume**

In a digitally-driven earth wherever monitors reign great and instant communication drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within words frequently move unheard.
